

Certification Regarding Drug-Free Workplace Requirements (Instructions for Certification)

1. By signing and/or submitting this application or grant agreement, the grantee is providing the certification set out below.

2. The certification set out below is a material representation of fact upon which reliance is placed when the agency awards the grant. If it is later determined that the grantee knowingly rendered a false certification, or otherwise violates the requirements of the Drug-Free Workplace Act, the agency, in addition to any other remedies available to the Federal Government, may take action authorized under the Drug-Free Workplace Act.

3. For grantees other than individuals, Alternate I applies.

4. For grantees who are individuals, Alternate II applies.

5. Workplaces under grants, for grantees other than individuals, need not be identified on the certification. If known, they may be identified in the grant application. If the grantee does not identify the workplaces at the time of application, or upon award, if there is no application, the grantee must keep the identity of the workplace(s) on file in its office and make the information available for Federal inspection. Failure to identify all known workplaces constitutes a violation of the grantee's drug-free workplace requirements.

6. Workplace identifications must include the actual address of buildings (or parts of buildings) or other sites where work under the grant takes place. Categorical descriptions may be used (e.g., all vehicles of a mass transit authority or State highway department while in operation, State employees in each local unemployment office, performers in concert halls or radio studios).

7. If the workplace identified to the agency changes during the performance of the grant, the grantee shall inform the agency of the change(s), if it previously identified the workplaces in question (see paragraph five).

8. Definitions of terms in the Nonprocurement Suspension and Debarment common rule and Drug-Free Workplace common rule apply to this certification. Grantees' attention is called, in particular, to the following definitions from these rules:

Controlled substance means a controlled substance in Schedules I through V of the Controlled Substances Act (21 U.S.C. 812) and as further defined by regulation (21 CFR 1308.11 through 1308.15);

Conviction means a finding of guilt (including a plea of nolo contendere) or imposition of sentence, or both, by any judicial body charged with the responsibility to determine violations of the Federal or State criminal drug statutes;

Criminal drug statute means a Federal or non-Federal criminal statute involving the manufacture, distribution, dispensing, use, or possession of any controlled substance;

Employee means the employee of a grantee directly engaged in the performance of work under a grant, including: (i) All direct charge employees; (ii) All indirect charge employees unless their impact or involvement is insignificant to the performance of the grant; and, (iii) Temporary personnel and

consultants who are directly engaged in the performance of work under the grant and who are on the grantee's payroll. This definition does not include workers not on the payroll of the grantee (e.g., volunteers, even if used to meet a matching requirement; consultants or independent contractors not on the grantee's payroll; or employees of subrecipients or subcontractors in covered workplaces).

Certification Regarding Drug-Free Workplace Requirements

Alternate I (Grantees Other Than Individuals)

The grantee certifies that it will or will continue to provide a drug-free workplace by:

(a) Publishing a statement notifying employees that the unlawful manufacture, distribution, dispensing, possession, or use of a controlled substance is prohibited in the grantee's workplace and specifying the actions that will be taken against employees for violation of such prohibition;

(b) Establishing an ongoing drug-free awareness program to inform employees about—

(1) The dangers of drug abuse in the workplace;

(2) The grantee's policy of maintaining a drug-free workplace;

(3) Any available drug counseling, rehabilitation, and employee assistance programs; and

(4) The penalties that may be imposed upon employees for drug abuse violations occurring in the workplace;

(c) Making it a requirement that each employee to be engaged in the performance of the grant be given a copy of the statement required by paragraph (a);

(d) Notifying the employee in the statement required by paragraph (a) that, as a condition of employment under the grant, the employee will—

(1) Abide by the terms of the statement; and

(2) Notify the employer in writing of his or her conviction for a violation of a criminal drug statute occurring in the workplace no later than five calendar days after such conviction;

