Vertical Metal File Cabinets From the People's Republic of China: Continuation of Antidumping Duty and Countervailing Duty Orders

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: As a result of the determinations by the U.S. Department of Commerce (Commerce) and the U.S. International Trade Commission (ITC) that revocation of the antidumping duty (AD) order and countervailing duty (CVD) order on vertical metal file cabinets from the People's Republic of China (China) would likely lead to the continuation or recurrence of dumping and net countervailable subsidies, and material injury to an industry in the United States, Commerce is publishing a notice of continuation of these AD and CVD orders.

DATES: Applicable May 30, 2025.

FOR FURTHER INFORMATION CONTACT:

Juanita Chen, Office of Trade Agreements Policy and Negotiations, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230; telephone: (202) 482–5255.

SUPPLEMENTARY INFORMATION:

Background

On December 13, 2019, Commerce published in the **Federal Register** the AD and CVD orders on vertical metal file cabinets from China.¹ On November

¹ See *Vertical Metal File Cabinets from the People's Republic of China: Antidumping and Countervailing Duty Orders*, 84 FR 68121

1, 2024 and November 4, 2024 the ITC instituted,² and Commerce initiated,³ respectively, the first sunset reviews of the *Orders*, pursuant to section 751(c) of the Tariff Act of 1930, as amended (the Act). As a result of its reviews, Commerce determined that revocation of the *Orders* would likely lead to the continuation or recurrence of dumping and net countervailable subsidies, and therefore notified the ITC of the magnitude of the margins of dumping and subsidy rates likely to prevail should the *Orders* be revoked.⁴

On May 30, 2025, the ITC published its determination, pursuant to sections 751(c) and 752(a) of the Act, that revocation of the *Orders* would likely lead to continuation or recurrence of material injury to an industry in the United States within a reasonably foreseeable time.⁵

Scope of the Orders

The scope of these *Orders* covers freestanding vertical metal file cabinets containing two or more extendable file storage elements and having an actual width of 25 inches or less.

The subject vertical metal file cabinets have bodies made of carbon and/or alloy steel and or other metals, regardless of whether painted, powder coated, or galvanized or otherwise coated for corrosion protection or aesthetic appearance. The subject vertical metal file cabinets must have two or more extendable elements for file storage (e.g., file drawers) of a height that permits hanging files of either letter (8.5" x 11") or legal (8.5" x 14") sized documents.

An "extendable element" is defined as a movable load-bearing storage component including, but not limited to, drawers and filing frames. Extendable elements typically have suspension systems, consisting of glide blocks or ball bearing glides, to facilitate opening and closing.

The subject vertical metal file cabinets typically come in models with two,

three, four, or five-file drawers. The inclusion of one or more additional non-file-sized extendable storage elements, not sized for storage files (e.g., box or pencil drawers), does not remove an otherwise in-scope product from the scope as long as the combined height of the non-file-sized extendable storage elements does not exceed six inches. The inclusion of an integrated storage area that is not extendable (e.g., a cubby) and has an actual height of six inches or less, also does not remove a subject vertical metal file cabinet from the scope. Accessories packaged with a subject vertical file cabinet, such as separate printer stands or shelf kits that sit on top of the in-scope vertical file cabinet are not considered integrated storage.

"Freestanding" means the unit has a solid top and does not have an open top or a top with holes punched in it that would permit the unit to be attached to, hung from, or otherwise used to support a desktop or other work surface. The ability to anchor a vertical file cabinet to a wall for stability or to prevent it from tipping over does not exclude the unit from the scope.

The addition of mobility elements such as casters, wheels, or a dolly does not remove the product from the scope. Packaging a subject vertical metal file cabinet with other accessories, including, but not limited to, locks, leveling glides, caster kits, drawer accessories (e.g., including but not limited to follower wires, follower blocks, file compressors, hanger rails, pencil trays, and hanging file folders), printer stand, shelf kit and magnetic hooks, also does not remove the product from the scope. Vertical metal file cabinets are also in scope whether they are imported assembled or unassembled with all essential parts and components included.

Excluded from the scope are lateral metal file cabinets. Lateral metal file cabinets have a width that is greater than the body depth, and have a body with an actual width that is more than 25 inches wide.

