**SMALL BUSINESS ADMINISTRATION**

**Small Business Information Security Task Force**

**AGENCY:** U.S. Small Business Administration.

**ACTION:** Notice of meeting minutes.

**SUMMARY:** The SBA is issuing this notice to publish meeting minutes for the Small Business Information Security Task Force Meeting.

**DATES:** 1 p.m., Wednesday, December 8, 2010.

**ADDRESSES:** The meeting was held via teleconference.

**SUPPLEMENTARY INFORMATION:** Pursuant to section 507(i)(4)(A) of the Credit Card

Accountability Responsibility and Disclosure Act of 2009, SBA submits the meeting minutes for the third meeting of the Small Business Information Security Task Force. Chairman, Rusty Pickens, called the meeting to order on December 8, 2010 at 1 p.m. Roll call was taken and a quorum was established. Mr. Pickens reported on developments since the last meeting, noting first that comments received on the draft work plan had been incorporated to add new subject areas for academics and technology. Also, Mr. Erdle had prepared a one page document describing available technical certifications for small businesses that he provided to Mr. Pickens as a starting point for collating data on security certification and training. Mr. Pickens undertook to provide the document to the group in advance of the next meeting for review and discussion at the meeting. Subsequently, Mr. Pickens reported on his telephone conversation with Mr. Bob Russo of the PCI Security Standards Council (PCI SSC) to explore the possibility of having Mr. Russo brief the Task Force on the Council's work, and of having the PCI SSC conduct a webinar for the Task Force in the Spring of 2011 on credit card security issues for small businesses. The group then engaged in an open discussion regarding the collection and organization of the data to be included in the Task Force report. Additional subject areas were proposed for potential inclusion, such as government contracting security requirements, protection of customer privacy, and security certification and training applicable to both small business employees and contractors.

Ms. Marx noted that as the Task Force objective originated from the Credit Card Act, a useful starting point for reviewing information available to assist small merchants would be the Payment Card Industry Security Standards, which lay out the requirements for protecting credit card data. The group endorsed Mr. Pickens' proposal for a PCI Standards briefing and webinar; in addition, Ms. Marx offered to provide the group with a link to the PCI SSC's recently launched small business website dedicated to online credit card security.

Before concluding the meeting, the group discussed next steps in organizing the work plan. Mr. Pickens asked for volunteers to adopt each of the broad subject matter categories already identified by the group and to flesh them out with more detail for review at the next meeting. Members duly volunteered for certain identified subject areas and Mr. Pickens agreed to suggest other members to accept

<sup>4</sup> 17 CFR 200.30-3(a)(27).

responsibility for the remaining areas at a later date.

The next meeting date was determined before the meeting was adjourned at 1:49 p.m.

1. *Statement Regarding the Inferred Death of an Individual by Reason of Continued and Unexplained Absence—20 CFR 404.720-721—0960-0002. Section 202(d)-(i) of the Social Security Act (Act)* provides for the payment of various monthly survivor benefits and a lump sum death payment to certain survivors upon the death of an individual who dies while fully or currently insured. In cases where insured wage earners have been absent from their homes for at least seven years, and there is no evidence these individuals are alive, SSA may presume they are deceased and pay their survivors the appropriate benefits. SSA uses the information from Form SSA-723 to determine if we may presume a missing wage earner is deceased, and if so, establish a date of presumed death. The respondents are relatives, friends, neighbors, or acquaintances of the presumed deceased wage earner or the person who is filing for survivors benefits.

*Type of Request:* Revision of an OMB-approved information collection.

*Number of Respondents:* 3,000.

*Average Burden per Response:* 30 minutes.

*Estimated Annual Burden:* 1,500 hours.

Section 1631(d)(2) of the Act* allows SSA to collect information to determine the eligibility of an applicant's claim for Supplemental Security Income (SSI) payments. Parents or legal guardians seeking to obtain or retain SSI eligibility for their children use Form SSA-3881-BK to provide SSA with the addresses of non-medical sources such as schools, counselors, agencies, organizations, or therapists who would have information about a child's functioning. SSA uses this information to help determine a child's claim or continuing eligibility for SSI. The respondents are applicants who appeal SSI childhood disability decisions or recipients undergoing a continuing disability review.

Beneficiaries and SSI recipients often require POI to obtain housing, food stamps, or other public services. After verifying the requestor's identity, SSA uses the information from BEVE to provide the POI statement. The respondents are Social Security beneficiaries, Medicare beneficiaries, and SSI recipients.