(e) Notifying the agency in writing, within 10 calendar days after receiving notice under paragraph (d)(2) from an employee or otherwise receiving actual notice of such conviction. Employers of convicted employees must provide notice, including position title, to every grant officer or other designee on whose grant activity the convicted employee was working, unless the Federal agency has designated a central point for the receipt of such notices. Notice shall include the identification number(s) of each affected grant;

(f) Taking one of the following actions, within 30 calendar days of receiving notice under paragraph (d)(2), with respect to any employee who is so convicted—

(1) Taking appropriate personnel action against such an employee, up to and including termination, consistent with the requirements of the Rehabilitation Act of 1973, as amended; or

(2) Requiring such employee to participate satisfactorily in a drug abuse assistance or

rehabilitation program approved for such purposes by a Federal, State, or local health, law enforcement, or other appropriate agency;

(g) Making a good faith effort to continue to maintain a drug-free workplace through implementation of paragraphs (a), (b), (c), (d), (e) and (f).

(B) The grantee may insert in the space provided below the site(s) for the performance of work done in connection with the specific grant:

Place of Performance (Street address, city, county, state, zip code)

Check if there are workplaces on file that are not identified here.

Alternate II (Grantees Who Are Individuals)

(a) The grantee certifies that, as a condition of the grant, he or she will not engage in the unlawful manufacture, distribution, dispensing, possession, or use of a controlled substance in conducting any activity with the grant;

(b) If convicted of a criminal drug offense resulting from a violation occurring during the conduct of any grant activity, he or she will report the conviction, in writing, within 10 calendar days of the conviction, to every grant officer or other designee, unless the Federal agency designates a central point for the receipt of such notices. When notice is made to such a central point, it shall include the identification number(s) of each affected grant.

I. Description

Legislative Authority: Title III of the Child Abuse Amendments of 1984 (Public Law 98-457, 42 U.S.C. 10401 *et seq.*) is entitled the "Family Violence Prevention and Services Act" (FVPSA). FVPSA was first implemented in FY 1986. The statute was subsequently amended by Public Law 100-294, the "Child Abuse Prevention, Adoptions, and Family Services Act of 1988;" further amended in 1992 by Public Law 102-295, the "Child Abuse, Domestic Violence, Adoption, and Family Services Act;" and then amended in 1994 by Public Law 103-322, the "Violent Crime Control and Law Enforcement Act." FVPSA was amended again in 1996 by Public Law 104-235, the "Child Abuse Prevention and Treatment Act (CAPTA);" in 2000 by Public Law 106-386, the "Victims of Trafficking and Violence Protection Act," and amended further by Public Law 108-36, the "Keeping Children and Families Safe Act of 2003." FVPSA was most recently amended by Public Law 109-162, the "Violence Against Women and Department of Justice Reauthorization Act of 2005" as amended by Public Law 109-271, which was enacted on August 17, 2006. FVPSA can be found at 42 U.S.C. 10401 *et seq.*

Background

The purpose of this legislation is to assist States and Tribes or Tribal organizations in supporting the establishment, maintenance, and expansion of programs and projects to prevent incidents of family violence and to provide immediate shelter and related assistance for victims of family violence and their dependents.

During FY 2007, the Department of Health and Human Services (HHS)

made 237 grants to States and Tribes or Tribal organizations. HHS also made 53 family violence prevention grant awards to non-profit State domestic violence coalitions.

In addition, HHS supports the Domestic Violence Resource Center Network (DVRN). DVRN consists of the National Resource Center for Domestic Violence (NRC) and four Special Issue Resource Centers (SIRCs). The four SIRCs are: the Battered Women's Justice Project, the Resource Center on Child Custody and Protection, the Resource Center for the Elimination of Domestic Violence Against Native Women (Sacred Circle), and the Health Resource Center on Domestic Violence. The purposes of NRC and the SIRCs are to provide resource information, training, and technical assistance to Federal, State, and Native American agencies; local domestic violence prevention programs; and other professionals who provide services to victims of domestic violence.

