

1.3 ac of onsite habitat and creating a public education area within the preserve to serve the surrounding community. As minimization for impacts to the species, clearing activities during project construction will occur outside the scrub-jay nesting season (March 1–June 30) if active nests are found onsite.

We have determined that the applicant's proposal, including the proposed mitigation and minimization measures, would have minor or negligible effects on the species covered in the HCP. Therefore, the ITP is a "low-effect" project and qualifies for categorical exclusions under the National Environmental Policy Act (NEPA), as provided by the Department of the Interior Manual (516 DM 2 Appendix 1 and 516 DM 6 Appendix 1). This preliminary information may be revised based on our review of public comments that we receive in response to this notice. A low-effect HCP is one involving (1) minor or negligible effects on federally listed or candidate species and their habitats, and (2) minor or negligible effects on other environmental values or resources.

We will evaluate the HCP and comments submitted thereon to determine whether the application meets the requirements of section 10(a) of the Act (16 U.S.C. 1531 *et seq.*). If we determine that the application meets those requirements, we will issue the ITP for incidental take of the scrub-jay. We will also evaluate whether issuance of the section 10(a)(1)(B) ITP complies with section 7 of the Act by conducting an intra-Service section 7 consultation. We will use the results of this consultation, in combination with the above findings, in the final analysis to determine whether or not to issue the ITP.

Authority: We provide this notice under Section 10 of the Act and NEPA regulations (40 CFR 1506.6).

Dated: April 24, 2008.

David L. Hankla,

Field Supervisor, Jacksonville Field Office.

Bureau of Land Management

[ES–930–5420–FR–M131; ARES 54992]

Notice of Application for Recordable Disclaimer of Interest in Lands; Searcy County, Arkansas

AGENCY: Bureau of Land Management, Interior.

ACTION: Notice.

SUMMARY: An application has been filed with the Bureau of Land Management (BLM) by Robert G. Hooper for a Recordable Disclaimer of Interest from the United States for certain land in Searcy County, Arkansas. This notice is intended to inform the public of the pending application.

DATES: Comments on this action should be received by August 7, 2008.

ADDRESSES: Comments must be filed with Steven R. Wells, Deputy State Director, Division of Natural Resources, BLM—Eastern States, 7450 Boston Boulevard, Springfield, Virginia 22153.

FOR FURTHER INFORMATION CONTACT: Ida V. Doup, Chief, Branch of Lands and Realty, at the above stated address or at 703–440–1541.

SUPPLEMENTARY INFORMATION: Pursuant to Section 315 of the Federal Land Policy and Management Act of 1976 (43 U.S.C. 1745), the surface owner, Robert G. Hooper, filed an application for a Disclaimer of Interest for the land described as follows:

Fifth Principal Meridian

T. 16 N., R. 17 W.,
Sec. 1, NE $\frac{1}{4}$ NW $\frac{1}{4}$.

The area described contains 43.57 acres, more or less, in Searcy County. The BLM—Eastern States' review of the land status records indicates that a patent was issued to R.B. Weaver, E.S. Weaver, R.F. King, H.C. King, and R.D. Ailly for the Eureka Placer Mine, Buffalo District, Final Certificate Number 24, dated November 28, 1893. A copy of the land patent certificate cannot be located. All available land status records indicate a patent has been issued and title has transferred into private ownership. It is the opinion of this office that the Federal Government no longer has an interest in this 43.57-acre tract. Robert G. Hooper, surface owner, is seeking to clear title to demonstrate that the United States has transferred ownership to the original patentee.

All persons who wish to present comments, suggestions, or objections in connection with the pending application and proposed disclaimer may do so by writing to Stephen R. Wells, Deputy Assistant Director, Division of Natural Resources at the above address. Comments, including names and street addresses of commentors, will be available for public review at the BLM—Eastern States Office (see address above), during regular business hours, Monday through Friday, except holidays. Before including your address, phone number, e-mail address,

or other personal identifying information in your comment, you should be aware that your entire comment—including your personal identifying information—may be made publicly available at any time. While you can ask us in your comment to withhold your personal identifying information from public review, we cannot guarantee that we will be able to do so.

