[Docket No. 071106671–8010–02]

RIN 0648–XM87

Fisheries of the Exclusive Economic Zone Off Alaska; Pollock in Statistical Area 610 in the Gulf of Alaska

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Temporary rule; closure.

SUMMARY: NMFS is prohibiting directed fishing for pollock in Statistical Area 610 in the Gulf of Alaska (GOA). This action is necessary to prevent exceeding the A season allowance of the 2009 total allowable catch (TAC) of pollock for Statistical Area 610 in the GOA.

DATES: Effective 1200 hrs, Alaska local time (A.l.t.), January 22, 2009, through 1200 hrs, A.l.t., March 10, 2009.

FOR FURTHER INFORMATION CONTACT: Josh Keaton, 907–586–7228.

SUPPLEMENTARY INFORMATION: NMFS manages the groundfish fishery in the GOA exclusive economic zone according to the Fishery Management Plan for Groundfish of the Gulf of Alaska (FMP) prepared by the North Pacific Fishery Management Council under authority of the Magnuson–Stevens Fishery Conservation and Management Act. Regulations governing fishing by U.S. vessels in accordance with the FMP appear at subpart H of 50 CFR part 600 and 50 CFR part 679.

The A season allowance of the 2009 TAC of pollock in Statistical Area 610 of the GOA is 3,234 metric tons (mt) as established by the 2008 and 2009 harvest specifications for groundfish of the GOA (73 FR 10562, February 27, 2008) and inseason adjustment (74 FR 233, January 5, 2009).

In accordance with § 679.20(d)(1)(i), the Regional Administrator has determined that the A season allowance of the 2009 TAC of pollock in Statistical Area 610 of the GOA will soon be reached. Therefore, the Regional Administrator is establishing a directed fishing allowance of 3,200 mt, and is setting aside the remaining 34 mt as bycatch to support other anticipated groundfish fisheries. In accordance with § 679.20(d)(1)(iii), the Regional Administrator finds that this directed fishing allowance has been reached. Consequently, NMFS is prohibiting

directed fishing for pollock in Statistical Area 610 of the GOA.

After the effective date of this closure the maximum retainable amounts at § 679.20(e) and (f) apply at any time during a trip.

Classification

This action responds to the best available information recently obtained from the fishery. The Assistant Administrator for Fisheries, NOAA (AA), finds good cause to waive the requirement to provide prior notice and opportunity for public comment pursuant to the authority set forth at 5 U.S.C. 553(b)(B) as such requirement is impracticable and contrary to the public interest. This requirement is impracticable and contrary to the public interest as it would prevent NMFS from responding to the most recent fisheries data in a timely fashion and would delay the closure of pollock in Statistical Area 610 of the GOA. NMFS was unable to publish a notice providing time for public comment because the most recent, relevant data only became available as of January 20, 2009.

The AA also finds good cause to waive the 30-day delay in the effective date of this action under 5 U.S.C. 553(d)(3). This finding is based upon the reasons provided above for waiver of prior notice and opportunity for public comment.

This action is required by § 679.20 and is exempt from review under Executive Order 12866.

Authority: 16 U.S.C. 1801 *et seq.*

Dated: January 22, 2009.

Alan D. Risenhoover,
Director, Office of Sustainable Fisheries,
National Marine Fisheries Service.

RIN 0648–XM81

Fisheries of the Exclusive Economic Zone Off Alaska; Atka Mackerel in the Bering Sea and Aleutian Islands Management Area

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Temporary rule; closures and openings.

SUMMARY: NMFS is prohibiting directed fishing for Atka mackerel in the Eastern Aleutian District and the Bering Sea subarea of the Bering Sea and Aleutian Islands management area (BSAI) for vessels participating in the BSAI trawl limited access fishery. This action is necessary to prevent exceeding the 2009 A season total allowable catch (TAC) of Atka mackerel in these areas for vessels participating in the BSAI trawl limited access fishery. NMFS is also announcing the opening and closing dates of the first and second directed fisheries within the harvest limit area (HLA) in Statistical Areas 542 and 543. These actions are necessary to conduct directed fishing for Atka mackerel in the HLA in areas 542 and 543.

DATES: The effective dates are provided in Table 1 under the **SUPPLEMENTARY INFORMATION** section of this temporary action.

FOR FURTHER INFORMATION CONTACT:

Mary Furuness, 907–586–7228.

SUPPLEMENTARY INFORMATION: NMFS manages the groundfish fishery in the BSAI exclusive economic zone according to the Fishery Management Plan for Groundfish of the Bering Sea and Aleutian Islands Management Area (FMP) prepared by the North Pacific Fishery Management Council under authority of the Magnuson–Stevens Fishery Conservation and Management Act. Regulations governing fishing by U.S. vessels in accordance with the FMP appear at subpart H of 50 CFR part 600 and 50 CFR part 679.