Also excluded from the scope are pedestal file cabinets. Pedestal file cabinets are metal file cabinets with body depths that are greater than or equal to their width, are under 31 inches in actual height, and have the following characteristics: (1) An open top or other the means for the cabinet to be attached to or hung from a desktop or other work surface such as holes punched in the top (i.e., not freestanding); or (2) freestanding file cabinets that have all of the following: (a) At least a 90 percent drawer extension for all extendable file storage

elements; (b) a central locking system; (c) a minimum weight density of 9.5 lbs./cubic foot; and (d) casters or leveling glides.

"Percentage drawer extension" is defined as the drawer travel distance divided by the inside depth dimension of the drawer. Inside depth of drawer is measured from the inside of the drawer face to the inside face of the drawer back. Drawer extension is the distance the drawer travels from the closed position to the maximum travel position which is limited by the out stops. In situations where drawers do not include an outstop, the drawer is extended until the drawer back is 3½ inches from the closed position of inside face of the drawer front. The "weight density" is calculated by dividing the cabinet's actual weight by its volume in cubic feet (the multiple of the product's actual width, depth, and height). A "central locking system" locks all drawers in a unit.

Also excluded from the scope are fire proof or fire-resistant file cabinets that meet Underwriters Laboratories (UL) fire protection standard 72, class 350, which covers the test procedures applicable to fire-resistant equipment intended to protect paper records.

The merchandise subject to the *Orders* is classified under Harmonized Tariff Schedule of the United States (HTSUS) subheading 9403.10.0020. The subject merchandise may also enter under HTSUS subheadings 9403.10.0040, 9403.20.0080, 9403.20.0081, and 9403.20.0090. While HTSUS subheadings are provided for convenience and customs purposes, the written description of the scope of the *Orders* is dispositive.

Continuation of the Orders

As a result of the determinations by Commerce and the ITC that revocation of the *Orders* would likely lead to continuation or recurrence of dumping and net countervailable subsidies, and material injury to an industry in the United States, pursuant to section 751(d)(2) of the Act, Commerce hereby orders the continuation of the *Orders*. U.S. Customs and Border Protection will continue to collect AD and CVD cash deposits at the rates in effect at the time of entry for all imports of subject merchandise.

The effective date of the continuation of the *Orders* will be May 30, 2025.⁶ Pursuant to section 751(c)(2) of the Act and 19 CFR 351.218(c)(2), Commerce intends to initiate the next five-year reviews of the *Orders* not later than 30 days prior to fifth anniversary of the

(December 13, 2019); as corrected in *Vertical Metal File Cabinets From the People's Republic of China: Correction to Antidumping and Countervailing Duty Orders*, 85 FR 3611 (January 22, 2020) (collectively, *Orders*).

Administrative Protective Order (APO)

This notice also serves as a final reminder to parties subject to an APO of their responsibility concerning the return or destruction of proprietary information disclosed under APO in accordance with 19 CFR 351.305(a)(3), which continues to govern business proprietary information in this segment of the proceeding. Timely written notification of the return or destruction of APO materials, or conversion to judicial protective order, is hereby requested. Failure to comply with the regulations and terms of an APO is a violation which is subject to sanction.

Notification to Interested Parties

These five-year (sunset) reviews and this notice are in accordance with sections 751(c) and 751(d)(2) of the Act and published in accordance with section 777(i) of the Act, and 19 CFR 351.218(f)(4).

Stainless Steel Bar From India: Preliminary Results and Intent To Rescind, in Part, of Antidumping Duty Administrative Review; 2023–2024

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: The U.S. Department of Commerce (Commerce) is conducting an administrative review of the antidumping duty (AD) order on stainless steel bar from India. The period of review (POR) is February 1, 2023, through January 31, 2024. This review covers eight producers/exporters of the subject merchandise. We preliminarily determine that Atlas Stainless Corporation Private Limited (Atlas) to be collapsed with Astrabright LLP, Bahubali Steel Industries, Eurostahl Tech LLP, Venus Metal Corporation, Precision Metals, Venus Wire Industries Private Limited, Hindustan Inox Limited, and Sieves Manufactures (India) Private Limited, and sold subject merchandise at less

than at normal value (NV) during the POR. We also preliminarily determine that Aamor Inox Limited (Aamor) did not make sales of subject merchandise at less than NV during the POR. We invite interested parties to comment on these preliminary results.

