SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-65776; File No. SR-Phlx-2011-131]

Self-Regulatory Organizations; NASDAQ OMX PHLX LLC; Order Granting Approval of Proposed Rule Change Expanding the Short Term Option Series Program

November 17, 2011.

I. Introduction

On September 28, 2011, NASDAQ OMX PHLX LLC (“Phlx” or “Exchange”) filed with the Securities and Exchange Commission (“Commission”), pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 (“Act”) ¹ and Rule 19b-4 thereunder,² a proposed rule change to expand the Short Term Option Program (“Program”) to allow the Exchange to: (1) Select up to 30 option classes on which Short Term Option Series (“STO Series”) may be listed; and (2) open Short Term Option Series that are opened by other securities exchanges in option classes selected by such exchanges under their respective short term option rules. The proposed rule change was published for comment in the **Federal Register** on October 17, 2011.³ The Commission received no comment letters on the proposal. This order approves the proposed rule change.

II. Description of the Proposal

The Exchange proposed to amend Rule 1012 (Series of Options Open for Trading) and Rule 1101A (Terms of Option Contracts) to expand the Short Term Option Series Program (“STO Program” or “Program”) to: (1) Increase from 15 to 30 the number of option classes on which STO Series may be opened; and (2) allow the Exchange to open STO Series that are opened by other securities exchanges (the “STO Exchanges”) in option classes selected by such exchanges under their respective short term option rules.

In the Notice, the Exchange stated that the principal reason for the proposed expansion is market demand for additional STO classes and series. The Exchange stated that it has had to turn away STO customers because it could not list, or had to delist, STO Series or could not open adequate STO Series because of restrictions in the STO Program.

The Exchange also stated that it has analyzed its capacity, and represented that it and the Options Price Reporting Authority (“OPRA”) have the necessary systems capacity to handle the potential additional traffic associated with trading of an expanded number of classes in the Program.

III. Discussion

The Commission finds that the proposed rule change is consistent with the requirements of the Act and the rules and regulations thereunder applicable to a national securities exchange.⁴ Specifically, the Commission finds that the proposal is consistent with Section 6(b)(5) of the Act,⁵ which requires, among other things, that the rules of a national securities exchange be designed to promote just and equitable principles of trade, to prevent fraudulent and manipulative acts, to remove impediments to and perfect the mechanism of a free and open market and a national market system, and, in general, to protect investors and the public interest. The Commission believes that the proposal strikes a reasonable balance between the Exchange’s desire to offer a wider array of investment opportunities and the need to avoid unnecessary proliferation of options series.

In approving this proposal, the Commission notes that Exchange has represented that it and OPRA have the necessary systems capacity to handle the potential additional traffic associated with trading of an expanded number of classes in the Program. The Commission expects the Exchange to monitor the trading volume associated with the additional options series listed as a result of this proposal and the effect of these additional series on market fragmentation and on the capacity of the Exchange’s, OPRA’s, and vendors’ automated systems.

IV. Conclusion

It is therefore ordered, pursuant to Section 19(b)(2) of the Act,⁶ that the proposed rule change (SR-Phlx-2011-131) be, and it hereby is, approved.

For the Commission, by the Division of Trading and Markets, pursuant to delegated authority.⁷

Kevin M. O'Neill,
Deputy Secretary.

SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-65772; File No. SR-CBOE-2011-086]

Self-Regulatory Organizations; Chicago Board Options Exchange, Incorporated; Order Granting Approval of Proposed Rule To Increase the Number of Series Permitted Per Class in the Short Term Option Series Program

November 17, 2011.

I. Introduction

On September 19, 2011, the Chicago Board Options Exchange, Incorporated (“CBOE” or “Exchange”) filed with the Securities and Exchange Commission (“Commission”), pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 (“Act”) ¹ and Rule 19b-4 thereunder,² a proposed rule change to increase the number of series permitted per class in the Short Term Options Series Program. The proposed rule change was published for comment in the **Federal Register** on October 6, 2011.³ The Commission received no comment letters on the proposal. This order approves the proposed rule change.

II. Description of the Proposal

The proposed rule change seeks to amend CBOE Rules 5.5 and 24.9 to increase the number of Short Term Options Series (“Weekly options”) that may be opened for each option class that participates in the Exchange’s Short Term Option Series Program (“Weekly Program”).⁴ Currently, Exchange rules
