National Institute on Alcohol Abuse and Alcoholism; Notice of Closed Meeting

Pursuant to section 10(d) of the Federal Advisory committee Act, as amended (5 U.S.C. Appendix 2), notice is hereby given of the following meeting.

The meeting will be closed to the public in accordance with the provisions set forth in sections 552b(c)(4) and 552b(c)(6), Title 5 U.S.C., as amended. The grant applications and the discussion could disclose confidential trade secrets or commercial property such as patentable material, and personal information concerning individuals associated with the grant applications, the disclosure of which would constitute a clearly unwarranted invasion of personal privacy.

Name of Committee: National Institute on Alcohol Abuse and Alcoholism Initial Review Group, Biomedical Research Review Subcommittee AA-1.

Date: June 1-2, 2005.

Time: 8:30 a.m. to 5 p.m.

Agenda: To review and evaluate grant applications.

Place: Hyatt Regency Bethesda, One Bethesda Metro Center, 7400 Wisconsin Avenue, Bethesda, MD 20814.

DEPARTMENT OF THE INTERIOR

Fish and Wildlife Service

Notice of Availability of the Draft Comprehensive Conservation Plan and Environmental Assessment for the Chesapeake Marshlands National Wildlife Refuge Complex

AGENCY: U.S. Fish and Wildlife Service, Department of the Interior.

ACTION: Notice of availability.

SUMMARY: The U.S. Fish and Wildlife Service (Service) announces that the Draft Comprehensive Conservation Plan (CCP) and Environmental Assessment (EA) for the Chesapeake Marshlands National Wildlife Refuge (NWR) Complex are now available for public review and comment. The CCP identifies the purposes for which the refuges in the refuge complex were established, and the roles they will play in fulfilling the mission of the Service and the mission and goals of the National Wildlife Refuge System (NWRS). The EA identifies three alternatives for managing the refuge complex, and discusses how each of them will affect its physical, archaeological, historical, and socioeconomic environments.

The draft states the desired future conditions for habitat, wildlife, people, and facilities on the refuge complex;

ensures that the management of the refuge complex reflects the mission, goals, mandates, and policies of the NWRS; ensures that its present and future wildlife-dependent recreational uses are compatible with the purposes for which each of its refuges was established; provides long-term continuity in its management direction; provides a basis for developing its refuge budgets; outlines a plan for conserving habitat and identifies land for future protection; and, provides an understanding of its proposed management to refuge neighbors, visitors, and local officials (see **SUPPLEMENTARY INFORMATION** below).

We will develop the final CCP for the refuge complex after carefully reviewing all of the comments we receive on its draft. For details on how to submit your comments, see **DATES** and **ADDRESSES** below.

DATES: We must receive your comments on or before July 5, 2005.

ADDRESSES: You may obtain a copy of the draft in print or on compact disc by writing or visiting the Chesapeake Marshlands NWR Complex, 2145 Key Wallace Drive, Cambridge, Maryland, 21613-9536. You may also obtain an electronic copy from the <http://library.fws.gov/ccps.htm> Web site at the National Conservation Training Center Library.

We cordially invite you to comment in person at our public meetings soon to be held in Cambridge, Salisbury, and Crisfield, Maryland. As soon as we have scheduled them, we will publish their dates and addresses in the media.

You can comment by writing to the refuge complex at the address above or to the attention of Gib Chase, Senior Refuge Planner/Biologist, U.S. Fish and Wildlife Service, NWRS, Division of Conservation Planning and Policy, 300 Westgate Center Drive, Hadley, Massachusetts 01035-9589.

If you prefer to comment by electronic mail, please use the words "Chesapeake Marshlands" in its subject line, and address it to northeastplanning@fws.gov (no terminal period). Our e-mail security program may strip attachments or graphics from your message. Please insert your comments as plain text in the body of your message; otherwise, they may be lost.

FOR FURTHER INFORMATION CONTACT: Gib Chase at 413-253-8525, or Glenn Carowan at 410-228-2692, extension 101.

SUPPLEMENTARY INFORMATION: The National Wildlife Refuge System Improvement Act of 1997, which amends the National Wildlife Refuge

System Administration Act of 1966, requires the Service to develop a CCP for each national wildlife refuge. Our purpose in developing a CCP is to provide each refuge manager broad management direction over a 15-year period for achieving refuge purposes and contributing to the mission of the NWRS in ways that are consistent with the sound principles of fish, wildlife, plant and habitat management and conservation, Federal laws, and Service policies. A CCP also identifies wildlife-dependent recreational opportunities available to the public, especially the "Big 6" of the Improvement Act: Hunting, fishing, wildlife observation and photography, and environmental education and interpretation. The National Environmental Policy Act of 1969 requires that we prepare an EA for this plan and gather public input during our planning.

What refuges compose the refuge complex?

On December 3, 1931, the Migratory Bird Conservation Commission authorized the establishment of the first refuge in Region 5, the Blackwater Migratory Bird Refuge. We acquired its first parcel of land in 1933, and added tracts in 1942 and 1945. We acquired the Susquehanna NWR in 1940, and purchased Martin NWR in a two-step process in 1954 and 1955. In the 1990s, we added Barren Island, Watts Island and Bishops Head. The refuge complex now comprises the Blackwater, Eastern Neck NWRs, and the Chesapeake Island Unit, consisting of Martin and Susquehanna NWRs, and the Barren Island, Watts Island, Spring Island, and Bishops Head Divisions. This draft treats all of those units except the Eastern Neck NWR. We will draft a CCP for that refuge later.

What major issues or concerns did the public identify during the planning process?

During our public scoping process, the public identified four major concerns listed below, which we considered as we developed our alternatives and evaluated their environmental impacts.

- Potential effects of an expanding human population and changing demographics on Service trust resources from urbanization, vessel traffic and waterborne activities on the Blackwater and Nanticoke rivers, and changing public attitudes and demands;
- Potential effects of refuge expansion and land acquisition;
- Potential effects of habitat changes: The loss of wetlands or marshes; the loss of islands to erosion; the
