

PIPELINE SEGMENTS WITH PENDING APPLICATIONS FOR ACQUISITION

Previous ROW holder	Previous PSN	Previous ROW	ROW relinquishment date
Cox Operating, L.L.C.	20182	ROW OCS-G 28803	03/12/2024

Purpose: The Department of the Interior has determined that the pipeline segment is subject to disposition pursuant to 40 U.S.C. 701 and the General Services Administration Federal Management Regulations at 41 CFR part 102–36. BSEE is providing notice that, until July 21, 2025, it will accept submissions of competing interest for acquisition of the pipeline segment. Depending on the level of interest, BSEE will complete a transfer of ownership of the pipeline to a private party through an appropriate transfer process.

In addition to transferring the pipeline interest, a new ROW will still be required pursuant to 30 CFR part 250, subpart J prior to any use of the pipeline. The transfer of pipeline ownership from the United States to another party will make that party responsible for the pipeline, including future operations, maintenance, and all decommissioning obligations.

Purpose of a Notice of Intent (NOI)

This NOI serves to inform interested parties of BSEE's intent to transfer ownership of the pipeline segment that is located in the previously described relinquished ROW on the OCS, and to describe BSEE's process for accepting submissions of competing interest.

BSEE will evaluate and respond to all submissions received pursuant to this NOI. If BSEE receives future requests to reuse other pipelines, it will issue similar NOIs to notify the public and to solicit statements of competing interest.

Instructions for the NOI

Parties interested in acquiring the aforementioned pipeline should submit the information outlined in the PURPOSE section above to the GOA Regional Supervisor for Regional Field Operations as provided in the ADDRESSES section no later than July 21, 2025.

Kenneth C. Stevens,

Principal Deputy Director, Exercising the Delegated Authorities of the Director, Bureau of Safety and Environmental Enforcement.

INTERNATIONAL TRADE COMMISSION

[Investigation Nos. 701–TA–618–619 and 731–TA–1441–1444 (Review)]

Carbon and Alloy Steel Threaded Rod From China, India, Taiwan, and Thailand

Determinations

On the basis of the record ¹ developed in the subject five-year reviews, the United States International Trade Commission (“Commission”) determines, pursuant to the Tariff Act of 1930 (“the Act”), that revocation of the countervailing duty orders on carbon and alloy steel threaded rod from China and India and the antidumping duty orders on carbon and alloy steel threaded rod from China, India, Taiwan, and Thailand would be likely to lead to continuation or recurrence of material injury to an industry in the United States within a reasonably foreseeable time.

Background

The Commission instituted these reviews on November 1, 2024 (89 FR 87409) and determined on February 4, 2025, that it would conduct expedited reviews (90 FR 11623, March 10, 2025).

The Commission made these determinations pursuant to section 751(c) of the Act (19 U.S.C. 1675(c)). It completed and filed its determinations in these reviews on June 16, 2025. The views of the Commission are contained in USITC Publication 5637 (June 2025), entitled *Carbon and Alloy Steel Threaded Rod from China, India, Taiwan, and Thailand: Investigation Nos. 701–TA–618–619 and 731–TA–1441–1444 (Review)*.

By order of the Commission.

Issued: June 16, 2025.
