

DEPARTMENT OF TRANSPORTATION**Federal Aviation Administration****14 CFR Part 71**

[Docket No. FAA–2023–0694; Airspace
Docket No. 23–ASO–11]

RIN 2120–AA66

**Amendment of Class D and Class E
Airspace; Kissimmee, FL**

AGENCY: Federal Aviation
Administration (FAA), DOT.

ACTION: Final rule.

SUMMARY: This action amends the Kissimmee, FL, Class D, and Class E airspace descriptions to update the Kissimmee Gateway Airport name and geographic coordinates. This action does not change the boundaries, altitudes, or operating requirements of the Class D and E airspace areas.

DATES: Effective 0901 UTC, June 15, 2023. The Director of the Federal Register approves this incorporation by reference action under 1 CFR part 51, subject to the annual revision of FAA Order JO 7400.11 and publication of conforming amendments.

ADDRESSES: A copy of the Notice of Proposed Rulemaking (NPRM), all comments received, this final rule, and all background material may be viewed online at www.regulations.gov using the FAA Docket number. Electronic retrieval help and guidelines are available on the website. It is available 24 hours each day, 365 days each year.

FAA Order JO 7400.11G, Airspace Designations and Reporting Points, and subsequent amendments can be viewed online at www.faa.gov/air_traffic/publications/. You may also contact the Rules and Regulations Group, Office of Policy, Federal Aviation Administration, 800 Independence Avenue SW, Washington, DC 20591; telephone: (202) 267–8783.

SUPPLEMENTARY INFORMATION:

Authority for This Rulemaking

The FAA's authority to issue rules regarding aviation safety is found in Title 49 of the United States Code. Subtitle I, Section 106 describes the authority of the FAA Administrator. Subtitle VII, Aviation Programs, describes in more detail the scope of the agency's authority. This rulemaking is promulgated under the authority

described in Subtitle VII, Part A, Subpart I, Section 40103. Under that section, the FAA is charged with prescribing regulations to assign the use of airspace necessary to ensure the safety of aircraft and the efficient use of airspace. This regulation is within the scope of that authority, as it amends Class D and E airspace descriptions in Kissimmee, FL, by updating the airport's name and geographic coordinates.

Incorporation by Reference

Class D and Class E airspace designations are published in Paragraphs 5000 and 6005, respectively, of FAA Order JO 7400.11, Airspace Designations and Reporting Points, which is incorporated by reference in 14 CFR 71.1 on an annual basis. This document amends the current version of that order, FAA Order JO 7400.11G, Airspace Designations and Reporting Points, dated August 19, 2022, and effective September 15, 2022. These updates would subsequently be published in the next update to FAA Order JO 7400.11. FAA Order JO 7400.11G is publicly available as listed in the **ADDRESSES** section of this document. FAA Order JO 7400.11G lists Class A, B, C, D, and E airspace areas, air traffic service routes, and reporting points.

The Rule

This action amends 14 CFR part 71 by amending Class D airspace and Class E airspace extending upward from 700 feet above the surface for Kissimmee Gateway Airport (formerly Lakeland Kissimmee Municipal Airport), Kissimmee, FL, by updating this airport's name and geographic coordinates to coincide with the FAA's database. This action also replaces the terms Notice to Airmen with Notice to Air Missions and Airport/Facility Directory with Chart Supplement in the Class D airspace description. This action does not affect the boundaries, altitudes, or operating requirements of the airspace. Therefore, notice and public procedure under 5 U.S.C. 553(b) is unnecessary.

Regulatory Notices and Analyses

The FAA has determined that this regulation only involves an established body of technical regulations for which frequent and routine amendments are necessary to keep them operationally current. It, therefore: (1) is not a "significant regulatory action" under Executive Order 12866; (2) is not a "significant rule" under DOT Regulatory Policies and Procedures (44 FR 11034; February 26, 1979); and (3)

does not warrant preparation of a regulatory evaluation as the anticipated impact is minimal. Since this is a routine matter that only affects air traffic procedures and air navigation, it is certified that this rule, when promulgated, does not have a significant economic impact on a substantial number of small entities under the criteria of the Regulatory Flexibility Act.

