

is the source agency, *i.e.*, the activity disclosing the records for the purpose of the match. The DMDC is the specific recipient activity or matching agency, *i.e.*, the agency that actually performs the computer matching.

B. Purpose of the Match: The Social Security Act requires SSA to verify, with independent or collateral sources, information provided to SSA by recipients of SSI payments and beneficiaries of SVB benefits. The SSI and SVB recipient/beneficiaries provides information about eligibility/entitlement factors and other relevant information. SSA obtains additional information as necessary before making any determinations of eligibility/payment or entitlement/benefit amounts or adjustments thereto. With respect to military retirement payments to SSI recipients and SVB beneficiaries who are retired members of the Uniformed Services or their survivors, SSA proposes to accomplish this task by computer matching with the DOD.

C. Authority for Conducting the Match: This CMA is executed to comply with the Privacy Act of 1974 (section 552a of title 5 United States Code (U.S.C.), as amended, (as amended by Public Law (Pub. L.) 100–503, the Computer Matching and Privacy Protection Circular A–130, titled “Management of Federal Information Resources” at 61 **Federal Register** (FR) 6435, February 20, 1996 and OMB guidelines pertaining to computer matching at 54 FR 25818, June 1989. The legal authority for this exchange is sections 806(b) and 1631(e)(1)(B)(f) of the Act (42 U.S.C. 1006(b) and 1383(e)(1)(B)(f)). SSA’s legal authority to disclose data to DoD/Defense Manpower Data Center (DMDC) is section 1106(a) of the Act (42 U.S.C. 1306(a)) and the Privacy Act (5 U.S.C. 552a(b)(3)).

D. Records To Be Matched: The systems of records maintained by the respective agencies under the Privacy Act of 1974, as amended, 5 U.S.C. 552a, from which records will be disclosed for the purpose of this computer match are as follows:

SSA will use records from a system of records identified as 60–0103, entitled “Supplemental Security Income Record and Special Veterans Benefits, SSA/ODSSIS,” last published in the **Federal Register** at 71 FR 1830, January 11, 2006. Disclosure of data will be pursuant to Routine Use (RU) number 3 and 19.

DoD will use the system of records identified as DMDC 01, entitled, “Defense Manpower Data Center Data Base”, published 74 FR 39666 (August 17, 2009). Disclosure of DMDC data will be pursuant to Routine Use Number 5b.

E. Description of Computer Matching Program: SSA, as the source agency, will provide DMDC with an electronic file which contains the data elements. Upon receipt of the electronic file, DMDC, as the recipient agency, will perform a computer match using all nine digits of the SSN of the SSI/SVB file against a DMDC database which contains the data elements. The DMDC database consists of extracts of personnel and pay records of retired members of the uniformed services or their survivors. The “hits” or matches will be furnished to SSA. SSA is responsible for verifying and determining that the data on the DMDC electronic reply file are consistent with the SSA source file and resolving any discrepancies or inconsistencies on an individual basis. SSA will also be responsible for making final determinations as to eligibility for/entitlement to, or amount of payments/benefits, their continuation or needed adjustments, or any recovery of overpayments as a result of the match.

1. The electronic file provided by SSA will contain approximately 9.5 million records extracted from the SSR/SVB.

2. The electronic DMDC database contains records on approximately 2.4 million retired uniformed service members or their survivors.

F. Inclusive Dates of the Matching Program: This computer matching program is subject to public comment and review by Congress and the Office of Management and Budget. If the mandatory 30 day period for comment has expired and no comments are received and if no objections are raised by either Congress or the Office of Management and Budget within 40 days of being notified of the proposed match, the computer matching program becomes effective and the respective agencies may begin the exchange at a mutually agreeable time and thereafter on a quarterly basis. By agreement between SSA and DMDC, the matching program will be in effect for 18 months with an option to renew for 12 additional months unless one of the parties to the agreement advises the other by written request to terminate or modify the agreement.

G. Address for Receipt of Public Comments or Inquiries: Director, Defense Privacy Office, 1901 South Bell Street, Suite 920, Arlington, VA 22202–4512. Telephone (703) 607–2943.
