

Nonprofits, and Venues Act, (Economic Aid Act), Public Law 116–260, Div. N, Title III, Sec. 323 (December 27, 2020), to provide additional Advances subject to certain conditions. Specifically, Section 331 of the Economic Aid Act requires SBA to provide Targeted EIDL Advances (Targeted EIDL Advance) to certain entities that previously received an EIDL Advance of less than \$10,000; entities that previously applied for a COVID–EIDL, but did not receive an EIDL Advance because there were no funds available; and to new COVID–EIDL applicants, subject to the availability of funds. Eligible entities must be located in a low-income community, must have 300 or fewer employees, must have economic losses of greater than 30 percent, and must meet all other eligibility requirements applicable to EIDLs.

This information collection, SBA Form 3514 was created to collect the information necessary to implement the Targeted EIDL Advance authority. The information is collected from applicants (small businesses and nonprofits) that meet the eligibility criteria, described above, to apply for a Targeted EIDL Advance. SBA's Office of Capital Access uses the information in determining whether to approve or disapprove the application.

Because of the urgent need to provide the additional financial assistance authorized by the Economic Aid Act, on January 15, 2021, SBA requested and received emergency approval under 5 CFR 1320.13 to use Form 3514. That approval, which included a waiver of the 60-day and 30-day public comment notices required by the Paperwork Reduction Act, expires on July 31, 2021. SBA published the 60-day notice on February 23, 2021, at 86 FR 11041; no comments were received.

Solicitation of Public Comments
