

revision or modification of those programs and obtain EPA approval. Subpart D provides standards for such approvals based on consideration of the electronic document receiving systems that the state, tribe, or local government will use to implement the electronic reporting. Additionally, § 3.1000(b) through (e) of 40 CFR part 3, subpart D provides special procedures for program revisions and modifications to allow electronic reporting, to be used at the option of the state, tribe or local government in place of procedures available under existing program-specific authorization regulations. An application submitted under the subpart D procedures must show that the state, tribe or local government has sufficient legal authority to implement the electronic reporting components of the programs covered by the application and will use electronic document receiving systems that meet the applicable subpart D requirements.

On January 14, 2010, the Georgia Department of Natural Resources (GA DNR) submitted an application entitled Georgia Environmental Protection Division Online System for revisions/modifications to its EPA-authorized programs under title 40 CFR. EPA reviewed GA DNR's request to revise/modify its EPA-authorized programs and, based on this review, EPA determined that the application met the standards for approval of authorized program revisions/modifications set out in 40 CFR part 3, subpart D. In accordance with 40 CFR 3.1000(d), this notice of EPA's decision to approve Georgia's request to revise/modify its following EPA-authorized programs to allow electronic reporting under 40 CFR parts 51, 52, 60, 61, 63, 65, 68, 70, 71, 72, 74, 75, 79, 82, 86, 90, 91, 92, 94, 122, 123, 141, 146, 239, 262, 264, 266, 268, 270, 280, 403, and 437, is being published in the **Federal Register**:

Part 52—Approval and Promulgation of Implementation Plans;
Part 60—Standards of Performance For New Stationary Sources;
Part 62—Approval and Promulgation of State Plans for Designated Facilities and Pollutants;
Part 65—Consolidated Federal Air Rule, 70—State Operating Permit Programs;
Part 68—Chemical Accident Prevention Provisions;
Part 70—State Operating Permit Programs;
Part 71—Federal Operating Permit Programs;
Part 72—Permits Regulation;
Part 74—Sulfur Dioxide OPT-INS;
Part 75—Continuous Emission Monitoring;

Part 79—Registration of Fuels and Fuel Additives;
Part 82—Protection of Stratospheric Ozone;
Part 86—Control of Emissions from New and IN-USE Highway Vehicles and Engines;
Part 90—Control of Emissions From Nonroad Spark-Ignition Engines at or Below 19 Kilowatts;
Part 91—Control of Emissions From Marine Spark-Ignition Engines;
Part 92—Control of Air Pollution From Locomotives and Locomotive Engines;
Part 94—Control of Emissions From Marine Compression-Ignition Engines;
Part 123—EPA Administered Permit Programs: The National Pollutant Discharge Elimination System;
Part 142—National Primary Drinking Water Regulations Implementation;
Part 145—State Underground Injection Control Programs;
Part 239—Requirements for State Permit Program Determination of Adequacy;
Part 272—Approved State Hazardous Waste Management Programs;
Part 281—Technical Standards and Corrective Action Requirements for Owners and Operators of Underground Storage Tanks;
Part 403—General Pretreatment Regulations for Existing and New Sources of Pollution;
Part 745—Lead-based Paint Poisoning Prevention in Certain Residential Structures.

GA DNR was notified of EPA's determination to approve its application with respect to the authorized programs listed above.

Also, in today's notice, EPA is informing interested persons that they may request a public hearing on EPA's action to approve the State of Georgia's request to revise its authorized public water system program under 40 CFR part 142, in accordance with 40 CFR 3.1000(f). Requests for a hearing must be submitted to EPA within 30 days of publication of today's **Federal Register** notice. Such requests should include the following information: (1) The name, address and telephone number of the individual, organization or other entity requesting a hearing; (2) A brief statement of the requesting person's interest in EPA's determination, a brief explanation as to why EPA should hold a hearing, and any other information that the requesting person wants EPA to consider when determining whether to grant the request; (3) The signature of the individual making the request, or, if the request is made on behalf of an organization or other entity, the signature of a responsible official of the organization or other entity.

In the event a hearing is requested and granted, EPA will provide notice of

the hearing in the **Federal Register** not less than 15 days prior to the scheduled hearing date. Frivolous or insubstantial requests for hearing may be denied by EPA. Following such a public hearing, EPA will review the record of the hearing and issue an order either affirming today's determination or rescinding such determination. If no timely request for a hearing is received and granted, EPA's approval of the State of Georgia's request to revise its part 142—National Primary Drinking Water Regulations Implementation program to allow electronic reporting will become effective 30 days after today's notice is published, pursuant to CROMERR section 3.1000(f)(4).