In February 1996, HHS funded the National Domestic Violence Hotline (Hotline) to ensure that everyone has access to information and emergency assistance wherever and whenever it is needed. The Hotline is a 24-hour, toll-free service that provides crisis assistance, counseling, and local shelter referrals for people across the country in need of assistance. Hotline counselors also are available for non-English speaking persons and for people who are hearing-impaired. The Hotline number is 1-800-799-SAFE (7233); the TTY number for the hearing impaired is 1-800-787-3224.

Client Confidentiality

FVPSA programs must establish or implement policies and protocols for maintaining the safety and confidentiality of adult victims of domestic violence and their children. It is essential that the confidentiality of individuals receiving FVPSA services be protected. Consequently, when providing statistical data on program activities and program services, individual identifiers of client records will not be used (section 303(a)(2)(E)).

The confidentiality provisions described at 42 U.S.C., section 13701, apply to programs funded under the Violence Against Women Act, as amended, including certain awards made under the Family Violence Prevention and Services Act. These confidentiality requirements were strengthened and clarified with the passage of the Violence Against Women Reauthorization Act of 2005, Public Law 109-162, as recently amended by Public Law 109-271. The revised confidentiality provisions impose

conditions regarding the disclosure of personally identifying information, confidentiality, information sharing, and compulsory release of information.

National Data Collection and Outcomes Measurement

The need to accurately communicate reliable and appropriate data that captures the impact of domestic violence prevention and intervention efforts and to provide shelters, States, Tribes and State Domestic Violence Coalitions with tools for self-assessment continues through FVPSA Program participation in the Documenting our Work (DOW) Initiative of the National Resource Center on Domestic Violence. In collaboration with our partners at the State FVPSA programs, State Domestic Violence Coalitions, Tribes and Tribal organizations, and experts on both data collection and domestic violence prevention issues, the effort to develop informative, succinct, and non-burdensome reporting formats continues. During FY 2007, in concert with State FVPSA administrators, State Domestic Violence Coalitions and local service providers, the FVPSA Program revised and defined the program services reporting components for recipients of FVPSA State Formula Grant funds.

In FY 2008, the FVPSA Program will work with Tribal representatives to assess the applicability of the proposed program reporting procedures and outcome measures for FVPSA Tribal grantees. Tribal representatives will be convened to examine current services and outcome reporting requirements and make recommendations to improve FVPSA Tribal grant performance reporting. Any recommended changes to reporting formats will be communicated through specifically designated workshops, adjunctive discussions at regularly occurring meetings, or through dissemination of program guidance.

General Grant Program Requirements for Tribes or Tribal Organizations

Definitions Tribes and Tribal organizations should use the following definitions in carrying out their programs. The definitions are found in section 320 of FVPSA.

Family Violence: Any act, or threatened act, of violence, including any forceful detention of an individual, which: (a) results or threatens to result in physical injury, and (b) is committed by a person against another individual (including an elderly person) to whom such person is, or was, related by blood or marriage, or otherwise legally related,

or with whom such person is, or was, lawfully residing.

Indian Tribe and Tribal organization: Have the same meanings given such terms in subsections (b) and (c), respectively, of section 4 of the Indian Self-Determination and Education Assistance Act.

Shelter: The provision of temporary refuge and related assistance in compliance with applicable State law and regulation governing the provision, on a regular basis, of shelter, safe homes, meals, and related assistance to victims of family violence and their dependents.

Related Assistance: The provision of direct assistance to victims of family violence and their dependents for the purpose of preventing further violence, helping such victims to gain access to civil and criminal courts and other community services, facilitating the efforts of such victims to make decisions concerning their lives in the interest of safety, and assisting such victims in healing from the effects of the violence. Related assistance includes:

(a) Prevention services such as outreach for victims and their children, assistance to children who witness domestic violence, employment training, parenting, and other educational services for victims and their children, preventive health services within domestic violence programs (including services promoting nutrition, disease prevention, exercise, and prevention of substance abuse), domestic violence prevention programs for school-age children, family violence public awareness campaigns, and violence prevention counseling services to abusers;

