**Modernizing the Federal Supply
Schedule Program: Order-Level
Materials**

AGENCY: Federal Acquisition Service, General Services Administration.

ACTION: Notice; request for information.

SUMMARY: The Federal Acquisition Service (FAS) of the General Services Administration (GSA) is seeking comments that can be used to assist in the development of processes and procedures for the inclusion of order-level materials under the Federal Supply Schedule (FSS) program. Though the acquisition of order-level

materials is allowed under multiple-award Indefinite-Delivery/Indefinite-Quantity (IDIQ) contracts, FAS has yet to develop a clear mechanism for the procurement of these items under the FSS program. FAS is now taking steps to bring the FSS program into parity with other multiple-award IDIQ contract vehicles. This endeavor is a critical piece of a larger effort to modernize the FSS program as a whole, under which FAS aims to increase efficiency and effectiveness, facilitate the purchase of total solutions, maximize competition, and promote small business utilization across Government.

DATES: *Comments:* Interested parties should submit written comments to the Regulatory Secretariat at one of the addresses shown below on or before March 17, 2014.

ADDRESSES: Submit comments in response to Notice—FAS-2013-02 by any of the following methods:

- *Regulations.gov:* <http://www.regulations.gov>. Submit comments via the Federal eRulemaking portal by searching for "Notice—FAS-2013-02". Select the link "Comment Now" that corresponds with "Notice—FAS-2013-02" and follow the instructions provided on the screen. Please include your name, company name (if any), and "Notice—FAS-2013-02" on your attached document.

- *Mail:* General Services Administration, Regulatory Secretariat (MVCB), ATTN: Ms. Flowers/Notice—FAS-2013-02, 1800 F Street NW., 2nd Floor, Washington, DC 20405-0001.

Instructions: Please submit comments only and cite Notice—FAS-2013-02, in all correspondence related to this case. All comments received will be posted without change to <http://www.regulations.gov>, including any personal and/or business confidential information provided.

FOR FURTHER INFORMATION CONTACT: Mr. Robert Bourne, GSA/FAS Director of MAS Program Office at (703) 605-2760.

SUPPLEMENTARY INFORMATION:

A. Background

The FSS program is one of many multiple-award IDIQ contract vehicles available Governmentwide. Though the acquisition of order-level materials is allowable under multiple-award IDIQ contracts, FAS has yet to develop a clear mechanism for the procurement of these items under the FSS program. This has resulted in an inability to fully realize the effective use of the FSS program across Government.

B. Solicitation of Public Comment

Respondents are encouraged to offer their views on the following questions:

1. Is the current lack of a clear mechanism for the procurement of order-level materials a deterrent from using the FSS program? If so, how?
2. What potential challenges exist for FAS where order-level materials and the FSS program are concerned? How can these be addressed?
3. What kinds of processes and procedures are in place for the procurement of order-level materials under other multiple-award IDIQ contract vehicles? Can these be applied to the FSS program as-is, or are there special considerations FAS needs to address? If possible, please provide specific examples from multiple-award IDIQ contract vehicles that could serve as a good example of the kind of processes and procedures needed for the efficient and effective use of order-level materials.
4. If FAS were to implement clear processes and procedures for the acquisition of order-level materials under the FSS program, is there the potential for administrative cost savings? If so, please elaborate.
5. If FAS were to implement clear processes and procedures for the acquisition of order-level materials under the FSS program, would it provide increased flexibility to contractors to provide total solutions to Government requirements? Are there any additional benefits for small businesses, in particular?
6. What kind of risk management controls are needed to ensure efficient and effective use of order-level materials under the FSS program?

Dated: January 8, 2014.

Houston W. Taylor,

*Acting Senior Procurement Executive,
General Services Administration.*

Title: TANF Quarterly Financial Report ACF-196R

OMB No.: New Collection

Description: This information collection is authorized under Section 411(a)(3) of the Social Security Act. This request is for approval to create the ACF-196R form for quarterly financial reporting under the Temporary Assistance for Needy Families (TANF) program. Implementation of these changes will entail new costs to ACF, and thus, final adoption will depend upon funding availability. States participating in the TANF program are required by statute to report financial data on a quarterly basis. The form meets the legal standard and provides essential data on the use of federal TANF funds. Failure to collect the data would seriously compromise ACF's ability to monitor program expenditures, estimate funding needs, and to prepare budget submissions and annual reports required by Congress. Financial reporting under the TANF program is governed by 45 CFR Part 265.

Approval of the ACF-196R would result in two basic changes to TANF quarterly financial reports. The first is to require respondents to allocate annual expenditures among an expanded list of categories on the ACF-196R; these categories better reflect the wide range of activities on which states are expending TANF funds. The second change is to the accounting method used to report expenditures made in a fiscal year and monitor cumulative expenditures by grant year award. Specifically, effective FY 2015, with each open grant year award, respondents will be required to report actual expenditures made in a fiscal year rather than updating cumulative totals, using the ACF-196R. If a respondent needs to adjust an expenditure reported in a prior year, it will revise the report for the fiscal year in which that expenditure occurred, rather than the current year's report.

We will maintain the ACF-196 form (Approved OMB No 0970-0247), only for revisions to historical data. Specifically, if a respondent needs to adjust or correct an expenditure submitted in a fiscal year prior to FY 2015, the respondent will revise the ACF-196 pertaining to the relevant
