

Employment, Wages, and Contributions Report (ES-202 Program).

The ES-202 program is the only Federal statistical program that provides information on establishments, wages, tax contributions and the number of employees subject to State Unemployment Insurance laws and the Unemployment Compensation for Federal Employees program. The consequences of not collecting ES-202 data would be grave to the Federal statistical community. BLS would not have a sampling frame for its establishment surveys; the Bureau of Economic Analysis would not be able to publish as accurate personal income data in a timely manner for the U.S., States, and local areas; and the Employment Training Administration would not have the information it needs to administer the Unemployment Insurance Program.

OMB number: 3095-0026.

Agency form number: NA Form 6006.
Type of review: Regular.

Affected public: Individuals or households, business or other for-profit organizations and institutions, and Federal government.

Estimated number of respondents: 1,266.

Estimated time per response: 3 minutes.

Frequency of response: On occasion (when respondent wishes to enter NARA facilities). Respondents who are contractors are given a building pass which expires at the end of each fiscal year; those who are volunteers are given a pass valid for 5 years.

Estimated total annual burden hours: 63 hours.

Abstract: The collection of information is necessary as a security measure to protect employees, information, and property in National Archives and Records Administration (NARA) facilities and to facilitate the issuance of passes. Use of the form is authorized by 44 U.S.C. 2104. At the NARA College Park facility, individuals receive an access card with the pass that is electronically coded to permit access to secure zones ranging from a general nominal level to stricter access levels for classified records zones. The access card system is part of the security management system which meets the accreditation standards of the Government intelligence agencies for storage of classified information, and serves to comply with E.O. 12958.
