**SUPPLEMENTARY INFORMATION:**

**Background.** EPA approved Nevada's initial application for primary enforcement authority ("primacy") on February 27, 1978 (43 FR 8030). Since initial approval, EPA has approved various revisions to Nevada's primacy program. For the revision covered by this action, EPA published the Filter Backwash Recycling Rule on June 8, 2001 (66 FR 31086). EPA promulgated the Filter Backwash Recycling Rule to improve control of microbial pathogens while minimizing the public health risks of disinfectants and disinfection byproducts by reducing the opportunity for recycle practices to adversely affect the performance of drinking water treatment plants and preventing microbial contaminants from passing through treatment systems and into finished drinking water. EPA has determined that the Filter Backwash Recycling Rule requirements were adopted into the Nevada Administrative Code (NAC), Title 40 Chapter 445A, in a manner that Nevada's regulations are comparable to and no less stringent than the federal requirements. EPA has also determined that Nevada's program revision request meets all of the regulatory requirements for approval, as set forth in 40 CFR 142.12, including an acceptable side-by-side comparison of the Federal requirements to the corresponding State authorities, appropriate additional materials to meet the special primacy requirements of 40 CFR 142.16, an acceptable review of the requirements contained in 40 CFR 142.10 necessary for the State to retain primary enforcement responsibility, and a statement by the Nevada Attorney General certifying that Nevada's laws and regulations carrying out the program revision were duly adopted and are enforceable. The Attorney General's statement also affirms that there are no environmental audit privilege and immunity laws that would impact Nevada's ability to implement or enforce the Nevada laws and regulations pertaining to the program revision. Therefore, EPA approves this revision as part of Nevada's approved State primacy program. The Technical Support Document, which provides EPA's analysis of Nevada's program revision request for this approval, is available by submitting a request to the following email address: [R9dw-program@epa.gov](mailto:R9dw-program@epa.gov). Please note "Technical Support

Document" in the subject line of the email.

**Public Process.** Any interested party may request a public hearing on this determination. A request for a public hearing must be received or postmarked before November 8, 2021 and addressed to the Regional Administrator at the EPA Region 9, via the following email address: [R9dw-program@epa.gov](mailto:R9dw-program@epa.gov). Please note "State Primacy Rule Determination" in the subject line of the email. The Regional Administrator may deny frivolous or insubstantial requests for a hearing. If a substantial request for a public hearing is made before November 8, 2021, EPA Region 9 will hold a public hearing. Any request for a public hearing shall include the following information: 1. The name, address, and telephone number of the individual, organization, or other entity requesting a hearing; 2. A brief statement of the requesting person's interest in the Regional Administrator's determination and a brief statement of the information that the requesting person intends to submit at such hearing; and 3. The signature of the individual making the request, or, if the request is made on behalf of an organization or other entity, the signature of a responsible official of the organization or other entity.

If EPA does not receive a timely and appropriate request for a hearing and the Regional Administrator does not elect to hold a hearing on her own motion, EPA's approval shall become final and effective on November 8, 2021 and no further public notice will be issued.

**Authority:** Section 1413 of the Safe Drinking Water Act, as amended, 42 U.S.C. 300g-2 (1996), and 40 CFR part 142 of the National Primary Drinking Water Regulations.

Dated: September 28, 2021.

## **FEDERAL COMMUNICATIONS COMMISSION**

**[OMB 3060-1138; FR ID 50158]**

### **Information Collection Being Reviewed by the Federal Communications Commission Under Delegated Authority**

**AGENCY:** Federal Communications Commission.

**ACTION:** Notice and request for comments.

**SUMMARY:** As part of its continuing effort to reduce paperwork burdens, and as required by the Paperwork Reduction Act (PRA) of 1995, the Federal Communications Commission (FCC or the Commission) invites the general public and other Federal agencies to take this opportunity to comment on the following information collection. Comments are requested concerning: Whether the proposed collection of information is necessary for the proper performance of the functions of the Commission, including whether the information shall have practical utility; the accuracy of the Commission's burden estimate; ways to enhance the quality, utility, and clarity of the information collected; ways to minimize the burden of the collection of information on the respondents, including the use of automated collection techniques or other forms of information technology; and ways to further reduce the information collection burden on small business concerns with fewer than 25 employees. The FCC may not conduct or sponsor a collection of information unless it displays a currently valid control number. No person shall be subject to any penalty for failing to comply with a collection of information subject to the PRA that does not display a valid Office of Management and Budget (OMB) control number.

**DATES:** Written PRA comments should be submitted on or before December 6, 2021. If you anticipate that you will be submitting comments, but find it difficult to do so within the period of time allowed by this notice, you should advise the contact listed below as soon as possible.

**ADDRESSES:** Direct all PRA comments to Nicole Ongele, FCC, via email [PRA@fcc.gov](mailto:PRA@fcc.gov) and to [nicole.ongele@fcc.gov](mailto:nicole.ongele@fcc.gov).

**FOR FURTHER INFORMATION CONTACT:** For additional information about the information collection, contact Nicole Ongele, (202) 418-2991.

### **SUPPLEMENTARY INFORMATION:**

*OMB Control Number:* 3060-1138.

*Title:* Sections 1.49 and 1.54, Forbearance Petition Filing Requirements.

*Form Number:* N/A.

*Type of Review:* Extension of a currently approved collection.

*Respondents:* Business or other for-profit entities.

*Number of Respondents and*

*Responses:* 2 respondents; 2 responses.

*Estimated Time per Response:* 640 hours.

*Frequency of Response:* On occasion reporting requirement, recordkeeping requirement and third-party disclosure requirement.

*Obligation to Respond:* Required to obtain or retain benefits. Statutory authority for this information collection is contained in 47 U.S.C. 10, 151, 154(i), 154(j), 155(c), 160, 201 and 303(r) of the Communications Act of 1934.

*Total Annual Burden:* 1,280 hours.

*Total Annual Cost:* No cost.

*Needs and Uses:* Under section 10 of the Communications Act of 1934, as amended, telecommunications carriers may petition the Commission to forbear from applying to a telecommunications carrier any statutory provision or Commission regulation. When a carrier petitions the Commission for forbearance, section 10 requires the Commission to make three determinations with regard to the need for the challenged provision or regulation. If the Commission fails to act within one year (extended by three additional months, if necessary), the petition is “deemed granted” by operation of law. These determinations require complex, fact-intensive analysis, e.g., “whether forbearance from enforcing the provision or regulation will promote competitive market conditions.” Under the filing procedures, the Commission requires that petitions for forbearance must be “complete as filed” and explain in detail what must be included in the forbearance petition. The Commission also incorporates by reference its rule, 47 CFR 1.49, which states the Commission’s standard “specifications as to pleadings and documents.” Precise filing requirements are necessary because of section 10’s strict time limit for Commission action. Also, commenters must be able to clearly understand the scope of the petition in order to comment on it. Finally, standard filing procedures inform petitioners precisely what the Commission expects from them in order to make the statutory determinations that the statute requires.

Federal Communications Commission.
