[Project No. 12658-001]

E.ON U.S. Hydro 1 LLC; Notice of Application Accepted for Filing and Soliciting Motions To Intervene and Protests

May 18, 2007.

Take notice that the following hydroelectric application has been filed with the Commission and is available for public inspection.

- a. *Type of Application:* Original Major License.
 - b. Project No.: 12658-001.
 - c. Date Filed: October 10, 2006.
 - d. Applicant: E.ON U.S. Hydro 1 LLC.
- e. *Name of Project:* Meldahl Hydroelectric Project.
- f. Location: On the Ohio River, near the City of Augusta, Bracken County, Kentucky. The existing dam is owned and operated by the U.S. Army Corps of Engineers (Corps). The project would occupy approximately 16 acres of United States lands administered by the Corps.
- g. *Filed Pursuant to:* Federal Power Act 16 U.S.C. 791(a)–825(r).
- h. Applicant Contact: Mr. Michael S. Beer, E.ON U.S. Hydro 1 LLC, 220 West Main Street, Louisville, KY 40202, (502) 627–3547; e-mail—mike.beer@eon-us.com.
- i. FERC Contact: Peter Leitzke at (202) 502–6059; or e-mail at peter.leitzke@ferc.gov.
- j. Deadline for filing motions to intervene and protests: 60 days from the issuance date of this notice.

All documents (original and eight copies) should be filed with: Magalie R. Salas, Secretary, Federal Energy Regulatory Commission, 888 First Street, NE., Washington, DC 20426.

The Commission's Rules of Practice and Procedures require all intervenors filing documents with the Commission to serve a copy of that document on each person on the official service list for the project. Further, if an intervenor files comments or documents with the Commission relating to the merits of an issue that may affect the responsibilities of a particular resource agency, they must also serve a copy of the document on that resource agency.

Motions to intervene and protests may be filed electronically via the Internet in lieu of paper. The Commission strongly encourages electronic filing. See 18 CFR 385.2001(a)(1)(iii) and the instructions on the Commission's Web site (http://www.ferc.gov) under the "e-Filing" link.

k. This application has been accepted for filing, but is not ready for environmental analysis at this time.

l. The proposed project would utilize the existing U.S. Army Corps of Engineers' Captain Anthony Meldahl Locks and Dam, and would consist of: (1) An intake channel; (2) a combined 225-foot-long by 205-foot-wide powerhouse and intake section containing three generating units having a total installed capacity of 99 megawatts; (3) a tailrace channel; (4) a substation; (5) a 1.7-mile-long, 138kilovolt transmission line; and (6) appurtenant facilities. The project would have an annual generation of 500 gigawatt-hours, which would be sold to a local utility.

m. A copy of the application is available for review at the Commission in the Public Reference Room or may be viewed on the Commission's Web site at http://www.ferc.gov using the "eLibrary" link. Enter the docket number, excluding the last three digits in the docket number field to access the document. For assistance, contact FERC Online Support at FERCOnlineSupport@ferc.gov or toll-free at 1–866–208–3676, or for TTY, (202) 502–8659. A copy is also available for inspection and reproduction at the address in item h above.

You may also register online at http://www.ferc.gov/docs-filing/esubscription.asp to be notified via email of new filings and issuances related to this or other pending projects. For assistance, contact FERC Online Support

n. Competing development applications, notices of intent to file such an application, and applications for preliminary permits will not be accepted in response to this notice.

Anyone may submit a protest or a motion to intervene in accordance with the requirements of Rules of Practice and Procedure, 18 CFR 385.210, 385.211, and 385.214. In determining the appropriate action to take, the Commission will consider all protests filed, but only those who file a motion to intervene in accordance with the Commission's Rules may become a party to the proceeding. Any protests or motions to intervene must be received on or before the specified deadline date for the particular application.

When the application is ready for environmental analysis, the Commission will issue a public notice requesting comments, recommendations, terms and conditions, or prescriptions.

All filings must: (1) Bear in all capital letters the title "PROTEST" or "MOTION TO INTERVENE;" (2) set

forth in the heading the name of the applicant and the project number of the application to which the filing responds; (3) furnish the name, address, and telephone number of the person protesting or intervening; and (4) otherwise comply with the requirements of 18 CFR 385.2001 through 385.2005. Agencies may obtain copies of the application directly from the applicant. A copy of any protest or motion to intervene must be served upon each representative of the applicant specified in the particular application.

o. Procedural schedule: The application will be processed according to the following revised Hydro Licensing Schedule. Revisions to the schedule will be made if the Commission determines it necessary to do so:

Action	Tentative date
Scoping Document for comments.	July 2007.
Notice of application is ready for environmental analysis.	Aug. 2007.
Notice of the availability of the draft EA.	Feb. 2008.
Notice of the availability of the final EA.	June 2008.

Kimberly D. Bose,

Secretary.
