Authority: 44 U.S.C. 3507(a)(1)(D).

SUPPLEMENTARY INFORMATION: Prohibited Transaction Class Exemption 84-14 permits a party that is related to an employee benefit plan to engage in transactions involving plan assets if, among other conditions, the assets are managed by a qualified professional asset manager (QPAM) that is independent of the parties in interest. Additional relief is also available under specific circumstances that are fully addressed within the exemption. The information collection requirements that are conditions of the exemption include written policies and procedures by a QPAM and audit requirements. An independent auditor uses the written policies and procedures to determine whether the QPAM is in compliance with the written policies and procedures and whether the exemption conditions have been met. These information collections are designed to safeguard participants and beneficiaries in plans that are involved in transactions covered by the exemption. The exemption does not require any reporting or filing with the Federal government. For additional substantive information about this ICR, see the related notice published in the **Federal Register** on November 27, 2012 (77 FR 70828).

This information collection is subject to the PRA. A Federal agency generally cannot conduct or sponsor a collection of information, and the public is generally not required to respond to an information collection, unless it is approved by the OMB under the PRA and displays a currently valid OMB Control Number. In addition, notwithstanding any other provisions of

law, no person shall generally be subject to penalty for failing to comply with a collection of information that does not display a valid Control Number. See 5 CFR 1320.5(a) and 1320.6. The DOL obtains OMB approval for this information collection under Control Number 1210-0128.

OMB authorization for an ICR cannot be for more than three (3) years without renewal, and the current approval for this collection is scheduled to expire on July 31, 2013. The DOL seeks to extend PRA authorization for this information collection for three (3) more years, without any change to existing requirements. It should also be noted that existing information collection requirements submitted to the OMB receive a month-to-month extension while they undergo review.

Interested parties are encouraged to send comments to the OMB, Office of Information and Regulatory Affairs at the address shown in the **ADDRESSES** section within 30 days of publication of this notice in the **Federal Register**. In order to help ensure appropriate consideration, comments should mention OMB Control Number 1210-0128. The OMB is particularly interested in comments that:

- Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;
- Evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;
 - Enhance the quality, utility, and clarity of the information to be collected; and
