

step-by-step information on how the restraint is to be used activated and used. A permanently attached label gives quick-look information on whether the restraint meets the safety requirements, recommended installation and use and warnings against misuse. Manufacturers are also required to provide owner registration cards and label to their child restraints with a message informing users of the importance of registering the restraint.

*Affected Public:* The manufacturer's producing child restraint systems.

*Estimated Total Annual Burden:* 90,000.

*Comments are invited on:* Whether the proposed collection of information is necessary for the proper performance of the functions of the Department, including whether the information will have practical utility; the accuracy of the Departments estimate of the burden of the proposed information collection; ways to enhance the quality, utility and clarity of the information to be collected; and ways to minimize the burden of the collection of information on respondents, including the use of automated collection techniques or other forms of information technology.

A Comment to OMB is most effective if OMB receives it within 30 days of publication.

#### SUPPLEMENTARY INFORMATION:

### National Highway Traffic Safety Administration

*Title:* 23 CFR part 1335 State Highway Safety Data and Traffic Records.

*OMB Number:* 2127-NEW.

*Type of Request:* New information collection.

*Abstract:* The Transportation Equity Act for the 21st Century, signed into law

on June 1998. Established a New Section 411, entitled State Highway Safety Data Improvements. Under this provision, states may qualify for incentive grant funds by adapting and implementing effective highway safety data and traffic records improvement programs which meet specified statutory criteria. The program identifies three basic records system components, all of which must be present if the state is to retrieve multiple-year grants: (1) A committee to coordinate the development and use of highway safety data and traffic records; (2) a systematic assessment of the state's highway safety data and traffic records; and, (3) a strategic plan for the continued improvement of highway safety data and traffic records.

*Affected Public:* Those state, local, and tribal government officials applying for incentive grant funds.

*Estimated Total Annual Burden:* 114.

*Comments are invited on:* Whether the proposed collection of information is necessary for the proper performance of the functions of the Department, including whether the information will have practical utility; the accuracy of the Departments estimate of the burden of the proposed information collection; ways to enhance the quality, utility and clarity of the information to be collected; and ways to minimize the burden of the collection of information on respondents, including the use of automated collection techniques or other forms of information technology.

A Comment to OMB is most effective if OMB receives it within 30 days of publication.