(b) Counseling with respect to family violence, counseling or other supportive services by peers individually or in groups, and referral to community social services;

(c) Transportation, technical assistance with respect to obtaining financial assistance under Federal and State programs, and referrals for appropriate health-care services (including alcohol and drug abuse treatment), but shall not include reimbursement for any health-care services;

(d) Legal advocacy to provide victims with information and assistance through the civil and criminal courts, and legal assistance; or

(e) Children's counseling and support services, child care services for children who are victims of family violence or the dependents of such victims, and children who witness domestic violence.

The Importance of Coordination of Services

The impacts of domestic violence include physical injury and death of primary or secondary victims, psychological trauma, isolation from family and friends, harm to children witnessing or experiencing violence in homes in which the violence occurs, increased fear, reduced mobility and employability, homelessness, substance abuse, and a host of other health and related mental health consequences. The physical and cultural obstacles existing in much of Indian country compound the basic dynamics of domestic violence. Barriers such as the isolation of vast rural areas, the concern for safety in isolated settings, and the transportation requirements over long distances heighten the need for the coordination of the services through an often limited delivery system. It is estimated that between 12 percent and 35 percent of injured women visiting emergency rooms are there because of battery. In a project intended to broaden the reach of the Native American domestic violence community, the Indian Health Service (IHS) and FVPSA have collaborated to oversee the development of domestic violence community projects. These projects are designed to develop improved health care responses to domestic violence and to facilitate collaboration between the local health care system and local American Indian and Alaskan Native domestic violence advocacy programs. In this effort, IHS also is collaborating with representatives of Mending the Sacred Hoop, Cangleska, Inc., and the Family Violence Prevention Fund to provide training, technical assistance, and oversight to the pilot projects.

To help bring about a more effective response to the problem of domestic violence, HHS urges Tribes and Tribal organizations receiving funds under this grant announcement to coordinate activities funded under this grant with other new and existing resources for the prevention of domestic violence.

Annual Tribal Grantee Conference

FVPSA grant administrators should plan to attend the annual Tribal Grantee Conference. Subsequent correspondence will advise the Tribal FVPSA Administrators of the date, time, and location of the grantee conference.

II. Funds Available

For FY 2008, HHS will make available for grants to designated State agencies 70 percent of the amount appropriated under section 310(a)(1) of the FVPSA, which is not reserved under section

310(a)(2). In this separate announcement, HHS will allocate 10 percent of the foregoing appropriation to Tribes and Tribal organizations for the establishment and operation of shelters, safe houses, and the provision of related services. HHS also plans to make 10 percent of the foregoing appropriation available to State domestic violence coalitions to continue their work within the domestic violence community by providing technical assistance and training and advocacy services, among other activities, with local domestic violence programs to encourage appropriate responses to domestic violence within the States.

Five percent of the amount appropriated under section 310(a)(1) of the FVPSA, which is not reserved under section 310(a)(2), will be available in FY 2008 to continue the support for the NRC and the four SIRC's. Additional funds appropriated under FVPSA will be used to support other activities, including training and technical assistance, collaborative projects with advocacy organizations and service providers, data collection efforts, public education activities, research and other demonstration projects, as well as the ongoing operation of the Hotline.

Native American Tribal Allocations

Native American Tribes and Tribal organizations are eligible for funding under this program if they meet the definition of "Indian Tribe" or "Tribal organization" at 25 U.S.C. 450b, and if they are able to demonstrate their capacity to carry out family violence prevention and services programs. Any Tribe that believes it meets the eligibility criteria should provide supportive documentation in its application and a request for inclusion on the list of eligible Tribes. (See *Section IV. Application Requirements for Tribes or Tribal Organizations.*)

In computing Tribal allocations, we will use the latest available population figures from the Census Bureau. Where Census Bureau data are unavailable, we will use figures from the Bureau of Indian Affairs' (BIA's) Indian Population and Labor Force Report.

