

prohibited from entering into, transiting through, or anchoring within this regulated area unless authorized by the Captain of the Port, or his designated representative.

**DATES:** This rule is effective from 6 p.m. to 9 p.m. on December 14, 2013.

**FOR FURTHER INFORMATION CONTACT:** If you have questions on this notice, call or email Petty Officer Bryan Gollogly, Waterways Management, U.S. Coast Guard Sector San Diego, CA; telephone (619) 278-7656, email *D11-PF-MarineEventsSanDiego@uscg.mil*.

**SUPPLEMENTARY INFORMATION:** The Coast Guard will enforce the special local regulations in 33 CFR 100.1101 in support of the Mission Bay Parade of Lights (Item 6 on Table 1 of 33 CFR 100.1101). The Coast Guard will enforce the special local regulations on the navigable waters of Mission Bay to include Quivira Basin and Sail Bay on December 14, 2013 from 6 p.m. to 9 p.m.

Under the provisions of 33 CFR 100.1101, persons and vessels are prohibited from entering into, transiting through, or anchoring within this regulated area unless authorized by the Captain of the Port, or his designated representative. The Coast Guard may be assisted by other Federal, State, or local law enforcement agencies in enforcing this regulation.

This notice is issued under authority of 5 U.S.C. 552 (a) and 33 CFR 100.1101. In addition to this notice in the **Federal Register**, the Coast Guard will provide the maritime community with advance notification of this enforcement period via the Local Notice to Mariners and local advertising by the event sponsor.

If the Captain of the Port Sector San Diego or his designated representative determines that the regulated area need not be enforced for the full duration stated on this notice, he or she may use a Broadcast Notice to Mariners or other communications coordinated by the event sponsor to grant general permission to enter the regulated area.

Dated: November 14, 2013.

**S. M. Mahoney,**

*Captain, U. S. Coast Guard, Captain of the Port San Diego.*

## DEPARTMENT OF HOMELAND SECURITY

### Coast Guard

#### 33 CFR Part 117

[Docket No. USCG-2013-0638]

RIN 1625-AA09

#### Drawbridge Operation Regulation; Passaic River, Kearney and Newark, NJ

**AGENCY:** Coast Guard, DHS.

**ACTION:** Temporary final rule.

**SUMMARY:** The Coast Guard is temporarily modifying the operating schedule that governs the operation of the Route 1 & 9 (Lincoln Highway) Bridge across the Passaic River, mile 1.8, between Kearny and Newark, New Jersey. The bridge owner, New Jersey Department of Transportation, submitted a request to restrict bridge openings during the morning and afternoon rush hour periods to alleviate traffic congestion resulting from area roadway closures. It is expected that this change to the regulations would provide relief to vehicular traffic while continuing to meet the reasonable needs of navigation.

**DATES:** This temporary final rule is effective from March 1, 2014 through March 1, 2016.

**ADDRESSES:** Documents mentioned in this preamble are part of docket USCG-2013-0638. To view documents mentioned in this preamble as being available in the docket, go to <http://www.regulations.gov>, type in the "SEARCH" box and click "SEARCH." Click on Open Docket Folder on the line associated with this rulemaking. You may also visit the Docket Management Facility in room W12-140 on Ground Floor of the Department of Transportation West Building, 1200 New Jersey Avenue SE., Washington, DC 20590, between 9 a.m. and 5 p.m., Monday through Friday, except Federal holidays.

**FOR FURTHER INFORMATION CONTACT:** If you have questions on this temporary final rule, call or email Mr. Joe Arca, Project Officer, First Coast Guard District Bridge Branch, 212-668-7165, *joe.m.arca@uscg.mil*. If you have questions on viewing the docket, call Barbara Hairston, Program Manager, Docket Operations, telephone 202-366-9826.

#### SUPPLEMENTARY INFORMATION:

##### Table of Acronyms

CFR Code of Federal Regulations  
DHS Department of Homeland Security

FR Federal Register  
NPRM Notice of Proposed Rulemaking  
§ Section Symbol  
U.S.C. United States Code

#### A. Regulatory History and Information

On August 28, 2013, we published a notice of proposed rulemaking (NPRM) entitled Drawbridge Operation Regulations Passaic River in the **Federal Register** (78 FR 53107). We received no comments on the proposed rule. No public meeting was requested, and none was held.

