

powered wheelchair, or powered scooter) used by a driver or a passenger with a disability.

* * * * *

■ 5. Add § 595.8 to read as follows:

§ 595.8 Modifications by rental companies.

(a) A rental company that modifies a motor vehicle temporarily in order to rent a covered rental vehicle to a person with a disability to operate, or ride as a passenger in, the motor vehicle is exempted from the “make inoperative” prohibition in 49 U.S.C. 30122 to the extent that those modifications make inoperative any part of a device or element of design installed on or in the motor vehicle in compliance with the Federal motor vehicle safety standards or portions thereof specified in paragraph (d) of this section. Modifications that would make inoperative devices or elements of design installed in compliance with any other Federal motor vehicle safety standards, or portions thereof, are not covered by the exemption in this paragraph (a).

(b) The exemption described in paragraph (a) of this section extends only for the period during which the covered rental vehicle is rented to a person with a disability and a reasonable period before and after the rental agreement in order to perform and reverse the modification described in paragraph (d) of this section.

(c) Any rental company that temporarily modifies a motor vehicle to enable a person with a disability to operate, or ride as a passenger in, the motor vehicle in such a manner as to make inoperative any part of a device or element of design installed on or in the motor vehicle in compliance with a Federal motor vehicle safety standard or portion thereof specified in paragraph (d) of this section must affix to the motor vehicle a label of the type and in the manner described in paragraph (e) of this section and must retain documents of the type and in the manner described in paragraph (f) of this section.

(d)(1) 49 CFR 571.208, in the case of the disablement of a knee bolster air bag to allow the installation of hand controls.

(2) [Reserved]

(e) The label required by paragraph (c) of this section shall:

(1) Be affixed within the passenger compartment of the vehicle;

(2) Be affixed in a location visible to the driver in a manner that does not obstruct the driver's view while operating the vehicle;

(3) Contain the statement
“WARNING—To accommodate

installation of hand controls, this rental vehicle has had its knee bolster air bag temporarily disabled;” and,

(4) Be removed when the modifications described in paragraph (d) of this section are reversed.

(f) The retained documents required by paragraph (c) of this section shall:

(1) Contain the name and physical address of the rental company and any entity making or reversing the temporary modifications on behalf of the rental company;

(2) Be kept in original or photocopied paper form, or retained electronically, by the rental company for a period of not less than five years after the conclusion of the rental agreement for which the modification is made;

(3) Be clearly identifiable as to the vehicle that has been modified; and

(4) Identify the devices or elements of design installed on or in a motor vehicle in compliance with a Federal motor vehicle safety standard made inoperative by the rental company.

Authority: 49 U.S.C. 322, 30111, 30115, 30117, 30122 and 30166; delegation of authority at 49 CFR 1.95.

Steven S. Cliff,

Deputy Administrator.

National Oceanic and Atmospheric Administration

50 CFR Part 622

[Docket No. 120404257–3325–02; RTID 0648–XB878]

Fisheries of the Caribbean, Gulf of Mexico, and South Atlantic; 2022 Commercial Longline Closure for South Atlantic Golden Tilefish

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Temporary rule; closure.

SUMMARY: NMFS implements an accountability measure for the commercial longline component for golden tilefish in the exclusive economic zone (EEZ) of the South Atlantic. Commercial longline landings for golden tilefish are projected to reach the longline component's commercial quota by March 16, 2022. Therefore, NMFS closes the commercial longline component of golden tilefish in the South Atlantic EEZ on March 16, 2022, at 12:01 a.m. local time. This closure is

necessary to protect the golden tilefish resource.

DATES: This temporary rule is effective from 12:01 a.m. local time on March 16, 2022, until 12:01 a.m. local time on January 1, 2023.

FOR FURTHER INFORMATION CONTACT:

Mary Vara, NMFS Southeast Regional Office, telephone: 727–824–5305, email: mary.vara@noaa.gov.

SUPPLEMENTARY INFORMATION: The snapper-grouper fishery of the South Atlantic includes golden tilefish and is managed under the Fishery Management Plan for the Snapper-Grouper Fishery of the South Atlantic Region (FMP). The FMP was prepared by the South Atlantic Fishery Management Council (Council) and is implemented by NMFS under the authority of the Magnuson-Stevens Fishery Conservation and Management Act (Magnuson-Stevens Act) by regulations at 50 CFR part 622.

