The collection of bonds or cash deposits and suspension of liquidation will be revised accordingly and parties will be notified of this determination, in accordance with section 733(d) and (f) of the Act.

#### International Trade Commission Notification

In accordance with section 733(f) of the Act, we have notified the International Trade Commission (“ITC”) of our amended preliminary determination. If our final determination is affirmative, the ITC will make its final determination as to whether the domestic industry in the United States is materially injured, or threatened with material injury, by reason of imports of certain lined paper products, or sales (or the likelihood of sales) for importation, of the subject merchandise within 45 days of our final determination.

This determination is issued and published in accordance with sections 733(f) and 777(i)(1) of the Act and 19 CFR 351.224(e).

Dated: January 30, 2008.

**David M. Spooner,**

*Assistant Secretary for Import Administration.*

#### Raw Flexible Magnets From Taiwan: Postponement of Preliminary Determination of Antidumping Duty Investigation

**AGENCY:** Import Administration, International Trade Administration, Department of Commerce.

**EFFECTIVE DATE:** February 7, 2008.

#### FOR FURTHER INFORMATION CONTACT:

Kristin Case or Catherine Cartos, AD/CVD Operations, Office 5, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue, NW., Washington, DC 20230; telephone: (202) 482–3174 and (202) 482–1757, respectively.

#### SUPPLEMENTARY INFORMATION:

##### Postponement of Preliminary Determination

On October 11, 2007, the Department of Commerce (the Department) initiated the antidumping duty investigation of raw flexible magnets from Taiwan. See *Notice of Initiation of Antidumping Duty Investigations: Raw Flexible Magnets from the People's Republic of China and Taiwan*, 72 FR 59071 (October 18, 2007). The notice of initiation stated that the Department would issue its preliminary determinations for this investigation no later than 140 days after the date of issuance of the initiation (e.g., February 28, 2008), in accordance with section 733(b)(1)(A) of the Tariff Act of 1930, as amended (the Act).

On January 16, 2008, the petitioner, Magnum Magnetics Corporation, made a timely request pursuant to 19 CFR 351.205(e) for a postponement of the preliminary determination with respect to Taiwan. The petitioner requested postponement of the preliminary determination in order to allow the Department additional time to address several complex issues such as the appropriate model-matching characteristics.

For the reason identified by the petitioner and because there are no compelling reasons to deny the request, the Department is postponing the deadline for the preliminary determination with respect to Taiwan under section 733(c)(1)(A) of the Act by 50 days to April 18, 2008. The deadline for the final determination will continue

to be 75 days after the date of the preliminary determination, unless extended.

This notice is issued and published pursuant to section 733(c)(2) of the Act and 19 CFR 351.205(f)(1).

Dated: January 31, 2008.

#### Revocation of Antidumping Duty Orders on Stainless Steel Bar From France, Germany, Italy, South Korea, and the United Kingdom and the Countervailing Duty Order on Stainless Steel Bar From Italy

**AGENCY:** Import Administration, International Trade Administration, Department of Commerce.

**SUMMARY:** On February 1, 2007, the Department of Commerce (“the Department”) initiated sunset reviews of the antidumping duty (“AD”) orders on stainless steel bar (“SSB”) from France, Germany, Italy, South Korea, and the United Kingdom; and the countervailing duty (“CVD”) order on SSB from Italy. See *Initiation of Five-Year (“Sunset”) Reviews*, 72 FR 4689 (February 1, 2007). Pursuant to section 751(c) of the Tariff Act of 1930, as amended (“the Act”), the International Trade Commission (“ITC”) determined that revocation of these orders would not be likely to lead to continuation or recurrence of material injury to an industry in the United States within a reasonably foreseeable time. See *Stainless Steel Bar From France, Germany, Italy, Korea, and The United Kingdom*, 73 FR 5869 (January
