

continue to assign a dumping margin of 115.11 percent as the all-others rate for this final determination.

Final Determination

The final estimated weighted-average dumping margins are as follows:

Exporter/producer	Estimated weighted-average dumping margin (percent)
Mitsui Chemicals, Inc .....	* 127.69
All Others .....	115.11

\* Rate is based on facts available with adverse inferences.

Disclosure

Normally, Commerce will disclose to the parties in a proceeding the calculations performed in connection with a final determination within five days of any public announcement or, if there is no public announcement, within five days of the date of publication of the notice of final determination in the **Federal Register**, in accordance with 19 CFR 351.224(b). However, because Commerce received no comments on the *Preliminary Determination*, it is adopting the *Preliminary Determination* as the final determination in this investigation. Consequently, there are no new calculations to disclose.

Suspension of Liquidation

In accordance with section 735(c)(4) of the Act, Commerce will instruct U.S. Customs and Border Protection (CBP) to continue to suspend liquidation of subject merchandise, as described in the appendix to this notice, entered, or withdrawn from warehouse, for consumption, on or after June 26, 2024, which is 90 days prior to the date of publication of the affirmative *Preliminary Determination* in the **Federal Register**.

Pursuant to section 735(c)(1)(B)(ii) of the Act and 19 CFR 351.210(d), where appropriate, Commerce will instruct CBP to require a cash deposit equal to the estimated weighted-average dumping margin or the estimated all-others rate as follows: (1) the cash deposit rate for the respondent listed above will be equal to the company-specific estimated weighted-average dumping margins determined in this final determination; (2) if the exporter is not a respondent identified above, but the producer is, then the cash deposit rate will be equal to the company-specific estimated weighted-average dumping margin established for that producer of the subject merchandise;

and (3) the cash deposit rate for all other producers and exporters will be equal to the all others estimated weighted-average dumping margin. These suspension of liquidation instructions will remain in effect until further notice.

U.S. International Trade Commission (ITC) Notification

In accordance with section 735(d) of the Act, we will notify the ITC of the final affirmative determination of sales at LTFV. Because Commerce’s final determination is affirmative, in accordance with section 735(b)(2) of the Act, the ITC will make its final determination as to whether the domestic industry in the United States is materially injured, or threatened with material injury, by reason of imports or sales (or the likelihood of sales) for importation of melamine from Japan no later than 45 days after this final determination. If the ITC determines that such injury does not exist, this proceeding will be terminated, and all cash deposits will be refunded, and suspension of liquidation will be lifted. If the ITC determines that material injury, or the threat of material injury, exists, Commerce will issue an antidumping order directing CBP to assess, upon further instruction by Commerce, antidumping duties on all imports of the subject merchandise entered, or withdrawn from warehouse, for consumption on or after the effective date of the suspension of liquidation as discussed above in the “Suspension of Liquidation” section.

Administrative Protective Order (APO)

This notice serves as the only reminder to parties subject to an APO of their responsibility concerning the disposition of proprietary information disclosed under APO in accordance with 19 CFR 351.305(a)(3). Timely written notification of the return or destruction of APO materials or conversion to judicial protective order is hereby requested. Failure to comply with the regulations and the terms of an APO is a sanctionable violation.

Notification to Interested Parties

This determination and this notice are issued and published pursuant to sections 735(d) and 777(i)(1) of the Act, and 19 CFR 351.210(c).

Dated: December 2, 2024.  
**Abdelali Elouaradia,**  
*Deputy Assistant Secretary for Enforcement and Compliance.*

Appendix

Scope of the Investigation

The merchandise subject to this investigation is melamine (Chemical

Abstracts Service (CAS) registry number 108–78–01, molecular formula C<sub>3</sub> H<sub>6</sub> N<sub>6</sub>). Melamine is also known as 2,4,6-triamino-1,3,5-Triazine-2,4,6- triamine; Cyanurotriamide; Cyanurotriamine; Cyanuramide; and by various brand names. Melamine is a crystalline powder or granule. All melamine is covered by the scope of this investigation irrespective of purity, particle size, or physical form. Melamine that has been blended with other products is included within this scope when such blends include constituent parts that have been intermingled, but that have not been chemically reacted with each other to produce a different product. For such blends, only the melamine component of the mixture is covered by the scope of this investigation. Melamine that is otherwise subject to this investigation is not excluded when commingled with melamine from sources not subject to this investigation. Only the subject component of such commingled products is covered by the scope of this investigation. The subject merchandise is provided for in subheading 2933.61.0000 of the Harmonized Tariff Schedule of the United States (HTSUS). Although the HTSUS subheading and CAS registry number are provided for convenience and customs purposes, the written description of the scope is dispositive.