#### B. Basis and Purpose

The Route 1 & 9 (Lincoln Highway) Bridge at mile 1.8, across the Passaic River between Kearny and Newark, New Jersey, has a vertical clearance of 40 feet at mean high water and 45 feet at mean low water. The drawbridge operation regulations are listed at 33 CFR 117.739(b).

The waterway users are predominantly recreational vessels and commercial vessels.

The owner of the bridge, New Jersey Department of Transportation, submitted a request to the Coast Guard to temporarily change the drawbridge operating regulations.

The purpose of this temporary final rule is to help provide relief to help reduce vehicular traffic congestion during the morning and afternoon vehicular rush hour periods due to local construction detours. Additional vehicular traffic will be detoured across the Route 1 & 9 (Lincoln Highway) Bridges for two years from the adjacent Pulaski Skyway Bridge which will be under construction to replace its deck commencing on March 1, 2014 and continuing through March 1, 2016.

The existing regulations presently require the bridge to open on signal at all times provided a four hour advance notice is given.

Under this temporary final rule the draw shall open on signal provided a four hour advance notice is given; except that, the draw need not open for the passage of vessel traffic between 6 a.m. and 10 a.m. and 2 p.m. and 6 p.m., Monday through Friday, except holidays.

Tide dependent deep draft vessels may request bridge openings during the two rush hour closed periods provided at least a twelve hour advance notice is given.

#### C. Discussion of Comments, Changes and the Final Rule

The Coast Guard received no comments in response to the notice of proposed rulemaking. As a result, no changes have been made to this final rule.

## D. Regulatory Analyses

We developed this rule after considering numerous statutes and executive orders related to rulemaking. Below we summarize our analyses based on these statutes or executive orders.

### 1. Regulatory Planning and Review

This rule is not a significant regulatory action under section 3(f) of Executive Order 12866, Regulatory Planning and Review, and does not require an assessment of potential costs and benefits under section 6(a)(3) of that Order. The Office of Management and Budget has not reviewed it under that Order. We believe that this rule is not a significant regulatory action because the bridge provides adequate clearance for recreational vessels in the closed position and the commercial vessels will be able to get openings at any time provided the advance notice is given by calling the number posted at the bridge.

### 2. Impact on Small Entities

The Regulatory Flexibility Act of 1980 (RFA), 5 U.S.C. 601–612, as amended, requires federal agencies to consider the potential impact of regulations on small entities during rulemaking. The Coast Guard received no comments from the Small Business Administration on this rule. The Coast Guard certifies under 5 U.S.C. 605(b) that this rule will not have a significant economic impact on a substantial number of small entities.

This rule should not have a significant effect on small entities since the bridges provide 40 feet of vertical clearance at mean high water which should accommodate most recreational vessels that transit this waterway. Deep draft commercial vessels can transit during the two rush hour closure periods provided they give the twelve hour advance notice for openings.

There is no permanent restriction or regulation being imposed by this rule; therefore, the Coast Guard certifies under 5 U.S.C. 605(b) that this temporary final rule will not have a significant economic impact on a substantial number of small entities.

### 3. Assistance for Small Entities

Under section 213(a) of the Small Business Regulatory Enforcement Fairness Act of 1996 (Pub. L. 104–121), we want to assist small entities in understanding this temporary final rule, if the rule would affect your small business, organization, or governmental jurisdiction and you have questions concerning its provisions or options for compliance, please contact the person listed in the **FOR FURTHER INFORMATION CONTACT**, above.

Small businesses may send comments on the actions of Federal employees who enforce, or otherwise determine compliance with, Federal regulations to the Small Business and Agriculture Regulatory Enforcement Ombudsman and the Regional Small Business Regulatory Fairness Boards. The Ombudsman evaluates these actions annually and rates each agency's responsiveness to small business. If you wish to comment on actions by employees of the Coast Guard, call 1–888–REG–FAIR (1–888–734–3247). The Coast Guard will not retaliate against small entities that question or complain about this rule or any policy or action of the Coast Guard.