If no valid objection is received, this action will be approved and will clear a cloud on the title by stating that the United States does not have a valid interest in this land.

Authority: 43 CFR 1864.2(a).

Terry Lewis,

Acting State Director, Eastern States.

Notice of Availability of Four Records of Decision and Three Approved Resource Management Plans for the Arizona Strip Field Office, Vermilion Cliffs National Monument, and Grand Canyon-Parashant National Monument (BLM Portion), and Approved General Management Plan for Grand Canyon-Parashant National Monument (NPS Portion), Arizona

AGENCY: Bureau of Land Management, Interior. National Park Service, Interior.

ACTION: Notice of availability.

SUMMARY: In accordance with the National Environmental Policy Act, the Federal Land Policy and Management Act, and the National Park and Recreation Act of 1978, and Bureau of Land Management (BLM) and National Park Service (NPS) policies, the BLM and NPS announce the availability of the two Records of Decision (RODs) for the Approved Resource Management Plan/General Management Plan for the jointly-managed Grand Canyon-Parashant National Monument (Parashant), located in Mohave County, Arizona. Separate RODs for the BLM and NPS decisions in the Approved Resource Management Plan/General Management Plan have been signed by the BLM Arizona State Director, and by the NPS Pacific West Regional Director, respectively, for each agency's decisions contained in the Approved Resource Management Plan/General Management

Plan. The BLM also announces the availability of the ROD/Approved Resource Management Plan for the Vermilion Cliffs National Monument (Vermilion) and the ROD/Approved Resource Management Plan for the Arizona Strip Field Office (ASFO), located in Mohave and Coconino Counties, Arizona. Both of these areas are managed solely by the BLM.

ADDRESSES: The RODs/Approved Plans and associated documents or information may be viewed and downloaded at http://www.blm.gov/az/LUP/strip/strip_plan.htm or at <http://www.nps.gov/lame/parkmgmt/docs.htm>. Copies of the BLM and NPS RODs are available upon request from the Arizona Strip District Office, Bureau of Land Management, or the National Park Service, both located at 345 East Riverside Drive, St. George, Utah 84790. Copies of the three Approved Plans are also available at the same address. Please indicate which ROD/Approved Plan you are requesting. Reference copies of each ROD/Approved Plan are available for review during regular business hours at the following locations:

Lake Mead National Recreation Area Office, 601 Nevada Highway, Boulder City, Nevada 89005; BLM Arizona State Office (AZ-931), One North Central, Suite 800, Phoenix, Arizona 85004-4427; Boulder City Library, 701 Adams Blvd, Boulder City, Nevada 89005; Flagstaff Public Library, 300 West Aspen, Flagstaff, Arizona 86001; Fredonia Town Library, 130 North Main, Fredonia, Arizona 86022; Kanab City Library, 374 North Main Street, Kanab, Utah 84741; Mohave County Library, 3269 North Burbank Street, Kingman, Arizona 86401; Page City Library, 697 Vista Avenue, Page, Arizona 86040; and Washington County Library, 88 West 100 South, St. George, Utah 84770.

Before including your address, phone number, e-mail address, or other personal identifying information in your comment, you should be aware that your entire comment—including personal identifying information—may be made publicly available at any time. While you can ask us in your comment to withhold your personal identifying information from public review, we cannot guarantee that we will be able to do so.

FOR FURTHER INFORMATION CONTACT: District Manager, Arizona Strip District or Superintendent, Grand Canyon-Parashant National Monument, 345 East Riverside Drive, St. George, Utah 84790; telephone 435-688-3200; e-mail Arizona_Strip@blm.gov.