The 2009 A season TAC of Atka mackerel for vessels participating in the BSAI trawl limited access fishery in the Eastern Aleutian District and the Bering Sea subarea was established as 244 metric tons (mt) by the final 2008 and 2009 harvest specifications for groundfish in the BSAI (73 FR 10160, February 26, 2008) and as posted as the 2009 Allocations at <http://alaskafisheries.noaa.gov/sustainablefisheries/amds/80/2009allocationtables.pdf>.

In accordance with § 679.20(d)(1)(i) and (d)(1)(ii)(B), the Administrator, Alaska Region, NMFS (Regional Administrator), has determined that 244 mt of the 2009 A season Atka mackerel TAC for vessels participating in the BSAI trawl limited access fishery in the Eastern Aleutian District and the Bering Sea subarea will be necessary as incidental catch to support other anticipated groundfish fisheries. Therefore, the Regional Administrator is establishing a directed fishing

allowance of 0 mt. In accordance with § 679.20(d)(1)(iii), the Regional Administrator finds that this directed fishing allowance has been reached. Consequently, NMFS is prohibiting directed fishing for Atka mackerel in the Eastern Aleutian District and the Bering Sea subarea for vessels participating in the A season BSAI trawl limited access fishery.

In accordance with § 679.20(a)(8)(iii)(C), the Regional Administrator is opening the first directed fisheries for Atka mackerel within the HLA in areas 542 and 543, 48 hours after prohibiting directed fishing for Atka mackerel in the Eastern Aleutian Island District and the Bering Sea subarea. The Regional Administrator has established the

opening date for the second HLA directed fisheries as 48 hours after the last closure of the first HLA fisheries in either area 542 or 543. Consequently, NMFS is opening and closing directed fishing for Atka mackerel in the HLA of areas 542 and 543 in accordance with the periods listed under Table 1 of this notice.

TABLE 1. EFFECTIVE DATES AND TIMES

Action	Area	Effective Date ¹	
		From	To
Closing Atka Mackerel for vessels participating in the BSAI trawl limited access fishery	Eastern Aleutian District (541) and the Bering Sea subarea	1200 hrs, January 20, 2009	1200 hrs, September 1, 2009
Opening the first and second directed fishery in the HLA for the Amendment 80 cooperative	542	1200 hrs, January 22, 2009	1200 hrs, February 3, 2009
	543	1200 hrs, February 5, 2009	1200 hrs, February 17, 2009
Opening the first and second directed fishery in the HLA for vessels participating in the Amendment 80 limited access sector	542 and 543	1200 hrs, January 22, 2009	1200 hrs, February 1, 2009
	542 and 543	1200 hrs, February 3, 2009	1200 hrs, February 13, 2009
Opening the first directed fishery in the HLA for the vessel participating in the BSAI trawl limited access sector	542	1200 hrs, January 22, 2009	1200 hrs, February 3, 2009

¹Alaska local time

In accordance with § 679.20(a)(8)(iii)(A) and § 679.20(a)(8)(iii)(B), vessels using trawl gear for directed fishing for Atka mackerel have previously registered with NMFS to fish in the HLA fisheries in areas 542 and 543. NMFS has randomly assigned each vessel to the directed fishery or fisheries for which they have registered. NMFS has notified each vessel owner as to which fishery each vessel has been assigned by NMFS (74 FR 1946, January 14, 2009) and in an upcoming (January 2009, RIN 0648-XM68) correction. The correction's publication date and page number are unknown at this time.

In accordance with the final 2008 and 2009 harvest specifications for groundfish in the BSAI (73 FR 10160, February 26, 2008) and correction (73 FR 47559, August 14, 2008), and § 679.20(a)(8)(ii)(C)(1), the HLA limits of the A season allowance of the 2009 TACs in areas 542 and 543 are 2,943 mt and 2,179 mt, respectively, for vessels participating in the Amendment 80 limited access fishery. The HLA limits of the A season allowance of the 2009 TACs in areas 542 and 543 are 1,941 mt

and 1,355 mt, respectively, for Amendment 80 cooperatives. The HLA limit of the A season allowance of the 2009 TAC in area 542 is 203 mt for the BSAI trawl limited access vessel. In accordance with § 679.20(a)(8)(iii)(E), the Regional Administrator has established the closure dates of the Atka mackerel directed fisheries in the HLA for areas 542 and 543 based on the amount of the harvest limit and the estimated fishing capacity of the vessels assigned to the respective fisheries. Consequently, NMFS is prohibiting directed fishing for Atka mackerel in the HLA of areas 542 and 543 in accordance with the dates and times listed in Table 1 of this notice.