Because section 304 of FVPSA specifies a minimum base amount for State allocations, we have set a base amount for Tribal allocations. Since FY 1986, we have found, in practice, that the establishment of a base amount has facilitated our efforts to make a fair and equitable distribution of limited grant funds. The funding formula for the allocation of family violence funds is as follows. Tribes that meet the application requirements and whose reservation and

surrounding Tribal Trust Lands' population is:

- less than or equal to 1,500 will receive a minimum base amount of \$1,500;
- between 1,501 and 3,000 will receive a minimum base amount of \$3,000;
- between 3,001 and 4,000 will receive a minimum base amount of \$4,000; and,
- between 4,001 and 5,000 will receive a minimum base amount of \$5,000.

The minimum base amounts are computed in relation to the Tribe's population and the progression of an additional \$1,000 per 1,000 persons if the population range continues until the Tribe's population reaches 50,000. Tribes with a population of 50,000 to 100,000 will receive a minimum of \$50,000 and Tribes with a population of 100,001 to 150,000 will receive a minimum of \$100,000.

Once the base amounts have been distributed to the Tribes that have applied for FVPSA funding, the ratio of the Tribe's population to the total population of all the applicant Tribes is then considered in allocating the remainder of the funds. We have accounted for the variance in actual population and scope of the FVPSA programs with the distribution of a proportional amount plus a base amount to the Tribes. In FY 2007, actual grant awards ranged from \$26,709 to \$2,337,036. Tribes are encouraged to apply for FVPSA funding as a consortium. Tribal consortia consist of groups of Tribes who agree to apply for and administer a single FVPSA grant with one Tribe or Tribal organization responsible for grant administration. In a Tribal consortium, the population of the Tribal Trust Land for all of the Tribes involved will be used to calculate the award amount.

Expenditure Periods

The FVPSA funds may be used for expenditures on and after October 1 of each fiscal year for which they are granted, and will be available for expenditure through September 30 of the following fiscal year, i.e., FY 2008 funds may be used for expenditures from October 1, 2007 through September 30, 2009. Funds are available for obligation only through September 30, 2008, and must be liquidated by September 30, 2009.

Reallotted funds, if any, are available for expenditure until the end of the fiscal year following the fiscal year that the funds became available for reallotment. FY 2008 grant funds that are made available to Tribes and Tribal

organizations through reallotment must be expended by the grantee no later than September 30, 2009.

III. Eligibility

Tribes and Tribal organizations are eligible for funding under this program if they meet the definition of "Indian Tribe" or "Tribal organization" set forth in section 450B of Title 25 and if they are able to demonstrate their capacity to carry out a family violence prevention and services program. Any Tribe or Tribal organization that believes it meets the eligibility criteria and should be included in the list of eligible Tribes should provide supportive documentation and a request for inclusion in its application. (See Application Content Requirements below.) Tribes may apply singularly or as a consortium. In addition, through the resolution submitted by a Tribe, a non-profit private organization (including faith-based and community organizations) may operate the grant project on behalf of the Tribe.

Additional Information on Eligibility

D-U-N-S Requirement

All applicants must have a D&B Data Universal Numbering System (D-U-N-S) number. On June 27, 2003, the Office of Management and Budget (OMB) published in the **Federal Register** a new Federal policy applicable to all Federal grant applicants. The policy requires Federal grant applicants to provide a D-U-N-S number when applying for Federal grants or cooperative agreements on or after October 1, 2003. The D-U-N-S number will be required whether an applicant is submitting a paper application or using the government-wide electronic portal, <http://www.Grants.gov>. A D-U-N-S number will be required for every application for a new award or renewal/continuation of an award, including applications or plans under formula, entitlement, and block grant programs, submitted on or after October 1, 2003.

Please ensure that the applicant has a D-U-N-S number. To acquire a D-U-N-S number at no cost, call the dedicated toll-free D-U-N-S number request line at 1-866-705-5711 or you may request a number on-line at <http://www.dnb.com>.