Environmental Review

The FAA has determined that this action qualifies for categorical exclusion under the National Environmental Policy Act in accordance with FAA Order 1050.1F, "Environmental Impacts: Policies and Procedures," paragraph 5–6.5a.

This airspace action is not expected to cause any potentially significant environmental impacts, and no extraordinary circumstances exist that warrant the preparation of an environmental assessment.

Lists of Subjects in 14 CFR Part 71

Airspace, Incorporation by reference, Navigation (air).

The Amendment

In consideration of the foregoing, the Federal Aviation Administration amends 14 CFR part 71 as follows:

PART 71—DESIGNATION OF CLASS A, B, C, D, AND E AIRSPACE AREAS; AIR TRAFFIC SERVICE ROUTES; AND REPORTING POINTS

■ 1. The authority citation for part 71 continues to read as follows:

Authority: 49 U.S.C. 106(f), 106(g); 40103, 40113, 40120; E.O. 10854, 24 FR 9565, 3 CFR, 1959–1963 Comp., p. 389.

§ 71.1 [Amended]

■ 2. The incorporation by reference in 14 CFR 71.1 of FAA Order JO 7400.11G, Airspace Designations and Reporting Points, dated August 19, 2022, and effective September 15, 2022, is amended as follows:

Paragraph 5000 Class D Airspace.

* * * * *

ASO FL D Kissimmee, FL [Amended]

Kissimmee Gateway Airport, FL
(Lat 28°17'23" N, long. 81°26'13" W)

That airspace extending upward from the surface to but not including 1,600 feet MSL within a 4-mile radius of the Kissimmee Gateway Airport, excluding that portion within the Orlando International Airport, FL, Class B airspace area. This Class D airspace area is effective during the specific dates and times established in advance by a Notice to Air Missions. The effective date and time will thereafter be continuously published in the Chart Supplement.

Paragraph 6005 Class E Airspace Areas Extending Upward From 700 Feet or More Above the Surface of the Earth.

* * * * *

ASO FL E5 Orlando, FL [Amended]

Orlando Executive Airport, FL
(Lat 28°32'44" N, long. 81°19'59" W)

Orlando VORTAC
(Lat 28°32'34" N, long. 81°20'06" W)

Orlando International Airport
(Lat 28°25'46" N, long. 81°18'32" W)

Kissimmee Gateway Airport
(Lat 28°17'23" N, long. 81°26'13" W)

That airspace extending upward from 700 feet above the surface within a 7-mile radius of Orlando Executive Airport, and within 3.1-miles each side of Orlando VORTAC 067° radial extending from the 7-mile radius to 9.5-miles northeast of the VORTAC, and within a 7-mile radius of Orlando International Airport, and within 3 miles each side of Orlando VORTAC 176° radial extending from the 7-mile radius to 19 miles south of the VORTAC, and within a 7-mile radius of Kissimmee Gateway Airport.

Issued in College Park, Georgia, on April 10, 2023.

Andree C. Davis,

Manager, Airspace & Procedures Team South, Eastern Service Center, Air Traffic Organization.

Bureau of Industry and Security

15 CFR Part 744

[Docket No. 230407-0094]

RIN 0694-AJ21

Additions and Revisions of Entities to the Entity List

AGENCY: Bureau of Industry and Security, Department of Commerce.

ACTION: Final rule.

SUMMARY: The Bureau of Industry and Security is amending the Export Administration Regulations (EAR) by adding 28 entities under 32 entries to the Entity List. These entities are listed under the destinations of Armenia (1), the People's Republic of China (China) (12), Malta (1), Russia (10), Singapore (1), Spain (1), Syria (1), Turkey (1), the United Arab Emirates (UAE) (2), and Uzbekistan (2). Some entities are added under multiple entries, accounting for the difference in the totals. This final rule also modifies two existing entries on the Entity List under the destinations of China and Russia.

DATES: This rule is effective April 12, 2023.

FOR FURTHER INFORMATION CONTACT:

Chair, End-User Review Committee, Office of the Assistant Secretary for Export Administration, Bureau of Industry and Security, Department of Commerce, Phone: (202) 482-5991, Email: ERC@bis.doc.gov.

