## **Sunshine Act Meeting**

TIME AND DATE: Pursuant to the provisions of the "Government in the Sunshine Act" (5 U.S.C. 552b), notice is hereby given that at 1:49 p.m. on Tuesday, September 17, 2019, the Board of Directors of the Federal Deposit Insurance Corporation met in closed session to consider matters related to the Corporation's supervision, corporate, and resolution activities.

**PLACE:** The meeting was held in the Board Room located on the sixth floor of the FDIC Building located at 550 17th Street NW, Washington, DC.

**STATUS:** The meeting was closed to the public.

MATTERS CONSIDERED: In calling the meeting, the Board determined, on motion of Director Martin J. Gruenberg, seconded by Director Joseph M. Otting (Comptroller of the Currency), and concurred in by Kathleen L. Kraninger (Director, Consumer Financial Protection Bureau) and Chairman Jelena McWilliams, that Corporation business required its consideration of the matters which were to be the subject of this meeting on less than seven days' notice

to the public; that no earlier notice of the meeting was practicable; that the public interest did not require consideration of the matters in a meeting open to public observation; and that the matters could be considered in a closed meeting by authority of subsections (c)(2), (c)(4), (c)(6), (c)(8), (c)(9)(A)(ii), (c)(9)(B) and (c)(10) of the "Government in the Sunshine Act" (5 U.S.C. 552b(c)(2), (c)(4), (c)(6), (c)(8), (c)(9)(A)(ii), (c)(9)(B) and (c)(10).

# **CONTACT PERSON FOR MORE INFORMATION:** Requests for further information concerning the meeting may be directed to Robert E. Feldman, Executive Secretary of the Corporation, at 202–898–7043.

Dated at Washington, DC, on September 17, 2019.

Federal Deposit Insurance Corporation. **Robert E. Feldman**,

Executive Secretary.

General Description of Collection: The Board of Governors of the Federal Reserve System promulgated Regulation C, 12 CFR part 203, to implement the Home Mortgage Disclosure Act (HMDA), 12 U.S.C. 2801–2810. Regulation C requires depository institutions that meet its asset-size threshold to maintain data about home loan applications (the type of loan requested, the purpose of the loan, whether the loan was approved, and the type of purchaser if the loan was later sold), to update the information quarterly, and to report the information annually. The Home Mortgage Disclosure Act and Regulation C now come under the authority of the Consumer Financial Protection Bureau

Pursuant to Regulation C, insured state-nonmember banks supervised by the FDIC with assets over a certain dollar threshold must collect, record, and report data about home loan applications.<sup>3</sup> For 2017 transactions,

1,865 FDIC-supervised institutions reported under HMDA; 1,217 of these institutions were small entities.45 For transactions beginning in 2018, the set of data fields to be reported under HMDA was expanded. Institutions that meet certain criteria are partially exempt from reporting certain data fields.<sup>6</sup> To estimate the number of Full and Partial filers for 2018, subject matter experts (SMEs) in the Division of Consumer Protection (DCP) examined 2016 and 2017 data collected under HMDA, as well as preliminary data for 2018. Results from this analysis indicate that for 2018 data, there were roughly 650 and 1,200 respondents to the Full and Partial reporting requirements of this information collection, respectively. The frequency of responses was estimated by taking the total number of Full and Partial disclosure filings and dividing that number by the number of respondents.<sup>7</sup>

The frequency of response is 'on occasion', which remains unchanged from the 2016 ICR.<sup>8</sup> Due to an increase in the number of required items, the estimated time per response for the Full Data loan disclosure form will increase from 5 minutes to 10 minutes. The estimated time per response for the Partial Data loan disclosure form will remain unchanged at 5 minutes. For both the Full and Partial loan disclosure, the estimated burden is divided equally among reporting and recordkeeping.

2. *Title:* External Audits.

OMB Control Number: 3064–0113.

Form Number: None.

Affected Public: All insured financial institutions with total assets of \$500 million or more and other insured financial institutions with total assets of less than \$500 million that voluntarily choose to comply.

General Description of Collection: FDIC's regulations at 12 CFR part 363 establish annual independent audit and reporting requirements for financial institutions with total assets of \$500 million or more. The requirements include the submission of an annual report on their financial statements,

recordkeeping about management deliberations regarding external auditing and reports about changes in auditors. The information collected is used to facilitate early identification of problems in financial management at financial institutions.