Certifications

All applications must submit or comply with the required certifications found in the Appendices as follows:

Anti-Lobbying Certification and Disclosure Form (See Appendix A): Applicants must furnish, prior to award, an executed copy of the SF–LLL, *Certification Regarding Lobbying*, when applying for an award in excess of \$100,000. Applicants who have used non-Federal funds for lobbying activities in connection with receiving assistance under this announcement shall complete a disclosure form, if applicable, with their applications (approved by OMB under control number 0348–0046). Applicants should sign and return the certification with their application.

Certification Regarding Environmental Tobacco Smoke (See Appendix B): The Pro-Children Act of 1994, 20 U.S.C. 7183, imposes restrictions on smoking in facilities where federally funded children's services are provided. HHS grants are subject to these requirements only if they meet the Act's specified coverage. The Act specifies that smoking is prohibited in any indoor facility (owned, leased, or contracted for) used for the routine or regular provision of kindergarten, elementary, or secondary education or library services to children under the age of 18. In addition, smoking is prohibited in any indoor facility or portion of a facility (owned, leased, or contracted for) used for the routine or regular provision of federally funded health care, day care, or early childhood development, including Head Start services to children under the age of 18. The statutory prohibition also applies if such facilities are constructed, operated, or maintained with Federal funds. The statute does not apply to children's services provided in private residences, facilities funded solely by Medicare or Medicaid funds, portions of facilities used for inpatient drug or alcohol treatment, or facilities where WIC coupons are redeemed. Failure to comply with the provisions of the law may result in the imposition of a civil

monetary penalty of up to \$1,000 per violation and/or the imposition of an administrative compliance order on the responsible entity.

Certification Regarding Drug-Free Workplace Requirements (See Appendix C): The signature on the application by the chief program official attests to the applicant's intent to comply with the Drug-Free Workplace requirements and compliance with the Debarment Certification. The Drug-Free Workplace certification does not have to be returned with the application. These certifications also may be found at http://www.acf.hhs.gov/grants/grants_resources.html.

Notification Under Executive Order 12372

The review and comment provisions of the Executive Order (E.O.) and Part 100 do not apply. Federally recognized Tribes are exempt from all provisions and requirements of E.O. 12372.

Applications should be sent to:

Family Violence Prevention and Services Program, Family and Youth Services Bureau, Administration on Children, Youth and Families, Administration for Children and Families, Attention: Marylouise Kelley, Portals One, 1250 Maryland Avenue, SW., Room 8215, Washington, DC 20024.

V. Approval/Disapproval of a Tribal or Tribal Organization Application

The Secretary of HHS will approve any application that meets the requirements of FVPSA and this announcement. The Secretary will not disapprove an application except after reasonable notice of the Secretary's intention to disapprove has been provided to the applicant and after a six-month period providing an opportunity for applicant to correct any deficiencies. The notice of intention to disapprove will be provided to the applicant within 45 days of the date of the application.

Failure to submit reports on time may be a basis for withholding grant funds, suspension, or termination of the grant. In addition, all funds reported after the obligation period will be recouped.

VII. Administrative and National Policy Requirements

Grantees are subject to the requirements in 45 CFR Part 74 (non-governmental) or 45 CFR Part 92 (governmental).

Direct Federal grants, sub-award funds, or contracts under this ACF

program shall not be used to support inherently religious activities such as religious instruction, worship, or proselytization. Therefore, organizations must take steps to separate, in time or location, their inherently religious activities from the services funded under this program. Regulations pertaining to the Equal Treatment for Faith-Based Organizations, which includes the prohibition against Federal funding of inherently religious activities, can be found at the HHS Web site at <http://www.hhs.gov/fbci/waisgate21.pdf>.

