Taking and Importing Marine Mammals; Navy Training and Research, Development, Testing, and Evaluation Activities Conducted within the Mariana Islands Range Complex

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Notice; receipt of application for letter of authorization; request for comments and information.

SUMMARY: NMFS has received a request from the U.S. Navy (Navy) for authorization to take marine mammals incidental to military readiness training activities and research, development, testing and evaluation (RDT&E) to be conducted in the Mariana Islands Range Complex (MIRC) for the period beginning December 2009 and ending December 2014. Pursuant to the implementing regulations of the Marine Mammal Protection Act (MMPA), NMFS is announcing our receipt of the Navy's request for the development and implementation of regulations governing the incidental taking of marine mammals and inviting information, suggestions, and comments on the Navy's application and request.

DATES: Comments and information must be received no later than April 17, 2009.

ADDRESSES: Comments on the application should be addressed to Michael Payne, Chief, Permits, Conservation and Education Division, Office of Protected Resources, National Marine Fisheries Service, 1315 East-West Highway, Silver Spring, MD 20910-3225. The mailbox address for

providing email comments is *PR1.0648-XO08@noaa.gov*. NMFS is not responsible for e-mail comments sent to addresses other than the one provided here. Comments sent via e-mail, including all attachments, must not exceed a 10-megabyte file size.

FOR FURTHER INFORMATION CONTACT: Jolie Harrison, Office of Protected Resources, NMFS, (301) 713-2289, ext. 166.

SUPPLEMENTARY INFORMATION:

Availability

A copy of the Navy's application may be obtained by writing to the address specified above (See **ADDRESSES**), telephoning the contact listed above (see **FOR FURTHER INFORMATION CONTACT**), or visiting the internet at: <http://www.nmfs.noaa.gov/pr/permits/incidental.htm>. The Navy's Draft Environmental Impact Statement (DEIS) for MIRC was made available to the public on January 30, 2009, and may be viewed at <http://www.marianasrangecomplexeis.com/>. During the initial 45-day public comment period, the Navy hosted four public hearings.

Background

In the case of military readiness activities, sections 101(a)(5)(A) and (D) of the MMPA (16 U.S.C. 1361 *et seq.*) direct the Secretary of Commerce (Secretary) to allow, upon request, the incidental, but not intentional taking of marine mammals by U.S. citizens who engage in a specified activity (other than commercial fishing) if certain findings are made and regulations are issued or, if the taking is limited to harassment, notice of a proposed authorization is provided to the public for review.

Authorization for incidental takings may be granted if NMFS finds that the taking will have no more than a negligible impact on the species or stock(s), will not have an unmitigable adverse impact on the availability of the species or stock(s) for subsistence uses, and that the permissible methods of taking and requirements pertaining to the mitigation, monitoring and reporting of such taking are set forth.

NMFS has defined "negligible impact" in 50 CFR 216.103 as:

an impact resulting from the specified activity that cannot be reasonably expected to, and is not reasonably likely to, adversely affect the species or stock through effects on annual rates of recruitment or survival.

With respect to military readiness activities, the MMPA defines "harassment" as:

(i) any act that injures or has the significant potential to injure a marine mammal or marine mammal stock in the wild [Level A

Harassment]; or (ii) any act that disturbs or is likely to disturb a marine mammal or marine mammal stock in the wild by causing disruption of natural behavioral patterns, including, but not limited to, migration, surfacing, nursing, breeding, feeding, or sheltering, to a point where such behavioral patterns are abandoned or significantly altered [Level B Harassment].

Summary of Request

In August 2008, NMFS received an application from the Navy requesting authorization to take individuals of 28 species of marine mammals (all cetaceans) incidental to upcoming training and RDT&E activities to be conducted in the MIRC over the course of 5 years. The Navy provided an addendum to the application in February 2009. NMFS subsequently requested additional information, which was received in March 2009. These training and RDT&E activities are classified as military readiness activities. The Navy states that these training activities may expose some of the marine mammals present in the area to sound from various active tactical sonar sources or to pressure from underwater detonations. The Navy requests authorization to take individuals of 28 species of cetaceans by Level B Harassment. Further, the Navy requests authorization to take 9 individual beaked whales (of any of the following species: Blainville's beaked whale, Cuvier's beaked whale, Ginkgo-toothed whale, Longman's beaked whale) and one pantropical spotted dolphin by serious injury or mortality over the course of the 5-year rule.

