SYSTEM NAME:

Millennium Cohort Study

SYSTEM LOCATION:

Naval Health Research Center,
Emerging Illness Division, P.O. Box
85122, San Diego CA 92186-5122.

CATEGORIES OF INDIVIDUALS COVERED BY THE SYSTEM:

An initial probability-based, cross-sectional sample of 100,000 U.S. Armed Forces personnel (active duty Army, Navy, Marine Corps, and Coast Guard and reserve/National Guard), as of October 2000, that will be followed prospectively by postal surveys every 3 years over a 21-year period. The initial sample of 100,000 persons will be comprised of 30,000 individuals who have been deployed to Southwest Asia, Bosnia, or Kosovo since August 1997, and 70,000 individuals who have not been deployed to these conflicts. In October 2004 and October 2007, a random sample of 20,000 new Armed Forces personnel will be added to the

cohort. The total of 140,000 individuals will be followed until the year 2022.

CATEGORIES OF RECORDS IN THE SYSTEM:

Demographic data, such as name, Social Security Number, rank, grade, gender, military occupational speciality. Health data, such as self-reported medical conditions and symptoms, smoking and drinking behaviors. Validated instruments will be incorporated to capture self-assessed physical and mental functional status (Short Form-36 Veterans), psychosocial assessment (Patient Health Questionnaire), and posttraumatic stress disorder (Patient Checklist-17).

Information obtained from the survey responses will be supplemented with deployment, occupational, vaccination, and healthcare utilization data) related to individual health status.

AUTHORITY FOR MAINTENANCE OF THE SYSTEM:

5 U.S.C. 301, Departmental Regulations; 10 U.S.C. 136, Under Secretary of Defense for Personnel and Readiness; and E.O. 9397 (SSN); DoD Protocol Number 32227; Sec 743, National Defense Authorization Act for Fiscal Year 1999; Sec 735, National Defense Appropriations Act for Fiscal Year 2001; Defense Technology Objective MD.25 Deployed Force Health Protection; Predicting Warfighter Resilience.

PURPOSE(S):

To create a probability-based, cross sectional database of selected veterans who have, or have not, deployed overseas so that various longitudinal health and research studies may be conducted over a 21 year period. The database will be used:

- a. To systematically collect population-based demographic and health data to evaluate the health of Armed Forces personnel throughout their careers and after leaving service.
- b. To evaluate the impact of operational deployments on various measures of health over time including medically unexplained symptoms and chronic disease such as cancer, heart disease and diabetes.
- c. To serve as a foundation upon which other routinely captured medical and deployment data may be added to answer future questions regarding the health risks of operational deployment, occupations, and general service in the Armed Forces.
- d. To examine characteristics of service in the Armed Forces associated with common clinician-diagnosed diseases and with scores on several standardized self-reported health inventories for physical and psychological functional status.

e. To provide a data repository and available representative Armed Forces cohort that future investigators and policy makers might use to study important aspects of service in the Armed Forces including disease outcomes among a Armed Forces cohort.

In addition to revealing changes in veterans' health status over time, the Millennium Cohort Study will serve as a data repository, providing a solid foundation upon which additional epidemiologic studies may be constructed.

ROUTINE USES OF RECORDS MAINTAINED IN THE SYSTEM, INCLUDING CATEGORIES OF USERS AND THE PURPOSES OF SUCH USES:

In addition to those disclosures generally permitted under 5 U.S.C. 552a(b) of the Privacy Act, these records or information contained therein may specifically be disclosed outside the DoD as a routine use pursuant to 5 U.S.C. 522a(b)(3):

To the Department of Veterans Affairs (DVA) for (1) considering individual claims for benefits for which that DVA is responsible; and (2) for use in scientific, medical and other analysis regarding health outcomes research associated with military service.

To the Department of Health and Human Services, Centers for Disease Control and Prevention for use in scientific, medical and other analysis regarding health outcome research associated with military service.

Note: All disclosures to the DVA and HHS must have prior approval of the Naval Health Research Center Institutional Review Board and a Memorandum of Understanding must be entered into to ensure the right and obligations of the signatories are clear. Access to data (1) is provided on need-to-know basis only; (2) must adhere to the rule of minimization in that only information necessary to accomplish the purpose for which the disclosure is being made is releasable; and (3) must follow strict guidelines established in the data sharing agreement.

