

Type of Review: Extension of a currently approved collection.

Respondents: Business or other for-profit.

Number of Respondents: 510 respondents; 510 responses.

Estimated Time Per Response: 500 – 6,056 hours.

Frequency of Response: Recordkeeping requirements.

Obligation to Respond: Mandatory. Statutory authority for this collection of information is contained in 47 U.S.C. sections 151, 152, 154, 201, 202, 251, 271, 272, and 303(r).

Total Annual Burden: 310,560 hours.

Total Annual Cost: N/A.

Privacy Act Impact Assessment: N/A.

Nature and Extent of Confidentiality: This is a recordkeeping requirement. There is no need for confidentiality.

Need and Uses: The Commission will submit this expiring information collection to the Office of Management and Budget (OMB) during this comment period in order to obtain the full three year clearance from them. There is no change in the recordkeeping requirement. However, there is a significant change in the Commission's burden estimates. The burden for this information collection increased by 250,000 hours and the estimated cost in the previous submission has been eliminated. The burden hour increase is due to 500 additional respondents and re-estimates of the burden calculations.

Section 64.1903 imposes recordkeeping requirements on independent local exchange carriers (LECs). Independent LECs wishing to offer international, interexchange services must comply with the separate affiliate requirements of the Competitive Carrier Fifth Report and Order in order to do so. One of these requirements is that independent LEC's international, interexchange affiliate must maintain books of account separate from such LEC's local exchange and other activities. This regulation does not require that the affiliate maintain books of account that comply with the Commission's Part 32 rules; rather, it refers to the fact that as a separate legal entity, the international, interexchange affiliate must maintain its own books of account in the ordinary course of its business.
