

If the Commission contemplates some form of remedy, it must consider the effects of that remedy upon the public interest. The factors the Commission will consider include the effect that an exclusion order and/or cease and desist orders would have on (1) the public health and welfare, (2) competitive conditions in the U.S. economy, (3) U.S. production of articles that are like or directly competitive with those that are subject to investigation, and (4) U.S. consumers. The Commission is therefore interested in receiving written submissions that address the aforementioned public interest factors in the context of this investigation.

If the Commission orders some form of remedy, the U.S. Trade Representative, as delegated by the President, has 60 days to approve or disapprove the Commission's action. See Presidential Memorandum of July 21, 2005. 70 FR 43251 (July 26, 2005). During this period, the subject articles would be entitled to enter the United States under bond, in an amount determined by the Commission. The Commission is therefore interested in receiving submissions concerning the amount of the bond that should be imposed.

Written Submissions: Parties to the investigation, interested government agencies, and any other interested parties are encouraged to file written submissions on the issues of remedy, the public interest, and bonding. Such submissions should address the recommended determination by the ALJ on remedy and bonding. Complainant and the Commission investigative attorney are also requested to submit proposed remedial orders for the Commission's consideration. Complainant is further requested to provide the expiration date of the '748 patent and state the HTSUS numbers under which the accused articles are imported. The written submissions and proposed remedial orders must be filed no later than the close of business on August 4, 2011. Reply submissions must be filed no later than the close of business on August 12, 2011. No further submissions on these issues will be permitted unless otherwise ordered by the Commission.

Persons filing written submissions must file the original document and 12 true copies thereof on or before the deadlines stated above with the Office of the Secretary. Any person desiring to submit a document (or portion thereof) to the Commission in confidence must request confidential treatment unless the information has already been granted such treatment during the proceedings. All such requests should

be directed to the Secretary of the Commission and must include a full statement of the reasons why the Commission should grant such treatment. See section 201.6 of the Commission's Rules of Practice and Procedure, 19 CFR 201.6. Documents for which confidential treatment by the Commission is sought will be treated accordingly. All nonconfidential written submissions will be available for public inspection at the Office of the Secretary.

The authority for this action is contained in section 337 of the Tariff Act of 1930, as amended (19 U.S.C. 1337), and in sections 210.42–.46 and .50 of the Commission's Rules of Practice and Procedure (19 CFR 210.42–.46,.50).

Issued: July 21, 2011.

By order of the Commission.

James R. Holbein,

Secretary to the Commission.

Notice of Lodging of Joint Stipulation Under the Clean Air Act

Notice is hereby given that on July 25, 2011, a proposed Joint Stipulation to Modify the Sixth Amendment to the Consent Decree entered in *United States v. BP Exploration and Oil Co., et al.*, (Civil No. 2:96 CV 095 RL) ("Joint Stipulation"), was lodged with the United States District Court for the Northern District of Indiana.

The Joint Stipulation modifies the Supplemental Environmental Project (referred to as the "Natural Gas Conversion SEP") required as part of the Sixth Amendment to the Consent Decree. The Sixth Amendment to the Consent Decree resolved the United States' civil claims against BP Products North America Inc. ("BP Products") for alleged Clean Air Act ("CAA") violations at its petroleum refinery located in Texas City, Texas (the "Texas City Refinery"). The Joint Stipulation modifies the Natural Gas Conversion SEP so that heavy-duty diesel vehicles from third parties other than the City of Texas City, Texas and the Texas City Independent School District can now be converted as part of the Natural Gas Conversion SEP. The Joint Stipulation also requires BP Products to convert two additional heavy-duty diesel vehicles as part of the Natural Gas Conversion SEP, and eliminates the requirement to convert light-duty gasoline vehicles. Pursuant to the Sixth Amendment, BP Products was required to spend at least \$6,000,000 on the Natural Gas Conversion SEP. Pursuant to the Joint Stipulation, BP Products will have to spend at least \$6,250,000 in completing the modified SEP.

The Joint Stipulation also requires BP Products to perform a "Handheld Air Monitor SEP." As part of this SEP, BP Products will provide the Galveston County Health District and the Texas City Fire Department with handheld ambient air monitors that are capable of detecting volatile organic compounds (VOCs), as well as other toxic and combustible gases. BP Products is required to spend at least \$35,000 in

completing the Handheld Air Monitor SEP.

The Department of Justice will receive for a period of thirty (30) days from the date of this publication comments relating to the Joint Stipulation. Comments should be addressed to the Assistant Attorney General, Environment and Natural Resources Division, and either e-mailed to pubcomment-ees.enrd@usdoj.gov or mailed to P.O. Box 7611, U.S. Department of Justice, Washington, DC 20044-7611, and should refer to *United States v. BP Exploration & Oil Co., et al.*, D.J. Ref. 90-5-2-1-07109.

During the public comment period, the Joint Stipulation may also be examined on the following Department of Justice Web site: http://www.usdoj.gov/enrd/Consent_Decrees.html. A copy of the Joint Stipulation may also be obtained by mail from the Consent Decree Library, P.O. Box 7611, U.S. Department of Justice, Washington, DC 20044-7611 or by faxing or e-mailing a request to Tonia Fleetwood (tonia.fleetwood@usdoj.gov), fax no.
