SUPPLEMENTARY INFORMATION:

Background

The CIPSEA (Pub. L. 107-347, Subtitle V; 44 U.S.C. 3501 *et seq.*) and the International Investment and Trade in Services Survey Act (Pub. L. 94-472 as amended; 22 U.S.C. 3101-3108) allow the BEA and the Census Bureau to share certain business data for exclusively statistical purposes. Section 524(d) of the CIPSEA requires a **Federal Register** notice announcing the intent to share data (allowing 60 days for public comment). On June 30, 2004 (69 FR 39408), the Census Bureau published in the **Federal Register** a notice of this proposed data-sharing activity and requested comments on the subject. The Census Bureau did not receive any public comments.

Shared Data

The Census Bureau will provide the BEA with certain business data from its Business Register and collected from the 2002 Economic Census. The BEA also will share data from its 2002 Foreign Direct Investment in the United States survey. The BEA issued a separate notice addressing this issue.

The BEA will use these data for statistical purposes exclusively. Through record linking, the BEA expects to improve the quality of data collected under the authority of Title 13 of the U.S.C. and the International Investment and Trade in Services Survey Act by identifying data-quality

issues arising from reporting differences in the Census Bureau and the BEA surveys.

Statistical Purposes for the Shared Data

The data from the Business Register and from the 2002 Economic Census are used to estimate employment, payroll, and receipt data of U.S. companies. Statistics from the census are published in separate data publications. All data are collected under Sections 131 and 224 of Title 13 of the U.S.C.

Data Access and Confidentiality

Title 13 of the U.S.C. protects the confidentiality of these data. The data may be seen only by persons sworn to uphold the confidentiality of the information. Access to the shared data will be restricted to specifically authorized personnel and will be provided for statistical purposes only. All BEA employees with access to these data will become Census Bureau Special Sworn Status Employees—meaning that they, under penalty of law, must uphold the data's confidentiality. To further safeguard the confidentiality of the data, the Census Bureau has conducted an Information Technology Security Review of the BEA. The results of this project are subject to disclosure review. Disclosure review is a process conducted to verify that the data to be released do not reveal any confidential information.

Honey From Argentina: Corrected Final Results of Antidumping Duty Administrative Review

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

ACTION: Correction to final results of antidumping duty administrative review.

EFFECTIVE DATE: October 4, 2004.

FOR FURTHER INFORMATION CONTACT: Brian J. Sheba or Robert M. James, Antidumping and Countervailing Duty Operations Office Seven, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution

Avenue, NW., Washington, DC 20230, telephone: (202) 482-0145 or (202) 482-0649, respectively.

Background

On May 27, 2004, the Department of Commerce (the Department) published in the **Federal Register** its notice of final results of the antidumping duty administrative review of honey from Argentina for the period May 11, 2001 through November 30, 2002. *See Honey from Argentina: Final Results of Antidumping Duty Administrative Review*, 69 FR 30283 (May 27, 2004). Subsequent to the final results, the Department has discovered a typographical error in its "all others" cash deposit rate. The Department mistakenly used the "all others" rate in the investigation final determination, rather than the corrected "all others" rate published in the antidumping duty order. *See Notice of Final Determination of Sales at Less Than Fair Value; Honey From Argentina*, 66 FR 50611 (Oct. 4, 2001), *Notice of Amended Final Determination of Sales at Less Than Fair Value; Honey From Argentina*, 66 FR 58434 (Nov. 21, 2001), and *Notice of Antidumping Duty Order; Honey From Argentina*, 66 FR 63672 (Dec. 10, 2001).

We now correct the final results of the 2001-2002 antidumping duty administrative review of honey from Argentina as noted above. As a result of this correction, the "all others" cash deposit rate is 30.24 percent *ad valorem*.

These amended final results are issued and published in accordance with sections 751(a)(1) and 777(i)(1) of the Tariff Act.

Dated: September 28, 2004.

James J. Jochum,

Assistant Secretary for Import Administration.
