*Title:* United States Warehouse Act (USWA).

*OMB Control Number:* 0581–0305.

*Summary of Collection:* AMS is responsible, as required by the USWA, 7 U.S.C. 869 *et seq.*, to license public warehouse operators that are in the business of storing agricultural products, to examine such federally licensed warehouses and to license qualified persons to sample, inspect, weigh, and classify agricultural products. AMS licenses under the USWA cover approximately half of all commercial grain and cotton warehouse capacities in the United States. The regulations that implement the USWA govern the establishment and maintenance of systems under which documents, including documents of title on shipment, payment, and financing, may be issued, or transferred for agricultural products. Some of these systems and documents issued may be electronic. The regulations are found at 7 CFR 869 *et seq.*

*Need and Use of the Information:*

This information collection allows AMS to effectively administer the regulations, licensing, and electronic provider agreements and related reporting and recordkeeping requirements as specified in the USWA.

### Agricultural Marketing Service

*Title:* *FarmerFairness.gov* USDA/DOJ Complaint Web Portal.

*OMB Control Number:* 0581–0333.

*Summary of Collection:* The P&S Act and the regulations issued under the P&S Act authorize the collection of information for the purpose of enforcing the P&S Act and regulations and for conducting studies requested by Congress. The laws and regulations relating to competition in the meat and poultry industries confer separate and overlapping jurisdiction to the U.S. Department of Agriculture and the U.S.

Department of Justice. Farmers, ranchers, and other interested persons may not be aware of this and may not know to whom or how to file a complaint or tip if they suspect a violation of those laws or regulations. This joint complaint portal allows those farmers, ranchers and interested persons to go to one website to submit information and USDA and DOJ will determine the appropriate jurisdiction and any follow up actions.

*Need and Use of the Information:*

This information collection is necessary for PSD and DOJ to monitor and examine complaints regarding financial, competitive, and trade practices in the livestock, meat packing and poultry industries.

*Description of Respondents:* State, Local, and Tribal Governments.

*Number of Respondents:* 110.

*Frequency of Responses:* Reporting: Annually.
