

previously-approved collection—and provide an opportunity for comment. See 44 U.S.C. 3506(c)(2)(A); 5 CFR 1320.8(d)(1).

To comply with this requirement, the Access Board published its 60-day Notice in April 2020. See 85 FR 18913 (April 3, 2020). The Access Board is now publishing this 30-day Notice for the proposed renewal of this information collection. OMB's approval of the current version of the Access Board's Online ABA Complaint Form is set to expire in August 2020.

**OMB Control Number:** 3014–0012.

**Title:** Online Architectural Barriers Act (ABA) Complaint Form.

**Type of Review:** Extension of a currently approved information collection.

**Abstract:** The Access Board is statutorily charged with enforcing the ABA through, among other things, investigation of complaints from members of the public concerning the accessibility of covered buildings or facilities, namely—those owned or leased by the Federal government, as well as those constructed or altered using Federal funds from grants or loans. See 29 U.S.C. 792(b)(1), (e). At present, over 90% of individuals elect to submit their ABA complaints using the Online ABA Complaint Form; the remainder are submitted in writing, without the need to use a hard-copy complaint form, by email, regular mail, or fax.

By this notice, the Access Board is proposing to continue using essentially the same Online ABA Complaint Form for another three years. We propose to make formatting-type changes only that will make update the “look and feel” of the online form; we are not making any material, substantive revisions.

In sum, the Online ABA Complaint Form seeks information needed by the Access Board to investigate complaints and, if desired, contact the complainant. Mandatory fields are: Name and location (by city and state) of the building/facility at issue and description of accessibility barrier(s). Optional fields include the building/facility address and the complainant's name and contact information. (Where provided, a complainant's identity and other personal information may not be disclosed outside the agency without his or her written permission.) Individuals may also upload electronic attachments (e.g., pictures, drawings) relevant to their complaint, if desired. Once a complaint is submitted, the system automatically provides confirmation of successful submission, a complaint number, and the option to print a copy of the submitted complaint.

Complainants who elect to provide an email address as part of their contact information also receive an automatically generated confirmation email.

**Description of Respondents:**

Individual members of the public.

**Estimated Total Annual Number of Responses:** Approximately 185 individuals submit complaints using the Online ABA Complaint Form each year.

**Estimated Frequency of Response:** Occasional. Complainants submit one complaint for each building or facility at which they noted accessibility barriers, regardless of the number of barriers encountered.

**Estimated Time Burden per Response:** On average, about 30 minutes per online complaint; the time burden may vary depending on the number of accessibility barriers identified in a complaint. There is no financial burden to complainants.

**Estimated Total Annual Burden Hours:** Approximately 93 hours.

**Request for Comment:** Comments are again invited on: (a) Whether the proposed collection of information is necessary for performance of the Access Board's work; (b) the accuracy of the estimated burden; (c) ways for the Access Board to enhance the quality, utility, and clarity of the information collection; and (d) ways that the burden could be minimized without reducing the quality of the collected information. If you wish to comment in response to this Notice, you may send your comments as specified under the **ADDRESSES** section of this Notice by August 10, 2020.

The Commission will hear testimony from experts on how the pandemic has impacted Native American communities with respect to healthcare, housing, and infrastructure components such as access to water and broadband, and whether the federal government is meeting its obligations to Native American people in this current crisis.

Call for Public Comments:

In addition to the testimony collected on Friday, July 17, 2020 via virtual briefing, the Commission welcomes the submission of material for consideration as we prepare our report. Please submit such information no later than Friday, July 24, 2020, to *BrokenPromises@usccr.gov* or OCRE/Public Comments, U.S. Commission on Civil Rights, 1331 Pennsylvania Ave. NW, Suite 1150, Washington, DC 20425. Please address the following questions:

1. *Broken Promises* found that Native Americans experience distinct health disparities as compared to other Americans which are compounded by Native American healthcare programs being chronically underfunded. How has the outbreak of COVID-19 impacted these health disparities?

2. *Broken Promises* found that there is a severe lack of affordable housing and adequate physical infrastructure in Indian Country. Due to a lack of federal investment in affordable housing and infrastructure such as roads, water, sewer, and electricity, Native Americans often find themselves living in overcrowded housing without basic utilities and infrastructure. What have been the consequences of these disparities in housing conditions and access to infrastructure during the outbreak of COVID-19?

3. *Broken Promises* found that telecommunications infrastructure, especially wireless and broadband internet services, is often inaccessible to many Native Americans in Indian Country. These services are necessary to keep the community connected to telehealth services, remote education, economic development, and public safety. Has this lack of telecommunications created additional barriers for Native Americans in coping with and reacting to the pandemic?

4. Have the congressional responses to the pandemic—especially the passage of

the CARES Act and other stimulus packages—done enough to help Native people with the challenges posed by COVID-19?

5. Has the Executive Branch's responses to the pandemic—including its statutory interpretation and administrative implementation of laws passed by Congress—done enough to help Native peoples cope with the challenges passed by Congress?

6. What recommendations should the Commission make to Congress and the federal government to ensure that Native American communities can address the coronavirus pandemic?

Dated: July 8, 2020.