### 4. Collection of Information

This rule calls for no new collection of information under the Paperwork Reduction Act of 1995 (44 U.S.C. 3501–3520).

### 5. Federalism

A rule has implications for federalism under Executive Order 13132, Federalism, if it has a substantial direct effect on State or local governments and would either preempt State law or impose a substantial direct cost of compliance on them. We have analyzed this rule under that Order and have determined that it does not have implications for federalism.

### 6. Protest Activities

The Coast Guard respects the First Amendment rights of protesters. Protesters are asked to contact the person listed in the **FOR FURTHER INFORMATION CONTACT** section to coordinate protest activities so that your message can be received without jeopardizing the safety or security of people, places or vessels.

### 7. Unfunded Mandates Reform Act

The Unfunded Mandates Reform Act of 1995 (2 U.S.C. 1531–1538) requires Federal agencies to assess the effects of their discretionary regulatory actions. In particular, the Act addresses actions that may result in the expenditure by a State, local, or tribal government, in the aggregate, or by the private sector of \$100,000,000 (adjusted for inflation) or more in any one year. Though this rule will not result in such an expenditure, we do discuss the effects of this rule elsewhere in this preamble.

### 8. Taking of Private Property

This rule will not cause a taking of private property or otherwise have taking implications under Executive Order 12630, Governmental Actions and

Interference with Constitutionally Protected Property Rights.

### 9. Civil Justice Reform

This rule meets applicable standards in sections 3(a) and 3(b)(2) of Executive Order 12988, Civil Justice Reform, to minimize litigation, eliminate ambiguity, and reduce burden.

### 10. Protection of Children

We have analyzed this rule under Executive Order 13045, Protection of Children from Environmental Health Risks and Safety Risks. This rule is not an economically significant rule and would not create an environmental risk to health or risk to safety that might disproportionately affect children.

### 11. Indian Tribal Governments

This rule does not have tribal implications under Executive Order 13175, Consultation and Coordination with Indian Tribal Governments, because it does not have a substantial direct effect on one or more Indian tribes, on the relationship between the Federal Government and Indian tribes, or on the distribution of power and responsibilities between the Federal Government and Indian tribes.

### 12. Energy Effects

This action is not a “significant energy action” under Executive order 13211, Actions Concerns Regulations That Significantly Affect Energy Supply, Distribution, or Use.

### 13. Technical Standards

The National Technology Transfer and Advancement Act (NTTAA) (15 U.S.C. 272 note) directs agencies to use voluntary consensus standards in their regulatory activities unless the agency provides Congress, through the Office of Management and Budget, with an explanation of why using these standards would be inconsistent with applicable law or otherwise impractical. Voluntary consensus standards are technical standards (e.g., specifications of materials, performance, design, or operation; test methods; sampling procedures; and related management systems practices) that are developed or adopted by voluntary consensus standards bodies.

This rule does not use technical standards. Therefore, we did not consider the use of voluntary consensus standards.

### 14. Environment

We have analyzed this rule under Department of Homeland Security Management Directive 023–01 and Commandant Instruction M16475.1D,

which guides the Coast Guard in complying with the National Environmental Policy Act of 1969 (NEPA)(42 U.S.C. 4321–4370f), and have concluded that this action is one of a category of actions which do not individually or cumulatively have a significant effect on the human environment. This rule involves operating the bridge from a remote location. This rule is categorically excluded, under figure 2–1, paragraph (32)(e), of the Instruction.

Under figure 2–1, paragraph (32)(e), of the Instruction, an environmental analysis checklist and a categorical exclusion determination are not required for this rule.

#### List of Subjects in 33 CFR Part 117

Bridges.

For the reasons discussed in the preamble, the Coast Guard amends 33 CFR part 117 as follows:

#### PART 117—DRAWBRIDGE OPERATION REGULATIONS

■ 1. The authority citation for part 117 continues to read as follows:

**Authority:** 33 U.S.C. 499; 33 CFR 1.05–1; Department of Homeland Security Delegation No. 0170.1.

■ 2. Amend § 117.739 by suspending paragraph (b) and adding paragraph (p) to read as follows:

#### § 117.739 Passaic River.

\* \* \* \* \*

(p) The draw of the Route 1 & 9 (Lincoln Highway) Bridge, mile 1.8, between Kearny and Newark, shall open on signal if at least a four hour advance notice is given; except that, the draw need not open for the passage of vessel traffic between 6 a.m. and 10 a.m. and between 2 p.m. and 6 p.m., Monday through Friday, except holidays. Tide dependant deep draft vessels may request bridge openings between 6 a.m. and 10 a.m. and between 2 p.m. and 6 p.m., provided at least a twelve hour advance notice is given by calling the number posted at the bridge.