Agency Information Collection Activities; Proposed Renewal; Comment Request

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice.

SUMMARY: In compliance with the Paperwork Reduction Act (PRA), this document announces that EPA is planning to submit an Information Collection Request (ICR) to the Office of Management and Budget (OMB). The ICR, entitled: "EPA's Safer Choice Partner of the Year Awards Program" and identified by EPA ICR No. 2450.02 and OMB Control No. 2070-0184, represents the renewal of an existing ICR that is scheduled to expire on January 31, 2016. Before submitting the ICR to OMB for review and approval, EPA is soliciting comments on specific aspects of the proposed information collection that is summarized in this document. The ICR and accompanying material are available in the docket for public review and comment.

DATES: Comments must be received on or before December 1, 2015.

ADDRESSES: Submit your comments, identified by docket identification (ID) number EPA-HQ-OPPT-2014-0736, by one of the following methods:

- *Federal eRulemaking Portal:* <http://www.regulations.gov>. Follow the online instructions for submitting comments. Do not submit electronically any information you consider to be Confidential Business Information (CBI)

or other information whose disclosure is restricted by statute.

- *Mail:* Document Control Office (7407M), Office of Pollution Prevention and Toxics (OPPT), Environmental Protection Agency, 1200 Pennsylvania Ave. NW., Washington, DC 20460-0001.

- *Hand Delivery:* To make special arrangements for hand delivery or delivery of boxed information, please follow the instructions at <http://www.epa.gov/dockets/contacts.html>.

Additional instructions on commenting or visiting the docket, along with more information about dockets generally, is available at <http://www.epa.gov/dockets>.

SUPPLEMENTARY INFORMATION:

I. What information is EPA particularly interested in?

Pursuant to PRA section 3506(c)(2)(A) (44 U.S.C. 3506(c)(2)(A)), EPA specifically solicits comments and information to enable it to:

1. Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the Agency, including whether the information will have practical utility.
2. Evaluate the accuracy of the Agency's estimates of the burden of the proposed collection of information, including the validity of the methodology and assumptions used.
3. Enhance the quality, utility, and clarity of the information to be collected.
4. Minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., permitting electronic submission of responses.

In particular, EPA is requesting comments from very small businesses (those that employ less than 25) on examples of specific additional efforts that EPA could make to reduce the paperwork

burden for very small businesses affected by this collection.

II. What information collection activity or ICR does this action apply to?

Title: EPA's Safer Choice Partner of the Year Awards Program.

ICR number: EPA ICR No. 2450.02.

OMB control number: OMB Control No. 2070-0184.

ICR status: This ICR is currently scheduled to expire on January 31, 2016. An Agency may not conduct or sponsor, and a person is not required to respond to, a collection of information, unless it displays a currently valid OMB control number. The OMB control numbers for EPA's regulations in title 40 of the Code of Federal Regulations (CFR), after appearing in the **Federal Register** when approved, are listed in 40 CFR part 9, are displayed either by publication in the **Federal Register** or by other appropriate means, such as on the related collection instrument or form, if applicable. The display of OMB control numbers for certain EPA regulations is consolidated in 40 CFR part 9.

Abstract: EPA developed the Partner of the Year Awards to recognize Safer Choice stakeholders who have furthered the goals of Safer Choice through active and exemplary participation in and promotion of the Safer Choice program. Making the mission of the Safer Choice program known to the widest possible audience, through its safer product label and in other forms of communication, is critical to fully realizing the program's goals of protecting human health and the environment, promoting a sustainable economy, and creating green jobs, especially in the small business sector.

The Partner of the Year Awards will be an annual event, with recognition for Safer Choice stakeholder organizations from five broad categories: (1) Formulators/product manufacturers (of both consumer and institutional/industrial (I/I) products), (2) purchasers and distributors, (3) retailers, (4) supporters (e.g., non-governmental organizations, including environmental and health advocates, trade associations, academia, sports teams, and others), and (5) innovators (e.g., chemical manufacturers, technology developers, and others). Within these categories and based on the criteria, EPA may elect to give additional awards in the subcategories of "small business" and "sustained excellence." This information collection activity addresses the reporting burden associated with making application to EPA for recognition in the Partner of the Year Awards program.

Responses to this information collection are voluntary. Respondents may claim all or part of a response confidential. EPA will disclose information that is covered by a claim of confidentiality only to the extent permitted by, and in accordance with, the procedures in TSCA section 14 and 40 CFR part 2.

Burden statement: The annual public reporting and recordkeeping burden for this collection of information is estimated to average 15 hours per response. Burden is defined in 5 CFR 1320.3(b).