SUPPLEMENTARY INFORMATION:

Background

The Entity List (supplement no. 4 to part 744 of the EAR (15 CFR parts 730-774)) identifies entities for which there is reasonable cause to believe, based on specific and articulable facts, that the entities have been involved, are involved, or pose a significant risk of being or becoming involved in activities contrary to the national security or foreign policy interests of the United States, pursuant to § 744.11(b). The EAR impose additional license requirements on, and limit the availability of, most license exceptions for exports, reexports, and transfers (in-country) where a listed entity is a party to the transaction. The license review policy for each listed entity is identified in the "License Review Policy" column on the Entity List, and the impact on the availability of license exceptions is described in the relevant **Federal Register** document that adds the entity to the Entity List. The Bureau of Industry and Security (BIS) places entities on the Entity List pursuant to part 744 (Control Policy: End-User and End-Use Based) and part 746 (Embargoes and Other Special Controls) of the EAR.

The End-User Review Committee (ERC), composed of representatives of the Departments of Commerce (Chair), State, Defense, Energy and, where appropriate, the Treasury, makes all decisions regarding additions to, removals from, or other modifications to the Entity List. The ERC makes all decisions to add an entry to the Entity List by majority vote and makes all decisions to remove or modify an entry by unanimous vote.

Additions to the Entity List

The ERC determined to add Allparts Trading Co., Ltd.; Avtex Semiconductor Limited; ETC Electronics Ltd.; Maxtronic International Co., Ltd.; and STK Electronics (HK) Co., Ltd, under the destination of China; ETC Electronics; Promelektronika; TD Promelektronika LLC; and OOO Vest-Ost to the Entity List under the destination of Russia for attempting to evade export controls and acquiring or attempting to acquire U.S.-origin items in support of Russia's military and/or defense industrial base. Specifically, these nine entities have continued to

procure or attempt to procure items on behalf of Russian entities that have been sanctioned since Russia's further invasion of Ukraine. This activity is contrary to U.S. national security and foreign policy interests under § 744.11. These entities qualify as 'military end users' under § 744.21 of the EAR and are receiving a footnote 3 designation because the ERC has determined that they are Russian or Belarusian 'military end users' pursuant to § 744.21. A footnote 3 designation subjects these entities to the Russia/Belarus-Military End User Foreign Direct Product (FDP) rule, detailed in § 734.9(g). These entities are added with a license requirement for all items subject to the EAR. They are added with a license review policy of denial for all items subject to the EAR apart from food and medicine designated as EAR99, which will be reviewed on a case-by-case basis.

The ERC determined to add I JET GLOBAL DMCC under the destinations of Malta, Spain, Syria and the United Arab Emirates (UAE); and Success Aviation Services under the destination of the UAE to the Entity List for coordinating flights that assisted in the transfer of Iranian unmanned aerial vehicles (UAVs), personnel, and related equipment from Iran to Russia, ultimately contributing to Russia's military and defense industrial base. These entities are added with a license requirement for all items subject to the EAR. They are added with a license review policy of a presumption of denial.

The ERC determined to add the following 16 entities under 17 entries to the Entity List for attempting to evade export controls and acquiring or attempting to acquire U.S.-origin items in support of Russia's military and/or defense industrial base: Tako LLC, under the destination of Armenia; 3HC Semiconductors (HK) Co., Ltd.; Leadway Technology Limited; Newsuntech Electronics Limited; Wynn Electronics Co. Ltd.; Yishang Network (Shenzhen) Co., Ltd.; and Yongli Electronic Components (Shenzhen) Co., Ltd., under the destination of China; Art Logistics LLC; GFK Logistics LLC; Novastream Limited; SKS Elektron Broker LLC; Trust Logistics; and Trust Logistics Group LLC under the destination of Russia; Alfa Beta Creative LLC and GFK Logistic Asia LLC under the destination of Uzbekistan; and Xinnlinx Electronics Pte Ltd under the destinations of China and Singapore. Specifically, these entities have continued to procure items on behalf of Russian parties designated on the Entity List or on the U.S. Department of the Treasury, Office of Foreign Assets