DEPARTMENT OF DEFENSE

Department of the Air Force

[AFD–2200]

Notice of Intent To Grant a Joint Ownership Agreement With an Exclusive Patent License

**AGENCY:** Department of the Air Force, Department of Defense.  
**ACTION:** Notice of intent.

**SUMMARY:** Pursuant to the Bayh-Dole Act and implementing regulations, the Department of the Air Force hereby gives notice of its intent to grant a joint ownership agreement with an Exclusive Patent License to The Board of Trustees of the University of Alabama, for and on behalf of The University of Alabama in Huntsville having a place of business at 301 Sparkman Drive NW, Huntsville, AL 35899.

**DATES:** Written objections must be filed no later than fifteen (15) calendar days after the date of publication of this Notice.

**ADDRESSES:** Submit written objections to William Loux, AFRL/RWPB, 101 West Eglin Boulevard, Eglin AFB, FL 32542; Phone: (850) 882–3920; or Email: [afrl.rw.techtransfer@us.af.mil](mailto:afrl.rw.techtransfer@us.af.mil). Include Docket No. AFD–2200 in the subject line of the message.

**FOR FURTHER INFORMATION CONTACT:** William Loux, AFRL/RWPB, 101 West Eglin Boulevard, Eglin AFB, FL 32542; phone: (850) 882-3920; or email: [afrl.rw.techtransfer@us.af.mil](mailto:afrl.rw.techtransfer@us.af.mil).

**SUPPLEMENTARY INFORMATION:**

*Abstract of patent application(s):* An image processing system receives a digital image and analyzes the digital image to determine a resolution limit, referred to herein as “feature resolution,” for measuring a metric for features of the image within an acceptable margin of error. Specifically, the system segments a digital image and calculates the error associated with the segmented data when features within a certain range a measured metric (e.g., size range) are removed from the segmented data. This analysis can be repeatedly performed with different cutoff values for the metric until at least a threshold amount of error is reached, thereby indicating a resolution limit at the boundary of an acceptable amount of error.

*Intellectual property:* U.S. Application No. 17/671,527, filed on February 14, 2022, and entitled “*Systems and Methods for Determining Feature Resolution of Image Data.*”

The Department of the Air Force may grant the prospective license unless a timely objection is received that sufficiently shows the grant of the license would be inconsistent with the Bayh-Dole Act or implementing regulations. A competing application for a patent license agreement, completed in compliance with 37 CFR 404.8 and received by the Air Force within the period for timely objections, will be treated as an objection and may be considered as an alternative to the proposed license.

*Authority:* 35 U.S.C. 209; 37 CFR part 404.

**Tommy W. Lee,**  
Acting Air Force Federal Register Liaison  
Officer.

**DEPARTMENT OF ENERGY**

**Federal Energy Regulatory  
Commission**

[Project No. 2411-030]

**Eagle Creek Schoolfield, LLC, City of  
Danville; Notice of Intent To Prepare an  
Environmental Assessment**

On July 29, 2022, Eagle Creek Schoolfield and the City of Danville filed a relicense application for the 4.5-megawatt Schoolfield Hydroelectric

Project No. 2411. The project is located on the Dan River in Pittsylvania County near the City of Danville, Virginia.

In accordance with the Commission’s regulations, on September 19, 2024, Commission staff issued a notice that the project was ready for environmental analysis (REA Notice). Based on the information in the record, including comments filed on the REA Notice, staff does not anticipate that licensing the project would constitute a major Federal action significantly affecting the quality of the human environment. Therefore, staff intends to prepare an Environmental Assessment (EA) on the application to relicense the project.<sup>1</sup>

The EA will be issued and circulated for review by all interested parties. All comments filed on the EA will be analyzed by staff and considered in the Commission’s final licensing decision.

The Commission’s Office of Public Participation (OPP) supports meaningful public engagement and participation in Commission proceedings. OPP can help members of the public, including landowners, environmental justice communities, Tribal members, and others, access publicly available information and navigate Commission processes. For public inquiries and assistance with making filings such as interventions, comments, or requests for rehearing, the public is encouraged to contact OPP at (202) 502-6595 or [OPP@ferc.gov](mailto:OPP@ferc.gov).

The application will be processed according to the following schedule. The EA will be issued for a 30-day comment period. Revisions to the schedule may be made as appropriate.

Milestone	Target date
Commission issues EA.	December 2, 2025.

Any questions regarding this notice may be directed to Claire Rozdilski at (202) 502-8259 or [claire.rozdilski@ferc.gov](mailto:claire.rozdilski@ferc.gov).

Dated: December 3, 2024.
