AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Final rule.

SUMMARY: NMFS issues a final rule to revise the criteria for rural residents to participate in the subsistence fishery for Pacific halibut in waters in and off Alaska. This action is necessary to allow subsistence halibut fishing opportunities for rural residents who reside in locations outside the legal boundaries of specified communities and who were prohibited from participating in the subsistence halibut fishery by previous regulations. This action is intended to allow these inadvertently-excluded rural residents to participate in the subsistence halibut fishery and to support the conservation and management provisions of the Northern Pacific Halibut Act of 1982.

DATES: This rule is effective December 4, 2009.

ADDRESSES: Electronic copies of the Regulatory Impact Review (RIR) prepared for this action, and the environmental assessment (EA) prepared for the original subsistence halibut action (68 FR 18145; April 15, 2003) may be obtained from <http://www.regulations.gov> or from the Alaska

Region Web site at <http://www.alaskafisheries.noaa.gov>.

SUPPLEMENTARY INFORMATION:

Background

Management of the Pacific halibut (*Hippoglossus stenolepis*) (hereafter "halibut") fishery in and off Alaska is based on an international agreement between Canada and the United States. This agreement, entitled the "Convention between the United States of America and Canada for the Preservation of the Halibut Fishery of the Northern Pacific Ocean and Bering Sea" (Convention), was signed at Ottawa, Canada, on March 2, 1953, and amended by the "Protocol Amending the Convention," signed at Washington, D.C., March 29, 1979. The Convention, administered by the International Pacific Halibut Commission (IPHC), is given effect in the United States by the Northern Pacific Halibut Act of 1982 (Halibut Act).

The IPHC promulgates regulations pursuant to the Convention. The IPHC's regulations are subject to approval by the Secretary of State with concurrence from the Secretary of Commerce (Secretary). After approval by the Secretary of State and the Secretary, the IPHC regulations are published in the **Federal Register** as annual management measures pursuant to 50 CFR 300.62. NMFS published the IPHC's current annual management measures on March 19, 2009 (74 FR 11681).

The Halibut Act also authorizes the North Pacific Fishery Management Council (Council) to develop halibut fishery regulations, including limited access regulations, in its geographic area of concern that would apply to nationals or vessels of the United States (Halibut Act, section 773c(c)). Such an action by the Council is limited to only those regulations that are in addition to, and not in conflict with, IPHC regulations. Council-developed regulations must be approved and implemented by the Secretary. Any allocation of halibut fishing privileges must be fair and equitable and consistent with other
