

15 U.S.C. 4301 *et seq.* ("the Act"), Global Universal Design Commission, Inc. ("GUDC") has filed written notifications simultaneously with the Attorney General and the Federal Trade Commission disclosing (1) the name and principal place of business of the standards development organization and (2) the nature and scope of its standards development activities. The notifications were filed for the purpose of invoking the Act's provisions limiting the recovery of antitrust plaintiffs to actual damages under specified circumstances.

Pursuant to Section 6(b) of the Act, the name and principal place of business of the standards development organization is: Global Universal Design Commission, Inc., Syracuse, New York. The nature and scope of GUDC's standards development activities are: To develop and promote the understanding and use of universal design. Universal design seeks to increase the usability, safety and health of the built environment to support social inclusion of a diverse population in all aspects of society. Universal design is an approach to the design of products and environment which treats all people equally and does not call special attention to the needs of a particular class of people. GUDC seeks to develop universal design standards through a consensus process that will increase choices and accommodate a wide range of preferences and needs, to the greatest extent possible, without the need for adaptation, retrofitting, or specialized design.

Patricia A. Brink,

Deputy Director of Operations, Antitrust Division.

BILLING CODE 4410-11-M

DEPARTMENT OF JUSTICE

Drug Enforcement Administration

Manufacturer of Controlled Substances; Notice of Registration

By Notice dated July 29, 2008, and published in the **Federal Register** on August 6, 2008 (73 FR 45784), Cambridge Isotope Lab, 50 Frontage Road, Andover, Massachusetts 01810, made application by renewal to the Drug Enforcement Administration (DEA) to be registered as a bulk manufacturer of Morphine (9300), a basic class of controlled substance listed in schedule II.

The company plans to utilize small quantities of the listed controlled

substance in the preparation of analytical standards.

No comments or objections have been received. DEA has considered the factors in 21 U.S.C. 823(a) and determined that the registration of Cambridge Isotope Lab to manufacture the listed basic class of controlled substance is consistent with the public interest at this time. DEA has investigated Cambridge Isotope Lab to ensure that the company's registration is consistent with the public interest. The investigation has included inspection and testing of the company's physical security systems, verification of the company's compliance with state and local laws, and a review of the company's background and history. Therefore, pursuant to 21 U.S.C. 823, and in accordance with 21 CFR 1301.33, the above named company is granted registration as a bulk manufacturer of the basic class of controlled substance listed.

Dated: November 21, 2008.

Joseph T. Rannazzisi,

Deputy Assistant Administrator, Office of Diversion Control, Drug Enforcement Administration.

BILLING CODE 4410-09-P

DEPARTMENT OF JUSTICE

Office of Justice Programs

[OMB Number 1121-NEW]

Agency Information Collection Activities: Proposed Collection; Comments Requested

ACTION: 60-day Notice of new collection: Methodological research to support the redesign of the National Crime Victimization Survey (NCVS).

The Department of Justice (DOJ), Office of Justice Programs, Bureau of Justice Statistics will be submitting the following information collection request to the Office of Management and Budget (OMB) for review and approval in accordance with the Paperwork Reduction Act of 1995. The proposed information collection is published to obtain comments from the public and affected agencies. Comments are encouraged and will be accepted for "sixty days" until January 30, 2009. This process is conducted in accordance with 5 CFR 1320.10.

If you have comments especially on the estimated public burden or associated response time, suggestions, or need a copy of the proposed information collection instrument with instructions or additional information,

please contact Katrina Baum, Statistician, Bureau of Justice Statistics, Office of Justice Programs, Department of Justice, 810 7th Street, NW., Washington, DC 20531, or facsimile (202) 307-1463.

Written comments and suggestions from the public and affected agencies concerning the proposed collection of information are encouraged. Your comments should address one or more of the following four points:

- Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;
- Evaluate the accuracy of the agencies estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;
- Enhance the quality, utility, and clarity of the information to be collected; and
- Minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., permitting electronic submission of responses.

Overview of This information

(1) *Type of information collection:* New collection.

(2) *Title of the Form/Collection:* Methodological research to support the redesign of the National Crime Victimization Survey (NCVS).

(3) *Agency form number, if any, and the applicable component of the department sponsoring the collection:* Form numbers not available for generic clearance, Bureau of Justice Statistics, Office of Justice Programs, Department of Justice.

(4) *Affected public who will be asked or required to respond, as well as a brief abstract. Primary:* Persons ages 12 or older in sampled households in the United States.

(5) *An estimate of the total number of respondents and the amount of time estimated for an average respondent to respond/reply:* Approximately 43,180 persons ages 12 or older will be interviewed for some aspect of the redesign research. The average length of interview will vary by the type of interview conducted. Completing the crime screener and abbreviated incident report is estimated to take 15 minutes, while a cognitive interview for improving recall using event history calendars may take 2 hours.
