Title: Leasing.

OMB Control No.: 1557-0206.

Type of Review: Regular.

Affected Public: Businesses or other for-profit.

Description: Under 12 CFR 23.4(c), national banks must liquidate or re-lease property that is no longer subject to lease (off-lease property) as soon as practicable and not later than five years from the date the national bank acquires the legal right to possess or control the property. If a national bank wishes to extend the five-year holding period for up to an additional five years, it must obtain OCC approval. Section 23.4(c) requires a national bank seeking an extension to provide a clearly convincing demonstration as to why any additional holding period is necessary. In addition, a national bank must value off-lease property at the lower of current fair market value or book value promptly after the property becomes off-lease property.

Under 12 CFR 23.6, leases are subject to the lending limits prescribed by 12 U.S.C. 84, as implemented by 12 CFR part 32, or, if the lessee is an affiliate of the national bank, to the restrictions on transactions with affiliates prescribed by 12 U.S.C. 371c and 371c-1 and Regulation W, 12 CFR part 223. The OCC may also determine that other limits or restrictions apply.

Twelve U.S.C. 24 contains two separate provisions authorizing a national bank to acquire personal property for purposes of lease financing.

Twelve U.S.C. 24(Seventh) authorizes leases of personal property (Section 24(Seventh) Leases) if the lease is a conforming lease as defined in 12 CFR 23.2(d)(2) and represents a noncancelable obligation of the lessee (*i.e.*, the lease serves as the functional equivalent of a loan). See 12 CFR 23.20. A national bank also may acquire personal property for purposes of lease financing under the authority of 12 U.S.C. 24(Tenth) (CEBA Leases) if the related lease is a conforming lease as defined in 12 CFR 23.2(d)(1) and the aggregate book value of the property does not exceed 10 percent of the national bank's consolidated assets. See 12 CFR 23.10. Section 23.5 requires that if a national bank enters into both types of leases, its records must distinguish between the two types of leases. This information is required to establish that the national bank is complying with the limitations and requirements applicable to the two separate types of leases.

Estimated Burden per Respondent: 10 hours.

Estimated Frequency of Response: On occasion.

Estimated Number of Respondents: 30.

Estimated Total Annual Burden: 300 hours.

(b) The accuracy of the OCC's estimate of the burden of the collection of information;

(c) Ways to enhance the quality, utility, and clarity of the information to be collected;