A faith-based organization receiving HHS funds retains its independence from Federal, State, and local governments and may continue to carry out its mission, including the definition, practice, and expression of its religious beliefs. For example, a faith-based organization may use space in its facilities to provide secular programs or services funded with Federal funds without removing religious art, icons, scriptures, or other religious symbols. In addition, a faith-based organization that receives Federal funds retains its authority over its internal governance, and it may retain religious terms in its organization's name, select its board members on a religious basis, and include religious references in its organization's mission statements and other governing documents in accordance with program requirements, statutes, and other applicable requirements governing the conduct of HHS funded activities.

Faith-based and community organizations may reference the "Guidance to Faith-Based and Community Organizations on Partnering with the Federal Government" at: <http://www.whitehouse.gov/government/fbci/guidance/index.html>.

Appendix B**Certification Regarding Environmental Tobacco Smoke**

Public Law 103-227, Part C Environmental Tobacco Smoke, also known as the Pro-Children Act of 1994 (Act), requires that smoking not be permitted in any portion of any indoor routinely owned or leased or contracted for by an entity and used routinely or regularly for provision of health, day care, education, or library services to children under the age of 18, if the services are funded by Federal programs either directly or through State or local governments, by Federal grant, contract, loan, or loan guarantee. The law does not apply to children's services provided in private residences, facilities funded solely by Medicare or Medicaid funds, and portions of facilities used for inpatient drug or alcohol treatment. Failure to comply with the provisions of the law may result in the imposition of a civil monetary penalty of up to \$1000 per day and/or the imposition of an administrative compliance order on the responsible entity. By signing and submitting this application the applicant/grantee certifies that it will comply with the requirements of the Act.

The applicant/grantee further agrees that it will require the language of this certification be included in any subawards which contain provisions for the children's services and that all subgrantees shall certify accordingly.

Appendix C**Certification Regarding Drug-Free Workplace Requirements**

This certification is required by the regulations implementing the Drug-Free Workplace Act of 1988: 45 CFR Part 76, Subpart, F. sections 76.630(c) and (d)(2) and 76.645(a)(1) and (b) provide that a Federal agency may designate a central receipt point for STATE-WIDE AND STATE AGENCY-WIDE certifications, and for notification of criminal drug convictions. For the Department of Health and Human Services, the central point is: Division of Grants Management and Oversight, Office of Management and Acquisition, Department of Health and Human Services, Room 517-D, 200 Independence Avenue, SW., Washington, DC 20201.

*Certification Regarding Drug-Free Workplace Requirements**(Instructions for Certification)*

1. By signing and/or submitting this application or grant agreement, the grantee is providing the certification set out below.

2. The certification set out below is a material representation of fact upon which reliance is placed when the agency awards the grant. If it is later determined that the grantee knowingly rendered a false certification, or otherwise violates the requirements of the Drug-Free Workplace Act, the agency, in addition to any other remedies available to the Federal Government, may take action authorized under the Drug-Free Workplace Act.

3. For grantees other than individuals, Alternate I applies.

4. For grantees who are individuals, Alternate II applies.

5. Workplaces under grants, for grantees other than individuals, need not be identified on the certification. If known, they may be identified in the grant application. If the grantee does not identify the workplaces at the time of application, or upon award, if there is no application, the grantee must keep the identity of the workplace(s) on file in its office and make the information available for Federal inspection. Failure to identify all known workplaces constitutes a violation of the grantee's drug-free workplace requirements.

6. Workplace identifications must include the actual address of buildings (or parts of buildings) or other sites where work under the grant takes place. Categorical descriptions may be used (e.g., all vehicles of a mass transit authority or State highway department while in operation, State employees in each local unemployment office,

performers in concert halls or radio studios).

7. If the workplace identified to the agency changes during the performance of the grant, the grantee shall inform the agency of the change(s), if it previously identified the workplaces in question (see paragraph five).

