

BURDEN TABLE—Continued

Citation 30 CFR 250 subpart S	Reporting and recordkeeping requirement +	Hour burden	Average number of annual responses	Additional annual burden hours (rounded)
			\$5,220,000 Non-Hour Cost Burdens	

*We calculated operators conducting 50 JSAs a day (25 JSAs for each 12 hour shift). Some contractors may perform none for a particular day, whereas others may conduct more than 50 per day. This estimate is an average. Also, in Alaska, the Alaska Safety Handbook or ASH is followed on the North Slope, which is a book containing both safety standards and the permit to work process for North Slope operations. The ASH includes work permits which include a hazards analysis and mitigation measures section on the back of the permit.

+ In the future, BSEE may require electronic filing of some submissions.

Estimated Reporting and Recordkeeping Non-Hour Cost Burden: We have identified four non-hour cost burdens associated with the collection of information for a total of \$5,220,000. They are as follows:

§ 250.1925(a)—Pay for all costs associated with a BSEE directed audit due to deficiencies.

§ 250.1920(a)—ASP audits conducted for High, Moderate, and Low Activity Operator.

We have not identified any other non-hour cost burdens associated with this collection of information.

Public Disclosure Statement: The PRA (44 U.S.C. 3501, *et seq.*) provides that an agency may not conduct or sponsor a collection of information unless it displays a currently valid OMB control number. Until OMB approves a collection of information, you are not obligated to respond.

Comments: Section 3506(c)(2)(A) of the PRA (44 U.S.C. 3501, *et seq.*) requires each agency “. . . to provide notice . . . and otherwise consult with members of the public and affected agencies concerning each proposed collection of information . . .” Agencies must specifically solicit comments to: (a) Evaluate whether the collection is necessary or useful; (b) evaluate the accuracy of the burden of the proposed collection of information; (c) enhance the quality, usefulness, and clarity of the information to be collected; and (d) minimize the burden on the respondents, including the use of technology.

To comply with the public consultation process, on July 8, 2015, we published a **Federal Register** notice (80 FR 39152) announcing that we would submit this ICR to OMB for approval. The notice provided the required 60-day comment period. In addition, § 250.199 provides the OMB Control Number for the information collection requirements imposed by the 30 CFR 250, subpart S regulations and form. The regulation also informs the public that they may comment at any time on the collections of information and provides the address to which they

should send comments. We received one comment in response to the **Federal Register**, which was not germane to this ICR.

Public Availability of Comments: Before including your address, phone number, email address, or other personal identifying information in your comment, you should be aware that your entire comment—including your personal identifying information—may be made publicly available at any time. While you can ask us in your comment to withhold your personal identifying information from public review, we cannot guarantee that we will be able to do so.

Dated: October 13, 2015.
