

Estimated Annual Reporting and Recordkeeping "Non-Hour Cost"
Burden: N/A.

Comments: Section 3506(c)(2)(A) of the PRA requires each agency " * * * to provide notice * * * and otherwise consult with members of the public and affected agencies concerning each proposed collection of information * * *." Agencies must specifically solicit comments to: (a) evaluate whether the proposed collection of information is necessary for the agency to perform its duties, including whether the information is useful; (b) evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information; (c) enhance the quality, usefulness, and clarity of the information to be collected; and (d) minimize the burden on the respondents, including the use of automated collection techniques or other forms of information technology.

We published a **Federal Register** Notice on December 3, 1999 (64 FR 67931), with the required 60-day comment period soliciting public comments on renewing OMB's approval to continue to collect this information. No comments were received. If you now wish to comment on this ICR, please send your comments directly to the offices listed under the **ADDRESSES** section of this Notice. OMB has up to 60 days after reviewing an ICR to approve or disapprove the information collection. However, OMB may act sooner than that once the 30-day public comment period has ended. Therefore, to ensure maximum consideration, you should submit your comments on or before August 10, 2000s.

The PRA provides that an agency shall not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB Control Number.

BILLING CODE 4310-MR-U

DEPARTMENT OF THE INTERIOR

National Park Service

Ulysses S. Grant National Historic Site

AGENCY: National Park Service, Interior.

ACTION: Notice of Intent to prepare a general management plan amendment

and environmental assessment for Ulysses S. Grant National Historic Site, St. Louis County, Missouri.

SUMMARY: The National Park Service (NPS) will prepare a general management plan amendment and an associated environmental assessment (EA) for Ulysses S. Grant National Historic Site, Missouri, in accordance with section 102(2)(C) of the National Environmental Policy Act of 1969 (NEPA).

To facilitate sound planning and environmental assessment, the NPS intends to gather information necessary for the preparation of the EA, and to obtain suggestions and information from other agencies and the public on the scope of issues to be addressed in the EA. Comments and participation in this scoping process are invited.

ADDRESSES: Written comments and information concerning the scope of the EA and other matters, or requests to be added to the project mailing list should be directed to: Mr. Randy Wester, Site Manager, Ulysses S. Grant National Historic Site, 7400 Grant Road, St. Louis, MO 63123. Telephone: 314-842-1867, extension 23. E-mail: randy_wester@nps.gov.

DATES: Comments regarding the scope of the EA should reach the National Park Service by August 15, 2000.

FOR FURTHER INFORMATION CONTACT: Site Manager, Ulysses S. Grant National Historic Site, at the address and telephone number above.

SUPPLEMENTARY INFORMATION: Management of Ulysses S. Grant National Historic Site is guided by a general management plan (GMP) that was approved in 1995. The approved GMP includes direction for development of various visitor facilities. In the past five years it has become apparent that some of the plan's guidance regarding development of visitor facilities is no longer practicable. The GMP Amendment/EA will consider new alternatives for: (1) Relocation of the primary entrance to the site, (2) provision for onsite visitor parking, and (3) relocation of the site's barn to with associated development of administrative offices and an interpretive center. Other provisions of the 1995 GMP will not be considered in this amendment and will continue to be in force.

The environmental review of the GMP Amendment/EA for the historic site will be conducted in accordance with requirements of the NEPA (42 U.S.C. 4371 *et seq.*), NEPA regulations (40 CFR 1500-1508), other appropriate Federal regulations, and National Park Service

procedures and policies for compliance with those regulations.

The National Park Service anticipates a draft GMP Amendment/EA will be available for public review in October of 2000. A public open house will be scheduled to explain the project and to receive comment after the draft is released for review.

Dated: June 29, 2000.

Alan M. Hutchings,

Acting Regional Director.

BILLING CODE 7020-02-P

DEPARTMENT OF JUSTICE

Notice of Lodging of Amendment To Consent Decree Under the Comprehensive Environmental Response, Compensation and Liability Act

Under 28 CFR 50.7, notice is hereby given that on June 26, 2000, a proposed Amendment No. 1 to the Consent Decree ("Consent Decree Amendment") in *United States v. ASARCO Incorporated*, Civil Action No. C91-5528B was lodged with the United States District Court for the Western District of Washington.

In the original Consent Decree in this action, the United States settled claims against ASARCO Inc. ("Asarco") under the Comprehensive Environmental Response, Compensation, and Liability Act ("CERCLA") for reimbursement of response costs and implementation of remedial actions in connection with the Asarco Tacoma Smelter, an operable unit of the Commencement Bay Nearshore/Tideflats Superfund Site ("CB N/T Site") in Ruston and Tacoma, Washington. Since entry of the Consent Decree, Asarco has been implementing the remedial action selected by EPA for the Asarco Tacoma Smelter. Amendment No. 1 adds lump sum stipulated penalties to be incurred by Asarco if it fails to meet certain revised deadlines for performing remedial actions at the Asarco Tacoma Smelter and with respect to sediments in Commencement Bay adjacent to the Smelter. The new stipulated penalties relate to revised deadlines by which Asarco must perform certain remedial actions at and near the Asarco Tacoma Smelter that were negotiated by EPA and Asarco and set forth in a Modification Agreement attached to the Consent Decree Amendment as Appendix A. In addition to delaying the schedule for Asarco's implementation of certain response actions at the Smelter, the Modification Agreement also allows for Asarco to reimburse response costs already incurred by EPA but not yet paid in three installments in 2001, 2002, and 2003, with interest accruing on the unpaid balance. The Modification Agreement also modifies requirements under the Consent Decree in *United States v. ASARCO Inc.*, Civil Action No. C94-5714 (W.D. Wash.), relating to the remediation of the Ruston/North
