SUPPLEMENTARY INFORMATION:

Background: In 1998, the Federal Highway Administration (FHWA), the predecessor agency of FMCSA, adopted 49 CFR part 381 as an interim final rule (IFR), establishing procedures for applying for waivers, exemptions, and pilot programs (63 FR 67600, December 8, 1998). Section 4007 of the Transportation Equity Act for the 21st Century (TEA-21) amended 49 U.S.C. 31315 and 31136(e) to provide authority to the Secretary of Transportation to grant waivers and exemptions from motor carrier safety regulations. Section 4007 of TEA-21 requires that the terms and conditions for all waivers and exemptions likely achieve a level of safety equivalent to or greater than what

would be achieved by complying with the safety regulations. In 2004, FMCSA adopted its IFR as final at 49 CFR part 381, consistent with section 4007 of TEA-21 (69 FR 51589, August 20, 2004). The final rule also established procedures that govern how FMCSA reviews, grants, or denies requests for waivers and applications for exemptions. The final rule included requirements for publishing notice of exemption applications in the **Federal Register** to afford the public an opportunity for comment. There is no statutory requirement to publish **Federal Register** notices concerning waiver applications.

When the waiver and exemption provisions were first adopted, FHWA stated that it would "consider the information collection requirements for each waiver, exemption, and pilot program and, if necessary, request approval from the Office of Management and Budget for any special recordkeeping requirements associated with the waiver, exemption, or pilot program." (63 FR 67608). FMCSA included a similar statement when finalizing its IFR in 2004 (69 FR 51597). Recently, FMCSA determined that it now receives a sufficient number of waiver and exemption requests per year to require OMB approval.

Title: Waiver and Exemption Requirements.

OMB Control No.: To be determined by OMB upon OMB approval of the ICR.

Type of Request: New information collection.

Respondents: States, State Drivers Licensing Authorities, individuals, and motor carriers.

Estimated Number of Respondents: 131 per year.

Estimated Time per Response: 2 minutes to 2 hours.

Expiration Date: This is a new information collection.

Frequency of Response: On occasion (respondents are not required to submit requests for waivers or exemptions).

Estimated Total Annual Burden: 95 burden hours.

Public Comments Invited: You are asked to comment on any aspect of this information collection, including: (1) Whether the proposed collection is necessary for the performance of FMCSA's functions; (2) the accuracy of the estimated burden; (3) ways for the FMCSA to enhance the quality, usefulness, and clarity of the collected information; and (4) ways that the burden could be minimized without reducing the quality of the collected information.

The agency will summarize or include your comments in the request for OMB's clearance of this information collection.

Thomas P. Keane,

Associate Administrator, Office of Research and Registration.

If MARAD determines, in accordance with 46 U.S.C. 12121 and MARAD's regulations at 46 CFR part 388, that the employment of the vessel in the coastwise trade to carry no more than 12 passengers will have an unduly adverse effect on a U.S.-vessel builder or a business that uses U.S.-flag vessels in that business, MARAD will not issue an approval of the vessel's coastwise endorsement eligibility. Comments should refer to the vessel name, state the commenter's interest in the application, and address the eligibility criteria given in section 388.4 of MARAD's regulations at 46 CFR part 388.
