

delay so that the proposal may become operative immediately upon filing. Waiver of the 30-day operative delay would extend the protections provided by the current pilot program, without any changes, while a permanent proposal for clearly erroneous execution reviews is being considered.²⁷ For this reason, the Commission hereby waives the 30-day operative delay and designates the proposed rule change as operative upon filing.²⁸

At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act. If the Commission takes such action, the Commission shall institute proceedings to determine whether the proposed rule should be approved or disapproved.

IV. Solicitation of Comments

Interested persons are invited to submit written data, views and arguments concerning the foregoing, including whether the proposed rule change is consistent with the Act. Comments may be submitted by any of the following methods:

[Docket No. FD 36627]

TGS Cedar Port Railroad LLC—Operation Exemption—in Chambers County, Tex.

TGS Cedar Port Railroad LLC (TGSC), a noncarrier, has filed a verified notice of exemption pursuant to 49 CFR 1150.31 to operate on track extending approximately 1.28 miles from a connection with the Cedar Bayou Industrial Lead at milepost 5.22 in Chambers County, Tex. (a line owned by Union Pacific Railroad Company (UP) and operated over by UP and BNSF Railway Company (BNSF)) to milepost 6.5 (as measured from the southern end of the Cedar Bayou Industrial Lead) (the Line).

This transaction is related to a concurrently filed verified notice of exemption in *Trans-Global Solutions, Inc.—Continuance in Control Exemption—TGS Cedar Port Railroad*, Docket No. FD 36628, in which TGSI seeks to continue in control of TGSC upon TGSC’s becoming a Class III rail carrier.

According to the verified notice, the Line is owned by TGSC’s affiliate, TGS Cedar Port Partners LP (TGSLP), also a noncarrier, is currently operated as private industrial track by TGSC’s parent company, Trans-Global Solutions, Inc. (TGSI), and connects to ancillary track within the TGS Cedar Port Industrial Park (the Park). TGSC states it has reached an agreement with TGSLP pursuant to which TGSC will acquire the right to conduct railroad common carrier service on the Line on or after the effective date of the exemption. TGSC also states that this service, including on the ancillary track within the Park, will constitute the entirety of TGSC’s railroad operations,
