

Inclusive Energy Sector Workforce Activity.

- *Energy Skills for the Future*

Activity: This activity aims to establish new technical training programs and builds on existing programs to provide the skills demanded by employers in the energy and adjacent sectors, aiming to facilitate the Government of Kosovo's energy transition and increasing women's participation in such programs.

- *Inclusive Energy Sector Workforce*

Activity: This activity aims to incentivize gender equitable practices among energy sector employers, support networking, training, and mentoring

opportunities for women, and provide technical assistance to help increase female representation in energy companies in Kosovo.

3. *ACFD Project:* The objective of the ACFD Project is to facilitate complementary DFC investments in Kosovo. The project aims to leverage DFC's financing to support one or more blended finance transaction(s) that will catalyze private investment in Kosovo that could include (1) complementing MCC's funding to deliver a public private partnership focused transaction for energy storage in lieu of a public entity for the MFES Activity; (2) leveraging private sector participation to

scale a successful energy storage public entity launch via additional private sector delivered storage systems and services (*i.e.*, additionally leased energy storage capacity); and (3) catalyzing complementary renewable energy investments that bolster generation capacity and strengthen the energy storage entity business case.
