DEPARTMENT OF THE INTERIOR**Privacy Act of 1974; Amendments to Existing Systems of Records**

AGENCY: Office of Surface Mining
Reclamation and Enforcement.

ACTION: Proposed amendment of
existing Privacy Act systems of records.

SUMMARY: In accordance with the Privacy Act of 1974 (5 U.S.C. 552a), the Office of Surface Mining Reclamation and Enforcement, Department of the Interior, is issuing public notice of its intent to amend 2 existing Privacy Act system of records notices to add a new routine use to authorize the disclosure of records to individuals involved in responding to a breach of Federal data.

DATES: Comments must be received by September 15, 2008.

ADDRESSES: Any persons interested in commenting on these proposed amendments may do so by submitting comments in writing to the Office of Chief Information Officer, Willie Chism, Office of Surface Mining and Reclamation, U.S. Department of the Interior, 1951 Constitution Avenue, NW., Washington, DC 20240, or by e-mail to wchism@osmre.gov.

FOR FURTHER INFORMATION CONTACT: Office of the Chief Information Officer, Office of Surface Mining, 1951 Constitution Avenue, NW., Washington, DC 20240.

SUPPLEMENTARY INFORMATION: On May 22, 2007, in a memorandum for the heads of Executive Departments and Agencies entitled "Safeguarding Against and Responding to the Breach of Personally Identifiable Information," the Office of Management and Budget directed agencies to develop and publish a routine use for disclosure of information in connection with response and remedial efforts in the event of a data breach. This routine use will serve to protect the interest of the individuals whose information is at issue by allowing agencies to take appropriate steps to facilitate a timely and effective response to the breach, thereby improving its ability to prevent, minimize or remedy any harm resulting from a compromise of data maintained in its systems of records. Accordingly, the Director, Office of Surface Mining, is proposing to add a new routine use to authorize disclosure to appropriate agencies, entities, and persons, of information maintained in the following systems in the event of a data breach. These amendments will be effective as proposed at the end of the comment period unless comments are received which would require a contrary determination. The Department will publish a revised notice if changes are made based upon a review of comments received.

Dated: July 29, 2008.

Douglas Wink,

*Acting Chief Information Officer, Office of
Surface Mining and Reclamation.*