DATES: Applicable June 11, 2025.

FOR FURTHER INFORMATION CONTACT:

Hermes Pinilla or Jacob Keller, AD/CVD Operations, Office I, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230; telephone: (202) 482–3477 or (202) 482–4889, respectively.

SUPPLEMENTARY INFORMATION:

Background

On February 21, 1995, Commerce published the AD order on stainless steel bar from India.¹ On February 2, 2024, Commerce published a notice of opportunity to request an administrative review of the *Order*.² On April 9, 2024, based on timely requests for administrative reviews, Commerce initiated an administrative review of the *Order*,³ and subsequently selected Aamor and Atlas as the mandatory respondents. On July 22, 2024, Commerce tolled certain deadlines by seven days.⁴ On October 21, 2024, Commerce extended the deadline for the preliminary results by 120 days.⁵ On December 9, 2024, Commerce tolled certain deadlines by 90 days.⁶ Thus, the deadline for the preliminary results of this administrative review is June 5, 2025.

Scope of the Order

The product covered by this *Order* is stainless steel bar from India. For a full description of the scope, see the Preliminary Decision Memorandum.⁷

⁵ See Memorandum, Extension of Deadline for Preliminary Results,” dated October 21, 2024.

⁶ See Memorandum, “Tolling of Deadlines for Antidumping and Countervailing Duty Proceedings,” dated December 9, 2024.

⁷ See Memorandum, “Stainless Steel Bar from India: Decision Memorandum for Preliminary Results of Antidumping Duty Administrative Review; 2023–2024,” dated concurrently with, and hereby adopted by, this notice (Preliminary Decision Memorandum), at 2–3.

Methodology

Commerce is conducting this review in accordance with section 751(a)(1)(B) of the Tariff Act of 1930, as amended (the Act). Export price and constructed export price are calculated in accordance with section 772 of the Act. NV is calculated in accordance with section 773 of the Act.

For a full description of the methodology underlying our conclusions, see the Preliminary Decision Memorandum. A list of the topics discussed in the Preliminary Decision Memorandum is included as the appendix to this notice. The Preliminary Decision Memorandum is a public document and is made available to the public via Enforcement and Compliance’s Antidumping and Countervailing Duty Centralized Electronic Service System (ACCESS). ACCESS is available to registered users at <https://access.trade.gov>. In addition, a complete version of the Preliminary Decision Memorandum can be accessed directly at <https://access.trade.gov/public/FRNoticesListLayout.aspx>. Intent to Rescind, In Part

Pursuant to 19 CFR 351.213(d)(3), it is Commerce’s practice to rescind an administrative review of an AD order where it determines that there were no suspended entries of subject merchandise during the POR.⁸ Normally, upon completion of an administrative review, the suspended entries are liquidated at the AD assessment rate for the review period. Therefore, for an administrative review to be conducted, there must be a suspended entry that Commerce can instruct U.S. Customs and Border Protection (CBP) to liquidate at the calculated AD assessment rate for the review period.⁹

⁸ See, e.g., *Certain Carbon and Alloy Steel Cut-to-Length Plate from the Federal Republic of Germany: Rescission of Antidumping Administrative Review; 2020–2021*, 88 FR 4157 (January 24, 2023).

⁹ See, e.g., *Shanghai Sunbeauty Trading Co. v. United States*, 380 F. Supp. 3d 1328, 1335–36 (CIT 2019) (referring to section 741(a) of the Act, the U.S. Court of International Trade (CIT) held that: “While the statute does not explicitly require that an entry be suspended as a prerequisite for establishing entitlement to a review, it does explicitly state the determined rate will be used as the liquidated rate for the review entries. This result can only obtain if the liquidation of entries has been suspended”); see also *Certain Frozen Fish Fillets from the Socialist Republic of Vietnam: Final Results of Antidumping Duty Administrative Review And Final Determination of No Shipments; 2018–2019*, 86 Fr 36102 (July 8, 2021), and accompanying Issues and Decision Memorandum at Comment 4; and *Solid Fertilizer Grade Ammonium Nitrate from the Russian Federation: Notice of Rescission of Antidumping Duty Administrative Review*, 77 FR 65532 (October 29, 2012) (noting that “for an administrative review to be conducted, there must be a reviewable, suspended entry to be liquidated at the newly calculated assessment rate”).