The ICR, which is available in the docket along with other related materials, provides a detailed explanation of the collection activities and the burden estimate that is only briefly summarized here:

Respondents/Affected Entities: Entities potentially affected by this ICR are establishments engaged in the production, use, and/or advancement of safer chemicals, that have furthered the goals of DfE through active and exemplary participation in and promotion of the program, and that wish to receive recognition for their achievements.

Estimated total number of potential respondents: 50.

Frequency of response: Annual.

Estimated total average number of responses for each respondent: 1.

Estimated total annual burden hours: 750 hours.

Estimated total annual costs: \$45,486. This includes an estimated burden cost of \$45,486 and an estimated cost of \$0 for capital investment or maintenance and operational costs.

III. Are there changes in the estimates from the last approval?

There is no change in the total estimated respondent burden compared with that identified in the ICR currently approved by OMB.

IV. What is the next step in the process for this ICR?

EPA will consider the comments received and amend the ICR as appropriate. The final ICR package will then be submitted to OMB for review and approval pursuant to 5 CFR 1320.12. EPA will issue another **Federal Register** document pursuant to 5 CFR 1320.5(a)(1)(iv) to announce the submission of the ICR to OMB and the opportunity to submit additional comments to OMB. If you have any questions about this ICR or the approval process, please contact the technical person listed under **FOR FURTHER INFORMATION CONTACT**.

Authority: 44 U.S.C. 3501 *et seq.*

Dated: September 25, 2015.

Registration Review; Conventional, Biopesticide and Antimicrobial Pesticide Dockets Opened for Review and Comment

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice.

SUMMARY: With this document, EPA is opening the public comment period for several registration reviews. Registration review is EPA's periodic review of pesticide registrations to ensure that each pesticide continues to satisfy the statutory standard for registration, that is, the pesticide can perform its intended function without unreasonable adverse effects on human health or the environment. Registration review dockets contain information that will assist the public in understanding the types of information and issues that the Agency may consider during the course of registration reviews. Through this program, EPA is ensuring that each pesticide's registration is based on current scientific and other knowledge, including its effects on human health and the environment. This document also announces the Agency's intent not to open a registration review docket for chloroneb, maple lactone, cacodylic acid, neodecamide N-mythyl, milbemectin, and dimethipin. These pesticides do not currently have any actively registered pesticide products and are not, therefore, scheduled for review under the registration review program.

DATES: Comments must be received on or before December 1, 2015.

ADDRESSES: Submit your comments identified by the docket identification (ID) number for the specific pesticide of interest provided in the table in Unit III. A., by one of the following methods:

- *Federal eRulemaking Portal:* <http://www.regulations.gov>. Follow the online instructions for submitting comments. Do not submit electronically any

information you consider to be Confidential Business Information (CBI) or other information whose disclosure is restricted by statute.

- *Mail:* OPP Docket, Environmental Protection Agency Docket Center (EPA/DC), (28221T), 1200 Pennsylvania Ave. NW., Washington, DC 20460-0001.

Additional instructions on commenting or visiting the docket, along with more information about dockets generally, is available at <http://www.epa.gov/dockets>.

FOR FURTHER INFORMATION CONTACT: For pesticide specific information contact: The person identified as a contact in the table in Unit III. Also include the docket ID number listed in the table in Unit III. A. for the pesticide of interest.

For general information contact: Richard Dumas, Pesticide Re-Evaluation Division (7508P), Office of Pesticide Programs, Environmental Protection Agency, 1200 Pennsylvania Ave. NW., Washington, DC 20460-0001; telephone number: (703) 308-8015; email address: dumas.richard@epa.gov.

SUPPLEMENTARY INFORMATION:

I. General Information

A. Does this action apply to me?

This action is directed to the public in general, and may be of interest to a wide range of stakeholders including environmental, human health, farmworker, and agricultural advocates; the chemical industry; pesticide users; and members of the public interested in the sale, distribution, or use of pesticides. Since others also may be interested, the Agency has not attempted to describe all the specific entities that may be affected by this action.

B. What should I consider as I prepare my comments for EPA?

1. *Submitting CBI.* Do not submit this information to EPA through [regulations.gov](http://www.regulations.gov) or email. Clearly mark the part or all of the information that you claim to be CBI. For CBI information in a disk or CD-ROM that you mail to EPA, mark the outside of the disk or CD-ROM as CBI and then identify electronically within the disk or CD-ROM the specific information that is claimed as CBI. In addition to one complete version of the comment that includes information claimed as CBI, a copy of the comment that does not contain the information claimed as CBI must be submitted for inclusion in the
