Announcement of the Intent To Award a Supplement to the Three Recipients of the Preferred Communities (PC) Program—Church World Service (CWS), U.S. Committee for Refugees and Immigrants (USCRI), and HIAS

AGENCY: Refugee Program, Office of Refugee Resettlement (ORR), Administration for Children and Families (ACF), Department of Health and Human Services (HHS).

ACTION: Notice of Issuance of a Supplement.

SUMMARY: The Office of Refugee Resettlement (ORR) announces the intent to award a supplement up to the amount of \$5,500,000 to be distributed among the three recipients of the Preferred Communities (PC) program that are implementing the Ms. L. Settlement Agreement to provide housing. The three recipients are Church World Service (CWS), U.S. Committee for Refugees and Immigrants (USCRI), and HIAS. The supplement is for the provision of housing assistance as specified by the settlement agreement for *Ms. L., et al. vs. U.S. Immigration and Customs Enforcement et al.* These three recipients have already begun implementing the services, and additional supplemental funding will assist in the ability to serve the number of clients estimated to seek services within the proposed period of performance.

DATES: The proposed period of performance is March 1, 2024 through September 29, 2024.

FOR FURTHER INFORMATION CONTACT: Anastasia Brown, Division Director, Refugee Services, Administration for Children and Families, Office of Refugee Resettlement, Mary E. Switzer Building, 330 C Street SW, Washington, DC 20201 Telephone: 202-401-4559, Email: anastasia.brown@acf.hhs.gov.

SUPPLEMENTARY INFORMATION: ORR has been designated and has agreed to provide the referenced housing assistance. Three recipients—Church World Service (CWS), U.S. Committee for Refugees and Immigrants (USCRI), and HIAS—decided to participate and

received supplemental funding to cover the costs of administration and provision of assistance.

To meet the terms of the Settlement Agreement, ORR will make housing assistance available to Ms. L. Settlement Class members, as determined necessary by a benefits administrator during a 12-month eligibility period. This may include assistance in locating housing; paying costs necessary to attain housing, such as a security deposit and first and last month's rent; and assistance to avoid eviction and meet other emergency housing needs during the 12-month eligibility period. Housing assistance will be for no more than a total of 6 months during the 12-month eligibility period absent extraordinary circumstances. ORR will work with Church World Service (CWS), US Committee for Refugees and Immigrants (USCRI), and HIAS to assign cases to each for housing assistance.

The recipients will employ benefit administrators, who will meet with each family (in person or virtually) and review the family's housing situation and budget. As needed, the family will be provided with rental assistance, assistance locating housing, and assistance in arrangements of deposits (typically first and last month's rent).

It is anticipated that to fully implement the Settlement Agreement, ORR will provide housing assistance through FY 2029.

ORR will supplement these three recipients for services for the remainder or FY 2024 and will provide additional supplemental funding for services in FY 2025 and FY 2026.

Administration for Children and Families

Submission for Office of Management and Budget (OMB) Review; Revisions to Two Information Collections: Medical Assessment Form and Dental Assessment Form (OMB #0970–0466) and Mental Health Assessment Form and Public Health Investigation Forms, Tuberculosis and Non-Tuberculosis Illness (OMB #0970–0509)

AGENCY: Office of Refugee Resettlement, Administration for Children and Families, U.S. Department of Health and Human Services.

ACTION: Request for public comments.

SUMMARY: The Administration for Children and Families (ACF) is proposing a change of the described potential uses of data for two information collections: Medical Assessment Form and Dental Assessment Form (OMB #: 0970–0466) and Mental Health Assessment Form and Public Health Investigation Forms, Tuberculosis and Non-Tuberculosis Illness (OMB: #0970–0509).

DATES: *Comments due* August 1, 2024. OMB has agreed to make a decision about the updates to these collections of information following a public comment period of 30 days. Therefore, a comment is best assured of having its full effect if ACF receives it within 30 days of publication.

ADDRESSES: You can obtain copies of the proposed changes and submit comments by emailing infocollection@acf.hhs.gov. Identify all requests by the title of the information collection.

SUPPLEMENTARY INFORMATION:

Description: The following two ORR information collections capture health data on children in ORR care:

- Medical Assessment Form and Dental Assessment Form
- Mental Health Assessment Form and Public Health Investigation Form:

Active TB, and Public Health Investigation Form: Non-TB Illness

The current description of purpose and use of the data collected states that confidential and sensitive health information will only be shared with external stakeholders (including other Federal agencies) for public health purposes (e.g., contact investigations to identify children exposed to a reportable infectious disease). However, ORR has identified a need to share the health data of specific unaccompanied children with the Department of Homeland Security (DHS) which falls outside of the stated limitations. The need to communicate with DHS occurs when a newly referred child arrives at an ORR facility ill or requires emergent/urgent healthcare services shortly after placement and ORR was not notified in advance. For DHS to investigate the event, ORR must share confidential and sensitive health information including the child's alien number, name, signs/symptoms, diagnoses, and date of diagnosis. The goal of this data sharing effort is to identify areas of potential improvement in delivery of healthcare services and continuity of care for children transferred from DHS to Health and Human Services custody.

Respondents: Healthcare providers (pediatricians, medical specialists, and dentists), mental health professionals (psychiatrists, psychiatric nurse practitioners or physician's assistants, licensed psychologist or any other community based licensed mental health provider (e.g., social worker), care provider program staff.
