

Respondents: Business or other for-profit; Not-for-profit institutions; State, Local or Tribal Government; Federal Government.

Number of Respondents and Responses: 400 respondents; 104,000 responses.

Estimated Time per Response: 1 hour–1.5 hours (average per response).

Frequency of Response: On occasion and Annual Reporting Requirements and Recordkeeping Requirements.

Obligation to Respond: Voluntary. Statutory authority for this collection is contained in sections 1, 4(i), 4(j), 4(o), 251(e)(3), 254, 301, 303(b), 303(g), 303(r), 307, 309(a), 309(j), 316, 332, and 403 of the Communications Act of 1934, as amended, and section 706 of the Telecommunications Act of 1996, 47 U.S.C. 151, 154(i)–(j) & (o), 251(e)(3), 254, 301, 303(b), 303(g), 303(r), 332, 403, and 1302.

Total Annual Burden: 16,320 hours.

Total Annual Cost: No Cost.

Needs and Uses: The Commission launched the Disaster Information Reporting System (DIRS) in 2007 pursuant to its mandate to promote the safety of life and property through the use of wire and radio communication as required by the Communications Act of 1934, as amended. DIRS is a voluntary, efficient, and web-based system that communications companies may use to report their infrastructure status during times of crisis (e.g., related to a disaster). DIRS uses a number of template forms tailored to different communications sectors (i.e., wireless, wireline, broadcast, and cable) to facilitate the entry of this information. To use DIRS, a company first inputs its emergency contact information. After this, they submit information using the template form appropriate for their communications sector. In a *Second Report and Order* adopted on March 18, 2021, as FCC 21–34, the Commission adopted rules allowing certain federal, state, and Tribal Nation agencies (Participating Agencies) to access to certain geographically relevant reports filed in the Commission's Disaster Information Reporting System (DIRS). The information collections and record keeping provisions adopted will allow Participating Agencies to apply for, and receive access to, DIRS report in the areas where they have jurisdiction. The collection will further enable these Participating Agencies, at their election, to share DIRS reports with qualified local agencies whose jurisdiction is affected by a disaster, while still maintaining the confidentiality of the substantive data. The changes to the data collections fields in the DIRS filings made by service providers will

further facilitate the ability of Participating Agencies to access those reports relevant to their specific geographies. Finally, the changes to the information collection and associated recordkeeping requirements, including retention by participating agencies of qualification forms submitted by local agency seeking access to DIRS data, as well as a list of which local agencies receive information from the Participating Agency, training materials setting clear parameters for the use of DIRS data, and a list of those persons granted DIRS account access, will enable auditing functions to ensure accountability in the use of DIRS information and immediate reporting of breaches of access or confidentiality protocols.

The Commission notes that the information sharing framework established in the Second Report and Order allows for access to be granted not only for DIRS, but also to the Commission's Network Outage Reporting System (NORS). We note that the process and requirements for Participating Agencies under this framework is identical, regardless of whether they seek access to NORS, DIRS, or both. Because the Commission anticipates that NORS and DIRS access will be requested together in most cases, it believes that the estimated burden hours and costs for Participating Agencies associated with DIRS access are fully included in the estimates that it has separately submitted as part of its collection on Part 4 of the Commission's Rules Concerning Disruptions to Communications, OMB Control No. 3060–0484. To avoid double-counting the estimated burden hours and costs associated with both collections, the Commission estimates the marginal cost of the Participating Agency aspect of this collection to be zero.

FEDERAL COMMUNICATIONS COMMISSION

[FR ID 204163]

Federal Advisory Committee Act; Communications Security, Reliability, and Interoperability Council

AGENCY: Federal Communications Commission.

ACTION: Notice of re-establishment of the Communications Security, Reliability, and Interoperability Council.

SUMMARY: The Federal Communications Commission (Commission) hereby announces that the Communications Security, Reliability, and Interoperability Council (hereinafter CSRIC or Council) will be re-established for a two-year period pursuant to the Federal Advisory Committee Act (FACA) following consultation with the Committee Management Secretariat, General Services Administration.

FOR FURTHER INFORMATION CONTACT: Suzon Cameron, Designated Federal Officer, Federal Communications Commission, Public Safety and Homeland Security Bureau, (202) 418–1916 or email: suzon.cameron@fcc.gov, Kurian Jacob, Deputy Designated Federal Officer, Federal Communications Commission, Public Safety and Homeland Security Bureau, (202) 418–2040 or email: kurian.jacob@fcc.gov, Logan Bennett, Deputy Designated Federal Officer, Federal Communications Commission, Public Safety and Homeland Security Bureau, (202) 418–7790 or email: logan.bennett@fcc.gov.

SUPPLEMENTARY INFORMATION: After consultation with the General Services Administration, the Commission intends to re-establish the charter on or before March 26, 2024, providing the Council with authorization to operate for two years. The purpose of the Council is to advise the Commission and to make recommendations that foster the security, reliability, and interoperability of communications systems.

