[Project No. 346-037-Minnesota]

Minnesota Power, Inc. d.b.a. ALLETE, Inc.; Notice of Availability of Environmental Assessment

October 17, 2002.

In accordance with the National Environmental Policy Act of 1969 and the Federal Energy Regulatory Commission's (Commission's) regulations, 18 CFR part 380 (Order No. 486, 52 FR 47897), the Office of Energy Projects has reviewed the application for a new license for the Blanchard Project located on the Mississippi River, in Morrison County, Minnesota, and has prepared an Environmental Assessment (EA) for the project. In the EA, the Commission's staff has analyzed the potential environmental effects of the project and has concluded that approval of the project, with appropriate environmental measures, would not constitute a major Federal action significantly affecting the quality of the human environment.

A copy of the EA is on file with the Commission and is available for public inspection. The EA may also be viewed on the Commission's Web site at <http://www.ferc.gov> using the "FERRIS" link. Enter the docket number excluding the last three digits in the docket number field to access the document. For assistance, call toll free 1-866-208-3676.

Any comments should be filed within 30 days from the issuance date of this notice and should be addressed to the Secretary, Federal Energy Regulatory Commission, 888 First Street, NE., Room 1-A, Washington, DC 20426. Please affix "Blanchard Project No. 346" to all comments. Comments may be filed electronically via the Internet in lieu of paper. The Commission strongly encourages electronic filings. See 18

CFR 385.2001(a)(1)(iii) and the instructions on the Commission's Website under the "e-Filing" link. For further information, contact Tom Dean at (202) 502-6041.

Hydroelectric Licensing Regulations Under the Federal Power Act; Notice of Public Forum and Agenda

[Docket No. RM02-16-000]

October 18, 2002.

As announced in the Notice Requesting Comments and Establishing Public Forums and Procedures and Schedule, issued on September 12, 2002, the Federal Energy Regulatory Commission (Commission) will host a public forum on November 7, 2002, to discuss issues and proposals associated with establishing a new licensing process. This one-day forum will be held in the Commission meeting room, 888 First Street, NE, Washington, DC, from 9:00 a.m. to 4:00 p.m.

The FERC Commissioners will attend, and representatives from federal and state agencies, tribes, non-government

organizations, and the industry have been invited to participate. All interested persons are invited to attend. The goal is to identify the need for a new licensing process, key issues a new process should address, as well as how a new licensing process can better accommodate all interested parties' needs. Time will be allotted for audience comment and response to the panelists. We look forward to an informative discussion of the issues associated with development of a new licensing process.

The Forum is not intended to address issues pending in individually docketed hydropower cases before the Commission. Therefore, all participants are requested to address the agenda topics and avoid discussing the merits of individual proceedings. The agenda may be viewed on the Commission's Web site: www.ferc.gov/hydro/docs/hydro.

Requirements for Paper and Electronic Filings

Comments or other documents related to this forum may be filed in paper format or electronically. Those filing electronically do not need to make a paper filing.

For paper filings, an original and 8 copies of the comments should be filed with the Secretary, Federal Energy Regulatory Commission, 888 First Street, NE, Washington, DC 20426. Paper filings should, at the top of the first page, refer to Docket No. RM02-16-000. The deadline to file comments is December 6, 2002.

Comments may be filed electronically via the Internet in lieu of paper. The Commission strongly encourages electronic filings. Documents filed electronically via the Internet must be prepared in WordPerfect, MS Word, Portable Document Format, or ASCII format. To file the document, access the Commission's Web site at <http://www.ferc.gov>, click on "e-Filing" and then follow the instructions on the screen. First-time users will have to establish a user name and password. The Commission will send an automatic acknowledgment to the sender's e-mail address upon receipt of comments. User assistance for electronic filing is available at 202-502-8258 or by e-mail to efiling@ferc.gov. Comments should not be submitted to the E-mail address.

All comments will be placed in the Commission's public files and will be available for inspection in the Commission's Public Reference Room at 888 First Street, NE, Room 2A, Washington, DC 20426, during regular business hours. Additionally, all comments may be viewed on the
