

The information collection is based on the DoD contractor's internal assessment and determination that cyber information should be shared with DoD. Once the defense contractor determines that a report will be valuable to the community, they submit a cyber-incident report using the Incident Collection Format (ICF) that can be accessed via the web portal (<https://dibnet.dod.mil>).

DoD established this portal as the single reporting site for cyber incident information, whether mandatory or voluntary. A defense contractor selects the "Report a Cyber Incident" button. The defense contractor will then be prompted for their DoD-approved medium assurance certificate to gain access to the ICF. The contractor is then directed to a Privacy Act Statement web page that clearly states all cyber incident reports are stored in accordance with the DIB CS Activities System of Record Notice. Contractors are then allowed to access the ICF and input data. Once a defense contractor completes the ICF, they are given a preview of the ICF to ensure that all the information they are providing is correct. After verifying the information is correct, the defense contractor will then click the "submit" button. A reporting submission ID number is provided when the report is submitted. DoD uses this number to track the report and actions related to the report.

The report is analyzed by cyber threat experts at DC3 and they, in turn, develop written products that include analysis of the threat, mitigations, and indicators of adversary activity. These anonymized products are shared with authorized DoD personnel, other Federal agencies and designated points of contact in defense companies participating in the DIB CS Program. The products developed by DC3 do not contain company attribution, proprietary or personal information, but are vital to improving network security within the Government and the DIB.

ADDRESSES: The address of the closed meetings is 1 University Circle, Monterey, CA 93943.

FOR FURTHER INFORMATION CONTACT: Ms. Elizabeth J. Kowalski, Designated Federal Officer (DFO): (703) 571-0081 (Voice), (703) 697-1860 (Facsimile), elizabeth.j.kowalski.civ@mail.mil, (Email) Mailing address is Defense Science Board, 3140 Defense Pentagon, Washington, DC 20301-3140. Website: <http://www.acq.osd.mil/dsb/>. The most up-to-date changes to the meeting agenda can be found on the website.

SUPPLEMENTARY INFORMATION: This meeting is being held under the provisions of chapter 10 of title 5, United States Code (U.S.C.) (commonly known as the "Federal Advisory Committee Act" or "FACA"); section 552b(c) of title 5, U.S.C.; and sections 102-3.140 and 102-3.150 of title 41, Code of Federal Regulations (CFR).

Purpose of the Meeting: The mission of the DSB is to provide independent advice and recommendations on matters relating to the DoD's scientific and technical enterprise. The objective of the meeting is to obtain, review, and evaluate classified information related to the DSB's mission. The DSB will discuss the 2024 DSB Summer Study on Advanced Capabilities for Potential Future Conflict and classified strategies for continued development of symmetric and asymmetric capabilities.

Agenda: The meeting will begin on Monday, August 26, 2024 at 8:00 a.m. DSB DFO Executive Director, Elizabeth

Kowalski, will provide brief administrative remarks. Dr. Eric Evans, DSB Chair, will provide opening remarks and a classified overview of the objectives of the 2024 Summer Study on Advanced Capabilities for Potential Future Conflict. Next, Dr. David Honey, Deputy Under Secretary of Defense for Research and Engineering (DUSD(R&E)), will provide remarks regarding the objectives of the 2024 Summer Study on Advanced Capabilities for Potential Future Conflict. Next, the DSB will conduct a dry run of the current summary of findings on the development of symmetric and asymmetric capabilities that will characterize future conflicts. Following a break, members will discuss classified strategies that best enable DoD's continued development of symmetric and asymmetric capabilities that will characterize future conflicts. The session will adjourn at 4:30 p.m. The meeting will continue Tuesday, August 27, 2024, at 8:00 a.m. The DSB will discuss classified strategies that best enable DoD's continued development of symmetric and asymmetric capabilities that will characterize future conflicts, with a break midday. The session will adjourn at 4:30 p.m. On Wednesday, August 28, 2024 at 8:00 a.m., the DSB will proceed through a dry run of the current summary of findings on the development of symmetric and asymmetric capabilities that will characterize future conflicts. Following a break, members will discuss classified strategies that best enable DoD's continued development of symmetric and asymmetric capabilities that will characterize future conflicts. The session will adjourn at 4:30 p.m. On Thursday, August 29, 2024, at 8:00 a.m., the DSB will discuss classified strategies that best enable DoD's continued development of symmetric and asymmetric capabilities that will characterize future conflicts, with a break midday. The session will adjourn at 4:30 p.m. On the final day, Friday, August 30, 2024, the meeting will begin at 8:00 a.m. The DSB will proceed through a Dry Run of the current summary of findings on the development of symmetric and asymmetric capabilities that will characterize future conflicts. Members will deliberate and vote on the finalized product. The meeting will adjourn at 12:00 p.m.

Meeting Accessibility: In accordance with section 1009(d) of title 5, U.S.C. and section 102-3.155 of title 41 CFR, the DoD has determined that the DSB meeting will be closed to the public. Specifically, the DUSD(R&E), in

consultation with the DoD Office of the General Counsel, has determined in writing that the meeting will be closed to the public because it will consider matters covered by section 552b(c)(1) of title 5, U.S.C. The determination is based on the consideration that it is expected that discussions throughout will involve classified matters of national security concern. Such classified material is so intertwined with the unclassified material that it cannot reasonably be segregated into separate discussions without defeating the effectiveness and meaning of the overall meeting. To permit the meeting to be open to the public would preclude discussion of such matters and would greatly diminish the ultimate utility of the DSB's findings and recommendations to the Secretary of Defense and to the DUSD(R&E).

Written Statements: In accordance with section 1009(a)(3) of title 5, U.S.C. and sections 102–3.105(j) and 102–3.140 of title 41, CFR, interested persons may submit a written statement for consideration by the DSB at any time regarding its mission or in response to

the stated agenda of a planned meeting. Individuals submitting a written statement must submit their statement to the DSB DFO at the email address provided above in the **FOR FURTHER INFORMATION CONTACT** section at any point; however, if a written statement is not received at least three calendar days prior to a meeting, which is the subject of this notice, then it may not be provided to or considered by the DSB until a later date.