SUPPLEMENTARY INFORMATION: The Parashant was established by Presidential Proclamation on January 11, 2000. The Parashant is cooperatively managed by the BLM and the NPS. It encompasses 1,048,325 acres in Mohave County, Arizona, of which 808,744 acres are administered by the BLM and 208,447 acres are administered by the NPS. The Vermilion was established by Presidential Proclamation on November 9, 2000. The Vermilion covers 293,689 acres in Coconino County, Arizona, and is administered solely by the BLM. The remainder of the BLM-administered lands is in the ASFO, which encompass approximately 1,981,000 acres located in Mohave and Coconino Counties, Arizona, north of the Grand Canyon and is situated almost entirely between the two National Monuments.

Ten Cooperating Agencies assisted the BLM and the NPS in this planning effort: Arizona Game and Fish Department; Arizona Department of Transportation; Coconino County, Arizona; Mohave County, Arizona; Kane County, Utah; Washington County, Utah; Kaibab Paiute Tribe; Town of Colorado City, Arizona; Town of Fredonia, Arizona; and the Federal Highway Administration.

The RODs/Approved Plans were developed with broad public and Cooperating Agency participation through a 5-year collaborative planning process. These RODs/Approved Plans address management on approximately 2,768,247 acres of BLM-administered land and 208,447 acres of NPS-administered land. The RODs/Approved Plans contain both land use planning decisions and implementing decisions, to achieve desired future conditions and to provide planning structure to facilitate the management of the Parashant, Vermilion, and ASFO. Major resources and activities addressed by the BLM in their RODs/Approved Resource Management Plans include travel management; wilderness characteristics areas; cultural resources; geological resources; recreation and environmental education including interpretation; visual resources; vegetation management including ponderosa pine restoration; livestock grazing; areas of critical environmental concern; special status species; and wildlife management. Major resources and activities addressed by the NPS in its ROD/Approved General Management Plan include travel management; wilderness characteristics areas; cultural resources; geological resources; recreation and environmental education including interpretation; visual resources and cultural landscapes; soundscapes; vegetation management;

control of non-native invasive species; livestock grazing; special status species; and wildlife management. As noted in the Final Environmental Impact Statement (FEIS), the NPS determined that none of the actions proposed would lead to impairment of park resources.

The Approved Plans are essentially the same decisions as contained in Alternative E in the Arizona Strip Proposed Plan/FEIS, published in February 2007. The BLM received seven protests on BLM land use plan decisions in the Proposed Plan/FEIS. After careful consideration of all points raised in those protests, the BLM Director concluded that the BLM Arizona State Director and the Arizona Strip District Manager followed all applicable planning procedures, laws, regulations, and policies, and considered all relevant resource information and public input in developing the proposed plan. None of the protests to BLM raised salient points pertaining to NPS decisions for lands and resources in Parashant. No inconsistencies with State or local plans, policies, or programs were identified during the Governor's consistency review of the Proposed Plan/FEIS. As a result, only minor editorial modifications were made in preparing the RODs/Approved Plans.

The decisions identifying designated routes of travel for motorized vehicles on BLM-administered lands are implementation decisions appealable under 43 CFR Part 4, subpart E. Any party adversely affected by the BLM's decision(s) to identify, evaluate, define, delineate and/or select specific routes as available for motorized use within designated areas in either the Parashant or Vermilion Management Plans may appeal within 30 days of publication of this Notice of Availability pursuant to 43 CFR, part 4, subpart E. The appeal should state the specific BLM route(s), as identified in the Approved Plans for the Parashant or Vermilion, on which the decision is being appealed. The appeal must be filed with the Arizona Strip District Manager at the above listed address. Please consult 43 CFR part 4 for further information on the IBLA appeals process.

There is no appeal process for NPS decisions in the NPS ROD and Parashant Approved Resource Management Plan/General Management Plan. Implementation of NPS decisions may begin upon publication of this Notice of Availability for the Parashant

NPS ROD/Approved Plan in the **Federal Register**.
