

from individual exporters. Liaoning, Tianjin, and Universal responded to the separate rates section of the antidumping questionnaire.

We preliminarily determine that Liaoning, Tianjin, Universal and the remaining eighteen respondents are not eligible for a separate rate due to our preliminary determination that the most appropriate antidumping margin is based upon total adverse facts available. Although Liaoning, Tianjin, and Universal initially responded to the separate rates section of the questionnaire, their responses were so wholly inadequate and unreliable that they did not establish that separate rates were warranted.

Preliminary Results of Review

We preliminarily determine that the following dumping margins exists for the period August 1, 1998, through July 30, 1999:

Manufacturer/exporter	Margin (percent)
People's Republic of China-Wide Rate	54.21

An interested party may request a hearing within 30 days of publication of these preliminary results. See 19 CFR 351.310(c). Any hearing, if requested, will be held 44 days after the date of publication, or the first working day thereafter. Interested parties may submit case briefs and/or written comments no later than 30 days after the date of publication of these preliminary results of review. Rebuttal briefs and rebuttals to written comments, limited to issues raised in such briefs or comments, may be filed no later than 37 days after the date of publication. Parties who submit arguments are requested to submit with the argument (1) a statement of the issue, (2) a brief summary of the argument and (3) a table of authorities. Further, we would appreciate it if parties submitting written comments would provide the Department with an additional copy of the public version of any such comments on diskette. The Department will issue the final results of this administrative review, which will include the results of its analysis of issues raised in any such comments, within 120 days of publication of these preliminary results.

The Department shall determine, and the Customs Service shall assess, antidumping duties on all appropriate entries. This rate will be assessed uniformly on all entries of subject merchandise made during the POR. The Department will issue appraisal

instructions directly to the Customs Service.

Furthermore, the following cash deposit requirements will be effective upon publication of the final results of this administrative review for all shipments of the subject merchandise entered, or withdrawn from warehouse, for consumption on or after the publication date, as provided by section 751(a)(1) of the Tariff Act: (1) For previously reviewed or investigated companies that have a separate rate and for which no review was requested, the cash deposit rate will continue to be the company-specific rate published for the most recent period; (2) for all other PRC exporters, the cash deposit rate will be the rate established in the final results of this administrative review; and (3) the cash deposit rate for non-PRC exporters will be the rate applicable to the PRC supplier of the exporter. These deposit requirements, when imposed, shall remain in effect until publication of the final results of the next administrative reviews.

This notice also serves as a preliminary reminder to importers of their responsibility under 19 CFR 351.402(f) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this review period. Failure to comply with this requirement could result in the Secretary's presumption that reimbursement of antidumping duties occurred and the subsequent assessment of double antidumping duties.

This notice is issued and published in accordance with sections 751(a)(1) and 777(i)(1) of the Tariff Act.

Dated: August 30, 2000.

Troy H. Cribb,

Acting Assistant Secretary for Import Administration.
