The final results of this review are currently due no later than May 13, 2011.

#### **Extension of Time Limit of the Final Results**

Section 751(a)(3)(A) of the Act, requires the Department to issue the final results of a review within 120 days after the date on which the preliminary results are published. However, if it is not practicable to complete the review within that time period, section 751(a)(3)(A) of the Act allows the Department to extend the time limit for the final results to a maximum of 180 days. *See* 19 CFR 351.213(h)(2).

We determine that it is not practicable to complete the final results of this review within the original time limit because the Department needs additional time to evaluate information on the record and arguments raised by parties with respect to Tata Steel Limited's single entry of subject merchandise. Therefore, the Department is fully extending the time limit for the final results to July 12, 2011, in accordance with section 751(a)(3)(A) of the Act and 19 CFR 351.213(h)(2).

This notice is published pursuant to sections 751(a)(1) and 777(i)(1) of the Act.

Dated: May 10, 2011.

**Christian Marsh,**

*Deputy Assistant Secretary for Antidumping and Countervailing Duty Operations.*

#### **SUPPLEMENTARY INFORMATION:**

##### **Background**

On March 11, 2011, the Department published its *Preliminary Results* for the administrative review of the antidumping duty order on persulfates from the PRC covering the July 1, 2009, through June 30, 2010, period of review ("POR"). For the *Preliminary Results*, because United Initiators (Shanghai) Co., Ltd. ("United Initiators") did not respond to the Department's questionnaire, we were unable to determine if United Initiators was eligible for a separate rate.<sup>2</sup> United Initiators did not rebut the Department's presumption of government control and was, therefore, presumed to be part of the PRC-wide entity. Further, in accordance with sections 776(a)(2)(A) and (B) of the Tariff Act of 1930, as amended ("Act"), because the PRC-wide entity (including United Initiators) failed to cooperate to the best of its ability by not responding to our questionnaire, we found it appropriate to use adverse facts available.<sup>3</sup> On March 21, 2011, FMC submitted comments stating that it fully supports the Department's *Preliminary Results*. No other party submitted comments.

##### **Scope of the Order**

The products covered by this review are persulfates, including ammonium, potassium, and sodium persulfates. The chemical formula for these persulfates are, respectively, (NH<sub>4</sub>)<sub>2</sub>S<sub>2</sub>O<sub>8</sub>, K<sub>2</sub>S<sub>2</sub>O<sub>8</sub>, and Na<sub>2</sub>S<sub>2</sub>O<sub>8</sub>. Potassium persulfates are currently classifiable under subheading 2833.40.10 of the *Harmonized Tariff Schedule of the United States*

<sup>2</sup> On October 8, 2010, the Department confirmed that United Initiators signed for and received our mailing of the antidumping duty questionnaire. United Initiators did not respond to the Department's antidumping duty questionnaire. On January 3, 2011, the Department placed on the record of this administrative review the UPS International Air Waybill receipt and delivery confirmation for the questionnaire issued to United Initiators to confirm that we mailed, and United Initiators received and signed for, the questionnaire.