Specified Activities

In the application submitted to NMFS, the Navy requests authorization to take marine mammals incidental to conducting training events and RDT&E utilizing mid- and high frequency active sonar sources and explosive detonations. These sonar and explosive sources will be utilized during Anti-submarine Warfare (ASW) Tracking and Torpedo Exercises, ASW Major Exercises (Multi Strike Group Exercises, Joint Expeditionary Exercises, and others), Extended Echo Ranging and Improved Extended Echo Ranging (EER/IEER) events, Missile Exercises, Gunnery Exercises, Bombing Exercises, Sinking Exercises, and Demolitions. Table 1-3 in the application lists the activity types, the equipment and platforms involved, and the duration and potential locations of the activities.

Information Solicited

Interested persons may submit information, suggestions, and comments concerning the Navy's request (see

ADDRESSES). All information, suggestions, and comments related to the Navy's MIRC request and NMFS' potential development and implementation of regulations governing the incidental taking of marine mammals by the Navy's MIRC activities will be considered by NMFS in developing, if appropriate, the most effective regulations governing the issuance of letters of authorization.

ACTION: Notice of Meetings, Clarification.

SUMMARY: On February 24, 2009, the National Telecommunications and Information Administration (NTIA) published a Notice in the **Federal Register** announcing its intention to begin holding meetings on March 2, 2009, in connection with the broadband grant programs described in the Broadband Data Services Improvement Act, Public Law No. 110-385, and the American Recovery and Reinvestment Act of 2009 (Recovery Act), Public Law No. 111-5 (collectively, "Broadband Grant Programs"). This Notice provides clarification regarding those meetings.

DATES: March 16, 2009.

ADDRESSES: U.S. Department of Commerce, National Telecommunications and Information Administration, 1401 Constitution Avenue, N.W., Washington, DC 20230.

FOR FURTHER INFORMATION CONTACT: Barbara Brown at (202) 482-4374 or bbrown@ntia.doc.gov.

SUPPLEMENTARY INFORMATION: On February 24, 2009, NTIA published a Notice announcing a joint public meeting with the U.S. Department of Agriculture (USDA) and the Federal Communications Commission (FCC) to discuss the Broadband Initiatives contained in the Recovery Act. See Joint Notice of Public Meeting, 74 Fed. Reg. 8914 (Feb. 27, 2009) (announcing a joint

public meeting on March 10, 2009). At the same time, NTIA published a Notice announcing its intention to begin holding meetings on March 2, 2009 in response to numerous requests received from individuals and groups interested in the program. See Notice of Meetings, 74 Fed. Reg. 8233 (Feb. 24, 2009). This Notice explained the manner in which individuals and groups could request meetings and the treatment of such meetings as *ex parte* presentations. Since the publication of these Notices, NTIA has received over 2,500 requests for meetings from interested parties.

Subsequently, NTIA and USDA's Rural Utilities Service announced that the agencies would hold six public meetings on March 16, 17, 18, 19, 23, and 24, 2009, about the new broadband grants, loans, and loan guarantees funded by the Recovery Act and accept written comments about the programs through April 13, 2009. See Joint Request for Information and Notice of Public Meetings, 74 Fed. Reg. 10716 (March 12, 2009). These public meetings will be conducted as roundtables, will be open to the public, and also will be webcast. Transcripts and all written comments received also will be available. Participation in the public meetings and the filing of written comments is encouraged. For further information about these meetings and to submit and view written comments, please see NTIA's website at <http://www.ntia.doc.gov/broadbandgrants/>.

As a result of the overwhelming demand from interested parties for meetings and the expedited time frames in the Recovery Act for making the broadband grant, loan, and loan guarantee funds available, NTIA will not be able to accommodate all meeting requests received. The agency, however, does reserve the right to schedule such *ex parte* meetings as necessary to fulfill the needs of the Broadband Grant Program. All other information provided in the Notice of Meetings remains unchanged.

Dated: March 13, 2009.
