Comments

An emergency 30-day Notice requesting public comment was published in the **Federal Register** on August 24, 2021 at Vol. 86: 47301. This comment period ended September 24, 2021. Twelve public comments were received on this Notice. AmeriCorps grouped the comments around issues raised and addressed them to the full extent possible in this revised information collection. Most of the comments focused on the data collection approach and tool, timeline for the data collection, usage of the data, safeguarding of data, assessment of burden, and organizational capacity to complete the tool. For comments related to revisions to the collection timeline, AmeriCorps has not made a change, as it aims to create a baseline through this first data collection and therefore the most comprehensive and efficient time to collect is during the application process. In terms of questions related to data usage, AmeriCorps has refined the sections of the tool on purpose and usage of data. In terms of questions related to safeguarding, AmeriCorps updated language in the tool to confirm that it will be collecting data in the aggregate. The information requested does not include any types of personally identifiable information, and other than lawfully authorized requests, the information will not otherwise be disclosed to entities outside of AmeriCorps. For comments related to the assessment of burden for information collection, AmeriCorps estimated that the burden of entering