Advisory Committee

The CSRIC will be organized under, and will operate in accordance with, the provisions of the Federal Advisory Committee Act (FACA) (5 U.S.C. 10). The Council will be solely advisory in nature. Consistent with FACA and its requirements, each meeting of the Council will be open to the public unless otherwise noticed. A notice of each meeting will be published in the **Federal Register** at least fifteen (15) days in advance of the meeting. Records will be maintained of each meeting and made available for public inspection. All activities of the Committee will be conducted in an open, transparent, and accessible manner. The Committee shall terminate two (2) years from the filing date of its charter, or earlier upon the completion of its work as determined by the Chairperson of the FCC, unless its charter is renewed prior to the termination date.

During the CSRIC's next term, it is anticipated that it will meet in Washington, DC, approximately four (4)

times a year. The first meeting will be described in a Public Notice issued and published in the **Federal Register** at least fifteen (15) days prior to the first meeting date. In addition, as needed, working groups or subcommittees (ad hoc or steering) will be established to facilitate the Committee's work between meetings of the full Council. Meetings of the Council will be fully accessible to individuals with disabilities.

BILLING CODE 6712-01-P

FEDERAL MARITIME COMMISSION

[Docket No. FMC-2024-0005]

Controlled Carriers Under the Shipping Act of 1984

AGENCY: Federal Maritime Commission.

ACTION: Notice.

SUMMARY: The Federal Maritime Commission is publishing an updated list of controlled carriers, *i.e.*, ocean common carriers operating in U.S.-foreign trades that are, or whose operating assets are, directly or indirectly owned or controlled by foreign governments. Such carriers are subject to increased regulatory oversight by the Commission.

FOR FURTHER INFORMATION CONTACT: David Eng, Secretary; Phone: (202) 523-5725; Email: secretary@fmc.gov.

SUPPLEMENTARY INFORMATION: The Federal Maritime Commission is updating the list of controlled carriers to add an entity that qualifies as a controlled carrier, and to remove an entity that no longer qualifies as a controlled carrier. The Shipping Act of 1984, as amended (Shipping Act), defines a "controlled carrier" as an ocean common carrier that is, or whose operating assets are, directly or indirectly owned or controlled by a government. 46 U.S.C. 40102(9). Ownership or control by a government is deemed to exist for a carrier if (1) a majority of the interest in the carrier is owned or controlled in any manner by that government, an agency of that government, or a public or private person controlled by that government, or (2) that government has the right to appoint or disapprove the appointment of a majority of the directors, the chief operating officer, or the chief executive officer of the carrier. *Id.*; 46 CFR 565.2(a).

As required by the Shipping Act, controlled carriers are subject to

enhanced oversight by the Commission. For example, 46 U.S.C. 40701(b) provides that the Commission may, after providing notice and opportunity for a hearing, prohibit the publication or use of a rate, charge, classification, rule, or regulation that a controlled carrier has failed to demonstrate is just and reasonable. *See* 46 U.S.C. 40701(b). In addition, 46 U.S.C. 40502(f) provides that in an action for a breach of a service contract, the dispute resolution forum cannot in any way be controlled by or affiliated with a controlled carrier or by the government that owns or controls the carrier. *See* 46 U.S.C. 40502(f). Congress enacted these protections to ensure that controlled carriers, whose marketplace decision making can be influenced by foreign governmental priorities or by their access to non-market sources of capital, do not engage in unreasonable below-market pricing practices which could disrupt trade or harm privately-owned shipping companies.

The controlled carrier list is not a comprehensive list of foreign-owned or controlled ships or ship owners; rather, it is only a list of ocean common carriers that are controlled by governments. *See* 46 U.S.C. 40102(9). Thus, tramp operators and other non-common carriers are not included, nor are non-vessel-operating common carriers, regardless of their ownership or control.

The controlled carrier list was last updated on April 30, 2019. *See* 84 FR 18284. This notice revises the list to add Hede (HONGKONG) International Shipping Limited as a controlled carrier. This notice also revises the list to reflect that COSCO Shipping Lines (Europe) GmbH is no longer providing common carriage in the United States trades and is therefore no longer a controlled carrier. There are no changes to report with respect to the remaining controlled carriers.

It is requested that any other information regarding possible omissions or inaccuracies in this list be provided to the Commission's Office of the General Counsel at generalcounsel@fmc.gov. *See* 46 CFR 501.12.

The amended list of currently classified controlled carriers and their corresponding Commission-issued Registered Persons Index numbers is set forth below:

(1) COSCO SHIPPING Lines Co., Ltd. (RPI No. 015614)—People's Republic of China;

(2) Orient Overseas Container Line Limited (RPI No. 011398)—People's Republic of China;

(3) OOCL (Europe) Limited (RPI No. 024786)—People's Republic of China;

(4) Hede (HONGKONG) International Shipping Limited (RPI No. 033332)—People's Republic of China.

By the Commission.

David Eng,

Secretary.