To the Social Security Administration (SSA) for considering individual claims for benefits for which that SSA is responsible.

The DoD "Blanket Routine Uses" that appear at the beginning of the Navy's compilation of systems of records notices apply to this system.

POLICIES AND PRACTICES FOR STORING, RETRIEVING, ACCESSING, RETAINING, AND DISPOSING OF RECORDS IN THE SYSTEM:

STORAGE:

Automated databases; electronic records are stored on magnetic media.

RETRIEVABILITY:

Records are retrieved by military service member's name and Social Security Number.

SAFEGUARDS:

Access to areas where records are maintained is limited to authorized personnel. Access control devices protect areas during working hours and intrusion alarm devices during non-duty hours. Access to data is provided on need-to-know basis only. Password or other user code controls access to data.

RETENTION AND DISPOSAL:

Disposition pending (until the National Archives and Records Administration has approved the retention and disposition schedule for these records, treat then as permanent.

DEPARTMENT OF EDUCATION**Notice of Proposed Information Collection Requests**

AGENCY: Department of Education.

SUMMARY: The Leader, Regulatory Information Management Group, Office of the Chief Information Officer, invites comments on the proposed information collection requests as required by the Paperwork Reduction Act of 1995.

DATES: Interested persons are invited to submit comments on or before October 16, 2001.

SUPPLEMENTARY INFORMATION: Section 3506 of the Paperwork Reduction Act of 1995 (44 U.S.C. Chapter 35) requires that the Office of Management and Budget (OMB) provide interested Federal agencies and the public an early opportunity to comment on information collection requests. OMB may amend or waive the requirement for public consultation to the extent that public participation in the approval process would defeat the purpose of the information collection, violate State or Federal law, or substantially interfere with any agency's ability to perform its statutory obligations. The Leader, Regulatory Information Management Group, Office of the Chief Information Officer, publishes that notice containing proposed information collection requests prior to submission of these requests to OMB. Each proposed information collection, grouped by office, contains the following: (1) Type of review requested, e.g. new, revision, extension, existing or reinstatement; (2) Title; (3) Summary of the collection; (4) Description of the need for, and proposed use of, the information; (5) Respondents and frequency of collection; and (6) Reporting and/or Recordkeeping burden. OMB invites public comment. The Department of

Education is especially interested in public comment addressing the following issues: (1) Is this collection necessary to the proper functions of the Department; (2) will this information be processed and used in a timely manner; (3) is the estimate of burden accurate; (4) how might the Department enhance the quality, utility, and clarity of the information to be collected; and (5) how might the Department minimize the burden of this collection on the respondents, including through the use of information technology.

Dated: August 13, 2001.

John Tressler,

Leader, Regulatory Information Management, Office of the Chief Information Officer.

Office of Educational Research and Improvement

Type of Review: Revision.

Title: Education Longitudinal Study of 2002 (ELS:2002).

Frequency: Annually.

Affected Public: Not-for-profit institutions; State, Local, or Tribal Gov't, SEAs or LEAs.

Reporting and Recordkeeping Hour Burden:

Responses: 46,539.

Burden Hours: 54,102.

Abstract: Full-scale study in Spring, 2002 in 800 schools in all 50 states and the District of Columbia. Data collection from students, parents, teachers, administrators and library media center specialists. Data collection will constitute the baseline of a longitudinal study of school effectiveness and impact on postsecondary and labor market outcomes. A field test was conducted in Spring, 2001.

Requests for copies of the proposed information collection request may be accessed from <http://edicsweb.ed.gov>, or should be addressed to Vivian Reese, Department of Education, 400 Maryland Avenue, SW., Room 4050, Regional Office Building 3, Washington, DC 20202-4651. Requests may also be electronically mailed to the internet address OCIO IMG Issues@ed.gov or faxed to 202-708-9346. Please specify the complete title of the information collection when making your request.

Comments regarding burden and/or the collection activity requirements should be directed to Kathy Axt at (540) 776-7742 or via her internet address Kathy@ed.gov. Individuals who use a telecommunications device for the deaf (TDD) may call the Federal Information Relay Service (FIRS) at 1-800-877-8339.