Dated: November 5, 2013.

**BILLING CODE 9110–04–P**

#### DEPARTMENT OF HOMELAND SECURITY

##### Coast Guard

#### 33 CFR Part 117

[Docket No. USCG–2013–0964]

#### Drawbridge Operation Regulation; Upper Mississippi River, Dubuque, IA

**AGENCY:** Coast Guard, DHS.

**ACTION:** Notice of deviation from drawbridge regulation.

**SUMMARY:** The Coast Guard has issued a temporary deviation from the operating schedule that governs the Illinois Central Railroad Drawbridge across the Upper Mississippi River, mile 579.9, at Dubuque, Iowa. The deviation is necessary to allow the bridge owner time to perform preventive maintenance that is essential to the continued safe operation of the drawbridge. Maintenance is scheduled in the winter and when there is less impact on navigation; instead of scheduling work in the summer, when river traffic increases. This deviation allows the bridge to open on signal if at least 24 hours advance notice is given.

**DATES:** This deviation is effective from 12:01 a.m., December 18, 2013 to 7 a.m. March 3, 2014.

**ADDRESSES:** The docket for this deviation, [USCG–2013–0964] is available at <http://www.regulations.gov>. Type the docket number in the “SEARCH” box and click “SEARCH.” Click on Open Docket Folder on the line associated with this deviation. You may also visit the Docket Management Facility in Room W12–140 on the ground floor of the Department of Transportation, West Building, 1200 New Jersey Avenue SE., Washington, DC 20590, between 9 a.m. and 5 p.m., Monday through Friday, except Federal holidays.

**FOR FURTHER INFORMATION CONTACT:** If you have questions on this temporary deviation, call or email Eric A. Washburn, Bridge Administrator, Western Rivers, Coast Guard; telephone 314–269–2378, email [Eric.Washburn@uscg.mil](mailto:Eric.Washburn@uscg.mil). If you have questions on viewing the docket, call Barbara Hairston, Program Manager, Docket Operations, telephone 202–366–9826.

**SUPPLEMENTARY INFORMATION:** The Chicago, Central & Pacific Railroad requested a temporary deviation for the Illinois Central Railroad Drawbridge, across the Upper Mississippi River, mile 579.9, at Dubuque, Iowa to open on signal if at least 24 hours advance notice is given for 76 days from 12:01 a.m.,

December 18, 2013 to 7 a.m., March 3, 2014 to allow the bridge owner time for preventive maintenance. The Illinois Central Railroad Drawbridge currently operates in accordance with 33 CFR 117.5, which states the general requirement that drawbridges shall open promptly and fully for the passage of vessels when a request to open is given in accordance with the subpart.

There are no alternate routes for vessels transiting this section of the Upper Mississippi River.

Winter conditions on the Upper Mississippi River coupled with the closure of Army Corps of Engineer’s Lock No 18 (Mile 410.5 UMR) and Lock No. 22 (Mile 301.2 UMR) until 11:00 a.m., March 4, 2014 will preclude any significant navigation demands for the drawspan opening.

The Illinois Central Railroad Drawbridge, in the closed-to-navigation position, provides a vertical clearance of 19.9 feet above normal pool. Navigation on the waterway consists primarily of commercial tows and recreational watercraft. The drawbridge will open if at least 24-hours advance notice is given. This temporary deviation has been coordinated with waterway users. No objections were received.

In accordance with 33 CFR 117.35(e), the drawbridge must return to its regular operating schedule immediately at the end of the effective period time of this temporary deviation. This deviation from the operating regulations is authorized under 33 CFR 117.35.

Dated: November 18, 2013.

**Eric A. Washburn,**

*Bridge Administrator, Western Rivers.*