Section I—Disclosures Regarding Investors and Entities in Ownership Chain.	Reporting	Mandatory	3	4	4	On Occasion	48
Total Estimated Annual Burden Hours							144

General Description of Collection: The FDIC's policy statement on Qualifications for Failed Bank Acquisitions provides guidance to private capital investors interested in acquiring or investing in failed insured depository institutions regarding the terms and conditions for such investments or acquisitions. The information collected pursuant to the policy statement allows the FDIC to evaluate, among other things, whether such investors (and their related interests) could negatively impact the Deposit Insurance Fund, increase resolution costs, or operate in a manner that conflict with statutory safety and

soundness principles and compliance requirements.

There were eight (8) bank failures in 2015, five (5) failures in 2016, eight (8) failures in 2017, and zero bank failures in 2018 and one in the first eight months of 2019. This is an average of fewer than 5 bank failures per year. Based on this recent data, the declining trend in failures, and the improvement in bank financial conditions, the FDIC believes that it is appropriate to reduce the expected number of respondents for Sections D and I from 10 per year to 3 while keeping the expected number of respondents at 3 per year for Section E.

The estimated total number of hours per respondent, per year will remain unchanged at 48 hours. The 48 hours is comprised of 12 monthly reports of two hours each for Section D, four quarterly reports of two hours each for Section E, and four quarterly reports of four hours each for Section I. Thus the total estimated annual burden for the ICR is 144 hours as reflected in the table above This represents a reduction of 280 hours from the 2016 estimate of 424 hours.

4. *Title:* Funding and Liquidity Risk Management.

OMB Control Number: 3064–0174.

Form Number: None.

Affected Public: Businesses or other for-profits.

#### SUMMARY OF ANNUAL BURDEN

Information collection (IC) description	Type of burden	Obligation to respond	Estimated number of respondents	Estimated number of responses	Estimated time per response (hours)	Frequency of response	Total estimated annual burden (hours)

Total Estimated Annual Burden Hours							501,552

General Description of Collection: The information collection includes reporting and recordkeeping requirements related to sound risk management principles applicable to insured depository institutions. To enable an institution and its supervisor to evaluate the liquidity risk exposure of an institution's individual business lines and for the institution as a whole, the Interagency Policy Statement on Funding and Liquidity Risk Management (Interagency Statement) summarizes principles of sound

liquidity risk management and advocates the establishment of policies and procedures that consider liquidity costs, benefits, and risks in strategic planning. In addition, the Interagency Statement encourages the use of liquidity risk reports that provide detailed and aggregate information on items such as cash flow gaps, cash flow projections, assumptions used in cash flow projections, asset and funding concentrations, funding availability, and early warning or risk indicators. This is intended to enable management to

assess an institution's sensitivity to changes in market conditions, the institution's financial performance, and other important risk factors.

# SUMMARY OF ANNUAL BURDEN—Continued

General Description of Collection: The Interagency Guidance on Leveraged Lending (Guidance) outlines for agency-supervised institutions high level principles related to safe-and sound leveraged lending activities, including underwriting considerations, assessing and documenting enterprise value, risk management expectations for credits awaiting distribution, stress testing expectations, pipeline portfolio management, and risk management expectations for exposures held by the institution.

Total Estimated Annual Burden Hours ...

This Guidance provides information to all financial institutions supervised by the Office of the Comptroller of the Currency, the Board of Governors of the Federal Reserve System and the FDIC (the Agencies) that engage in leveraged lending activities. The number of community banks with substantial involvement in leveraged lending is small; therefore, the Agencies generally expect community banks to be largely unaffected by this information collection. There is no change in the method or substance of the collection. The overall reduction in burden hours is the result of economic fluctuation. In particular, the number of respondents has decreased while the hours per response and frequency of responses have remained the same.

#### Request for Comment

Comments are invited on: (a) Whether the collection of information is necessary for the proper performance of the FDIC's functions, including whether the information has practical utility; (b) the accuracy of the estimates of the burden of the information collection, including the validity of the methodology and assumptions used; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or other forms of information technology. All comments will become a matter of public record.