After the effective dates of these closures, the maximum retainable amounts at § 679.20(e) and (f) apply at any time during a trip.

Classification

This action responds to the best available information recently obtained from the fishery. The Assistant Administrator for Fisheries, NOAA, (AA) finds good cause to waive the requirement to provide prior notice and

opportunity for public comment pursuant to the authority set forth at 5 U.S.C. 553(b)(B) as such a requirement is impracticable and contrary to the public interest. This requirement is impracticable and contrary to the public interest as it would prevent NMFS from responding to the most recent fisheries data in a timely fashion and would delay the closure of the Atka mackerel fishery in the Eastern Aleutian District and the Bering Sea subarea for vessels participating in the BSAI trawl limited access fishery and the opening and closing of the fisheries for the HLA limits established for area 542 and area 543 pursuant to the 2009 Atka mackerel TAC. NMFS was unable to publish a notice providing time for public comment because the most recent, relevant data only became available as of January 14, 2009. The AA also finds good cause to waive the 30-day delay in the effective date of this action under 5 U.S.C. 553(d)(3). This finding is based upon the reasons provided above for waiver of prior notice and opportunity for public comment.

This action is required by § 679.20 and is exempt from review under Executive Order 12866.

Authority: 16 U.S.C. 1801 *et seq.*

Dated: January 15, 2009.

Emily H. Menashes,
Acting Director, Office of Sustainable Fisheries, National Marine Fisheries Service.

Fisheries of the Exclusive Economic Zone Off Alaska; Pollock in Statistical Area 630 in the Gulf of Alaska

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Temporary rule; closure.

SUMMARY: NMFS is prohibiting directed fishing for pollock in Statistical Area 630 in the Gulf of Alaska (GOA). This action is necessary to prevent exceeding the A season allowance of the 2009 total allowable catch (TAC) of pollock for Statistical Area 630 in the GOA.

DATES: Effective 1200 hrs, Alaska local time (A.l.t.), January 22, 2009, through 1200 hrs, A.l.t., March 10, 2009.

FOR FURTHER INFORMATION CONTACT: Josh Keaton, 907–586–7228.

SUPPLEMENTARY INFORMATION: NMFS manages the groundfish fishery in the GOA exclusive economic zone according to the Fishery Management Plan for Groundfish of the Gulf of Alaska (FMP) prepared by the North Pacific Fishery Management Council under authority of the Magnuson–Stevens Fishery Conservation and Management Act. Regulations governing fishing by U.S. vessels in accordance with the FMP appear at subpart H of 50 CFR part 600 and 50 CFR part 679.

The A season allowance of the 2009 TAC of pollock in Statistical Area 630 of the GOA is 2,503 metric tons (mt) as established by the 2008 and 2009 harvest specifications for groundfish of the GOA (73 FR 10562, February 27, 2008) and inseason adjustment (74 FR 233, January 5, 2009).

In accordance with § 679.20(d)(1)(i), the Regional Administrator has determined that the A season allowance of the 2009 TAC of pollock in Statistical Area 630 of the GOA will soon be reached. Therefore, the Regional Administrator is establishing a directed fishing allowance of 2,400 mt, and is setting aside the remaining 103 mt as bycatch to support other anticipated groundfish fisheries. In accordance with § 679.20(d)(1)(iii), the Regional Administrator finds that this directed fishing allowance has been reached. Consequently, NMFS is prohibiting directed fishing for pollock in Statistical Area 630 of the GOA.

After the effective date of this closure the maximum retainable amounts at § 679.20(e) and (f) apply at any time during a trip.

Classification

This action responds to the best available information recently obtained from the fishery. The Assistant Administrator for Fisheries, NOAA (AA), finds good cause to waive the requirement to provide prior notice and opportunity for public comment pursuant to the authority set forth at 5 U.S.C. 553(b)(B) as such requirement is impracticable and contrary to the public interest. This requirement is impracticable and contrary to the public interest as it would prevent NMFS from responding to the most recent fisheries data in a timely fashion and would delay the closure of pollock in Statistical Area 630 of the GOA. NMFS was unable to publish a notice providing time for public comment because the most recent, relevant data only became available as of January 20, 2009.

The AA also finds good cause to waive the 30-day delay in the effective date of this action under 5 U.S.C. 553(d)(3). This finding is based upon the reasons provided above for waiver of prior notice and opportunity for public comment.

This action is required by § 679.20 and is exempt from review under Executive Order 12866.

Authority: 16 U.S.C. 1801 *et seq.*

Dated: January 22, 2009.
