

provide for annual allotments to assist States to plan, carry out, and evaluate activities to prevent and treat substance abuse and for related activities. Under the provisions of the law, States may receive allotments only after an application is submitted and approved by the Secretary, DHHS. For the federal fiscal year 2002–2004 SAPT block grant application cycles, the Substance Abuse and Mental Health Services Administration (SAMHSA) will provide States with revised application guidance and instructions to implement changes made by Public Law 106–310, signed by the President on October 17. Revisions to the previously-approved application resulting from the new SAMHSA authorizing legislation reflect the following changes: (1) Section 1922(a) under which States were required to use 35% of the funds on drug related activities and 35% on alcohol related activities (42 U.S.C. 300x–22) is repealed. (2) The Section 1925 requirement for the States to maintain a revolving fund of \$100,000 to assist

with half way houses for persons recovering from drug or alcohol abuse is now made optional (42 U.S.C. 300x–25). (3) Section 1930, which requires the States to maintain their financial support for substance abuse services at a level equal to the average of what they had spent the previous two years, is amended to permit non-recurring expenditures for a singular purpose to be excluded from the calculation of the Maintenance of Effort (MOE) requirement (42 U.S.C. 300x–30). (4) Section 1952 is amended to allow any amount paid to a State for a fiscal year to be available for obligation and expenditure until the end of the fiscal year following the fiscal year for which the amounts were paid, in effect giving a State two years to obligate and spend (42 U.S.C. 300x–62). These changes do not have an impact on the burden estimate for the application.

In addition, changes are being made to the annual reporting requirements associated with Section 1926 (42 U.S.C. 300x–26), which requires States to have

in effect a law prohibiting access and distribution of tobacco products to minors under age 18. In Section II, the following changes are being made with respect to Goal #8 and Attachment G: (1) In Goal #8, States will not be required to report on activities that were reported in previous applications (i.e., the requirement to report on prior year compliance information is eliminated). (2) In Attachment G: (a) questions are re-ordered so they are in chronological order to facilitate reporting on compliance activities; (b) seven of the nine questions are revised to define more precisely the information that SAMHSA needs in order to review and approve applications and eliminate duplication in State reporting; (c) Matrix 7a has been renamed Form G3, and Form G3 now requires States to report specific ages of the youth inspectors rather than age ranges. These changes do not impose additional response burden for the application and should shorten the time for review of applications.

Supplementary Rules for the Silver Saddle Ranch and the Ambrose Carson River Natural Area; Carson City, Nevada

AGENCY: Bureau of Land Management, Interior.

ACTION: Supplementary rules.

SUMMARY: The Carson City Field Manager establishes these Supplementary Rules in support of the Interdisciplinary Management Plan for the Silver Saddle Ranch and the Ambrose Carson River Natural Area. In 1997, the Bureau of Land Management (BLM) completed a land exchange resulting in the transfer of the Silver Saddle Ranch (SSR) in Carson City from private to public ownership. The ranch includes residential buildings, barns, fences, meadow lands, and sensitive riparian areas along the Carson River. In cooperation with the municipality of Carson City, BLM has developed a long-term management plan. This plan will provide for adequate on-site management and protection of these features, as well as for recreational use of the area by the public. The management plan addresses both the Silver Saddle Ranch and the Ambrose Carson River Natural Area (ACRNA). The ACRNA is managed by the BLM in
