**SUPPLEMENTARY INFORMATION:** Part F of title IV of the Higher Education Act of 1965, as amended (HEA), specifies the criteria, data elements, calculations, and tables the Department of Education (Department) uses in the Federal Need Analysis Methodology to determine the EFC.

Section 478 of the HEA requires the Secretary to annually update the following four tables for price inflation—the Income Protection Allowance (IPA), the Adjusted Net Worth (NW) of a Business or Farm, the Education Savings and Asset Protection Allowance, and the Assessment Schedules and Rates. The updates are based, in general, upon increases in the Consumer Price Index (CPI).

For AY 2021-22, the Secretary is charged with updating the IPA for parents of dependent students, adjusted NW of a business or farm, the education savings and asset protection allowance, and the assessment schedules and rates to account for inflation that took place between December 2019 and December 2020. However, because the Secretary must publish these tables before December 2020, the increases in the tables must be based on a percentage equal to the estimated percentage increase in the Consumer Price Index for All Urban Consumers (CPI-U) for 2020. The Secretary must also account for any under- or over-estimation of inflation for the preceding year.

In developing the table values for the 2020–21 AY, the Secretary assumed a 2.4 percent increase in the CPI–U for the period December 2018 through December 2019. The actual inflation for this time period was 2.3 percent. The Secretary estimates that the increase in the CPI–U for the period December 2019

through December 2020 will be 2.0 percent.

Additionally, section 601 of the College Cost Reduction and Access Act of 2007 (CCRAA, Pub. L. 110-84) amended sections 475 through 478 of the HEA affecting the IPA tables for the 2009-10 through 2012-13 AYs and required the Department to use a percentage of the estimated CPI to update the table in subsequent years. These changes to the IPA impact dependent students, as well as independent students with dependents other than a spouse and independent students without dependents other than a spouse. This notice includes the new 2021–22 AY values for the IPA tables, which reflect the CCRAA amendments. The updated tables are in sections 1 (Income Protection Allowance), 2 (Adjusted Net Worth of a Business or Farm), and 4 (Assessment Schedules and Rates) of this notice.

Under section 478(d) of the HEA, the Secretary must also revise the education savings and asset protection allowances for each AY. The Education Savings and Asset Protection Allowance table for AY 2021–22 has been updated in section 3 of this notice.

Section 478(h) of the HEA also requires the Secretary to increase the amount specified for the employment expense allowance, adjusted for inflation. This calculation is based on increases in the Bureau of Labor Statistics' marginal costs budget for a two-worker family compared to a one-worker family. The items covered by this calculation are: Food away from home, apparel, transportation, and household furnishings and operations. The Employment Expense Allowance table for AY 2021–22 has been updated in section 5 of this notice.

Section 478(g) of the HEA directs the Secretary to update the tables for State and other taxes after reviewing the Statistics of Income file data maintained by the Internal Revenue Service. This table has been updated in section 6 of this notice.

The HEA requires the following annual updates:

1. Income Protection Allowance. This allowance is the amount of living expenses associated with the maintenance of an individual or family that may be offset against the family's income. The allowance varies by family size. The IPA for dependent students is \$6,970. The IPAs for parents of dependent students for AY 2021–22 are as follows:
