

received during early scoping and the scoping period are being used to identify significant resources and effects that should be considered in the preparation of the Draft IFR–EIS.

Comments received after the comment period closes will be considered prior to the Draft IFR–EIS public review period, to the extent possible. For those that cannot be addressed prior to the public review period, the comments will be included within the public review period and addressed at that time.

While no public scoping meetings are scheduled during this scoping period, virtual public scoping meetings were held on September 16 and 17, 2020 coinciding with the Notice of Early Scoping issued in the **Federal Register** August 2020. The Port has also held numerous public engagement sessions including a robust outreach effort in the Fall of 2022 with a total of sixteen virtual and in-person public engagement events to further describe the purpose of the Study and strategies being considered, as well as to seek feedback on areas of concern and the plan formulation process.

8. *Availability of Draft IFR–EIS.* The USACE currently estimates that the Draft IFR–EIS will be available for public review and comment in the Fall of 2023. At that time, the USACE will provide a 60-day public review period for individuals and agencies to review and comment. The USACE will notify all interested agencies, organizations, and individuals of the availability of the draft document at that time. All interested parties are encouraged to respond to this notice and provide a current address if they wish to be notified of the Draft EIS circulation.

Title of Collection: Ronald E. McNair Postbaccalaureate Achievement Program Annual Performance Report.

OMB Control Number: 1840–0640.

Type of Review: A revision of a currently approved ICR.

Respondents/Affected Public: Private Sector; State, Local, and Tribal Governments.

Total Estimated Number of Annual Responses: 206.

Total Estimated Number of Annual Burden Hours: 2,297.

Abstract: Ronald E. McNair Postbaccalaureate Achievement (McNair) Program grantees must submit the Annual Performance Report each year. The reports are used to evaluate grantees' performance for substantial progress, respond to the Government Performance and Results Act (GPRA), and award prior experience points at the end of each project (budget) period. The Department also aggregates the data to provide descriptive information on the projects and to analyze the impact of the McNair Program on the academic progress of participating students.

In this revision, the Department added two fields, at the project level, requesting information on the implementation of the Competitive Preference Priorities (CPPs) used in the most recent grant competition. The addition of the CPP questions coupled with an increase in the number of respondents resulted in a slight increase in total annual burden hours.

Dated: July 24, 2023.