8. Definitions of terms in the Nonprocurement Suspension and Debarment common rule and Drug-Free Workplace common rule apply to this certification. Grantees' attention is called, in particular, to the following definitions from these rules:

Controlled substance means a controlled substance in Schedules I through V of the Controlled Substances Act (21 U.S.C. 812) and as further defined by regulation (21 CFR 1308.11 through 1308.15);

Conviction means a finding of guilt (including a plea of nolo contendere) or imposition of sentence, or both, by any judicial body charged with the responsibility to determine violations of the Federal or State criminal drug statutes;

Criminal drug statute means a Federal or non-Federal criminal statute involving the manufacture, distribution, dispensing, use, or possession of any controlled substance;

Employee means the employee of a grantee directly engaged in the performance of work under a grant, including: (i) All direct charge employees; (ii) All indirect charge employees unless their impact or involvement is insignificant to the performance of the grant; and, (iii) Temporary personnel and consultants who are directly engaged in the performance of work under the grant and who are on the grantee's payroll. This definition does not include workers not on the payroll of the grantee (e.g., volunteers, even if used to meet a matching requirement; consultants or independent contractors not on the grantee's payroll; or employees of subrecipients or subcontractors in covered workplaces).

Certification Regarding Drug-Free Workplace Requirements

Alternate I. (Grantees Other Than Individuals)

The grantee certifies that it will or will continue to provide a drug-free workplace by:

(a) Publishing a statement notifying employees that the unlawful manufacture, distribution, dispensing, possession, or use of a controlled substance is prohibited in the grantee's workplace and specifying the actions that will be taken against employees for violation of such prohibition;

(b) Establishing an ongoing drug-free awareness program to inform employees about—

(1) The dangers of drug abuse in the workplace;

(2) The grantee's policy of maintaining a drug-free workplace;

(3) Any available drug counseling, rehabilitation, and employee assistance programs; and

(4) The penalties that may be imposed upon employees for drug abuse violations occurring in the workplace;

(c) Making it a requirement that each employee to be engaged in the performance of the grant be given a copy of the statement required by paragraph (a);

(d) Notifying the employee in the statement required by paragraph (a) that, as a condition of employment under the grant, the employee will—

(1) Abide by the terms of the statement; and

(2) Notify the employer in writing of his or her conviction for a violation of a criminal drug statute occurring in the workplace no later than five calendar days after such conviction;

(e) Notifying the agency in writing within 10 calendar days after receiving notice under paragraph (d)(2) from an employee or otherwise receiving actual notice of such conviction. Employers of convicted employees must provide notice, including position title, to every grant officer or other designee on whose grant activity the convicted employee was working, unless the Federal agency has designated a central point for the receipt of such notices. Notice shall include the identification number(s) of each affected grant;

(f) Taking one of the following actions, within 30 calendar days of receiving notice under paragraph (d)(2), with respect to any employee who is so convicted—

(1) Taking appropriate personnel action against such an employee, up to and including termination, consistent with the requirements of the Rehabilitation Act of 1973, as amended; or

(2) Requiring such employee to participate satisfactorily in a drug abuse assistance or rehabilitation program approved for such purposes by a Federal, State, or local health, law enforcement, or other appropriate agency;

(g) Making a good faith effort to continue to maintain a drug-free workplace through implementation of paragraphs (a), (b), (c), (d), (e) and (f).

(B) The grantee may insert in the space provided below the site(s) for the performance of work done in connection with the specific grant:

Place of Performance (Street address, city, county, state, zip code)

Check if there are workplaces on file that are not identified here.

Alternate II. (Grantees Who Are Individuals)

(a) The grantee certifies that, as a condition of the grant, he or she will not engage in the unlawful manufacture, distribution, dispensing, possession, or use of a controlled substance in conducting any activity with the grant;

(b) If convicted of a criminal drug offense resulting from a violation occurring during the conduct of any grant activity, he or she will report the conviction, in writing, within 10 calendar days of the conviction, to every grant officer or other designee, unless the Federal agency designates a central point for the receipt of such notices. When notice is made to such a central point, it shall include the identification number(s) of each affected grant.