The commercial golden tilefish sector has two components, each with its own quota: The longline and hook-and-line components (50 CFR 622.190(a)(2)). The commercial golden tilefish annual catch limit (ACL) is allocated 75 percent to the longline component and 25 percent to the hook-and-line component. The total commercial ACL (equivalent to the commercial quota) is 331,740 lb (150,475 kg) gutted weight, and the longline component quota is 248,805 lb (112,856 kg) gutted weight.

Under 50 CFR 622.193(a)(1)(ii), NMFS is required to close the commercial longline component for golden tilefish when the longline component's commercial quota has been reached or is projected to be reached by filing a notification to that effect with the Office of the Federal Register. After this closure, golden tilefish may not be commercially fished or possessed by a vessel with a golden tilefish longline endorsement. NMFS has determined that the commercial quota for the golden tilefish longline component in the South Atlantic will be reached by March 16, 2022. Accordingly, the commercial longline component of South Atlantic golden tilefish is closed effective at 12:01 a.m. local time on March 16, 2022, and will remain closed until the start of the next fishing year on January 1, 2023.

During the commercial longline closure, golden tilefish may still be commercially harvested using hook-and-line gear on a vessel with a commercial South Atlantic Unlimited Snapper-Grouper permit without a longline endorsement until the hook-and-line quota specified in 50 CFR 622.190(a)(2)(ii) is reached. A vessel with a golden tilefish longline

endorsement is not eligible to fish for or possess golden tilefish using hook-and-line gear under the hook-and-line commercial trip limit, as specified in 50 CFR 622.191(a)(2)(ii). During the commercial longline closure, the recreational bag and possession limits specified in 50 CFR 622.187(b)(2)(iii) and (c)(1), respectively, apply to all harvest or possession of golden tilefish in or from the South Atlantic EEZ by a vessel with a golden tilefish longline endorsement.

The sale or purchase of longline-caught golden tilefish taken from the South Atlantic EEZ is prohibited during the commercial longline closure. The operator of a vessel with a valid Federal commercial vessel permit for South Atlantic snapper-grouper and a valid commercial longline endorsement for golden tilefish with golden tilefish on board must have landed and bartered, traded, or sold such golden tilefish prior to 12:01 a.m. local time on March 16, 2022. The prohibition on sale or purchase does not apply to the sale or purchase of longline-caught golden tilefish that were harvested, landed ashore, and sold prior to 12:01 a.m. local time on March 16, 2022, and were

held in cold storage by a dealer or processor. Additionally, the recreational bag and possession limits and the sale and purchase prohibitions under the commercial closure apply to a person on board a vessel with a golden tilefish longline endorsement, regardless of whether the golden tilefish are harvested in state or Federal waters, as specified in 50 CFR 622.190(c)(1).

Classification

NMFS issues this action pursuant to section 305(d) of the Magnuson-Stevens Act. This action is required by 50 CFR 622.193(a)(1)(ii), issued pursuant to section 304(b), and is exempt from review under Executive Order 12866.

Pursuant to 5 U.S.C. 553(b)(B), there is good cause to waive prior notice and an opportunity for public comment on this action, as notice and comment is unnecessary and contrary to the public interest. Such procedures are unnecessary because the regulations associated with the commercial closure of the golden tilefish longline component have already been subject to notice and public comment, and all that remains is to notify the public of the commercial component closure. Prior

notice and opportunity for public comment on this action is contrary to the public interest because of the need to immediately implement the commercial component closure to protect the South Atlantic golden tilefish resource. The capacity of the longline fishing fleet allows for rapid harvest of the commercial longline component quota, and any delay in the commercial closure could result in the commercial longline component quota being exceeded. Prior notice and opportunity for public comment would require time and would potentially result in a harvest that exceeds the commercial quota.

For the aforementioned reasons, the Assistant Administrator for Fisheries also finds good cause to waive the 30-day delay in the effectiveness of this action under 5 U.S.C. 553(d)(3).

Authority: 16 U.S.C. 1801 *et seq.*

Dated: March 11, 2022.

Ngagne Jafnar Gueye,

Acting Director, Office of Sustainable Fisheries, National Marine Fisheries Service.
