If a LEC rejects an IXC-submitted PIC Order for a multi-line account (*i.e.*, the customer has selected the IXC as his PIC for two or more lines or terminals associated with his billing telephone number), the notification provided by the LEC rejecting that Order must explain the effect of the rejection with respect to each line (working telephone number or terminal) associated with the customer's billing telephone number. A LEC is not required to generate a line-specific or terminal-specific response, however, and may communicate the rejection at the billing telephone level, when the LEC is unable to process an entire Order, including all working telephone numbers and terminals associated with a particular billing telephone number. In addition, the notification must indicate the jurisdictional scope of the PIC Order rejection (*i.e.*, intraLATA and/or interLATA and/or international). If a LEC rejects a PIC Order because:

§ 64.4003 Notification obligations of IXCs.

To the extent that the information is reasonably available to an IXC, the IXC shall provide to a LEC the customer account information described in this section consistent with § 64.4004. Nothing in this section shall prevent an IXC from providing additional customer account information to a LEC to the extent that such additional information is necessary for billing purposes or to properly execute a customer's PIC Order.

(a) *IXC-submitted PIC Order.* When a customer contacts an IXC to establish interexchange service on a presubscribed basis, the IXC selected must submit the customer's properly verified PIC Order (*see* 47 CFR 64.1120(a)) to the customer's LEC, instructing the LEC to install or change

the PIC for the customer's line(s) to that IXC. The notification provided by the IXC to the LEC must contain all of the information necessary to properly execute the Order including but not limited to:

(b) *Customer contacts IXC to cancel PIC and to select no-PIC status.* When an end user customer contacts an IXC to discontinue interexchange service on a presubscribed basis, the IXC must confirm that it is the customer's desire to have no PIC and, if that is the case, the IXC must notify the customer's LEC. The IXC also is encouraged to instruct the customer to notify his LEC. An IXC may satisfy this requirement by establishing a three-way call with the customer and the customer's LEC to confirm that it is the customer's desire to have no PIC and, where appropriate, to provide the customer the opportunity to withdraw any PIC freeze that may be in place. The notification provided by the IXC to the LEC must contain the customer account information necessary to properly execute the cancellation Order including but not limited to:
